SEND IN THE NEWS

One of the things that ought to become a fixed habit is that of sending The Tribune the news items that you know of, tell us of your news and any neighborhood or other items that will be of interest to your self, your neighbor or your friends. Above all, be early. Never wait till the last minute to send in an item that can be sent in early. But if it is the last minute send it in anyway. Better late than never, even if we have to wait till next week to publish it. Everything that happens in town or surrounding country is news and more important to us than an earthquake in Japan.

Plantation Jubilee Singers Popular Chautauqua Attraction

The Plantation Jubilee Singers, colored singing organization of note, will be heard at the coming Dominion Chautauqua in splendid programs ranging from rollicking plantation melodies to religious hymns or spirituals. The Plantation Jubilee Singers have appeared with great success before representative audiences everywhere. They are educated people and trained musicians who represent the best attainments of their race. The music which they will feature here is that of the American negro. It was conceived during the old plantation days in the United States. This type of music possesses a rhythm and melody found perhaps in the music of no other race. Negro folk songs and plantation airs are familiar to everyone. The programs of the Plantation Jubilee Singers will contribute greatly to the enjoyment of Chautauqua audiences here.

STOUFFVILLE: CHAUTAUQUA, JULY 9th to 12th

VIVIAN
(Too late for last week)
Mrs. A. Goodhead from Boon Ave. Toronto, is visiting Mrs. A. Baker. Mrs. Stanton and children from Peterboro are spending a few days with her parents.
Mrs. Walker who has been in very poor health during many years of the past had a very serious setback of late while staying with her daughter in Oshawa. Mrs. Walker is hardly expected to regain her health sufficiently to return to Vivian.
The unusual long string of cars that passed here last Thursday through the sandy ruts was an announcement to us that the County Council was visiting this neighborhood. We believe the main object of their visit to us was that every member of the council, after winding up on their business, should personally see the reforestation grounds, as nearly all the cars turned into the old Hollidge property to look over the plantation. We most sincerely hope that the council by viewing over the surrounding blow hills and the pitifully neglected roads around here came to the conclusion that it would be a pity to see a considerable section of the Township of Whitechurch going desolate, while the reforestation will be a sure remedy to prevent such a fact.
Some nine years ago two Toronto Real Estate Companies bought around here many hundreds of acres of land. This land was then divided up into 5 acre lots or so, near to that amount as possible. During those years many people have bought off those lots with the idea of building thereon a future home. It would appear to us again that many city people have at times strong inclinations to leave the city and its burdens and settle in the open country, where there is plenty of air and freedom. However, we consider it a deplorable fact that so many tried this and that practically none of them succeeded. We believe that city folks who intend to do farming and gardening, etc. need more advice than that with which they generally come out from the city to try it on the land. It would be far from us to maintain that all who had a trial here on the land were ignorant of agricultural life, but we also have seen people come out here early in the spring, plant potatoes, beans and other garden stuff in some open spot of blowsand on their lot, and then go back to the city to expect at the end of the season a more than ordinary crop, but alas, they would only find again the same bare spot of ground as they first found it. Of course, all the farmers enemies that are in nature had combined together, to destroy the scanty crops as soon as they would appear above ground. We wonder sometimes whether there are actually many people in the cities who are yearning for the land to make a living there, what our government could and would do to help such parties along. Would it not be possible for our government to rouse again in the minds of our Canadian people a desire for an agricultural life? There is nothing so deplorable in our mind as to see people undertake to make a living on the land and then see them again hike back to the city for some reason or other, because "they could not make it go."
Of the two above companies we mentioned was, especially the firm Stephens Co., Toronto, who bought here a large area, comprising about 600 acres. This company sold those subdivided lots of 5 acres at \$50 per acre, at very easy terms of \$2.00 per month, plus interest. The dealings of this Real Estate Co. were by no means unfair towards their customers. Now we learned of late from reliable source that this Company has offered a good deal of this land to the County for the purpose of reforesting the same. We now do hope that a sale will be effected and every acre of it made useful again by reforestation.

FOURTH LINE UXBRIDGE
(Too late for last week)
Robert Beeby visited at Andrew Ashenhurst's on Sunday.
Earl Cook had the misfortune to hurt his foot severely on Friday last.
Charles Derusha of U.S.A. visited at Mr. and Mrs. John Collins' on Tuesday.
Donald Rawson spent Dominion day at Pickering and then also at Markham to play football.
Mr. and Mrs. Orval Roach and children spent Sunday at Mr. and Mrs. H. Roach's, sr. at Goodwood.
Wm. Carruthers and Miss Hill of Toronto and others, visited at their nieces, Mrs. Ross Watson's on Saturday.
Our football fans all took in the sports on Dominion day at Stouffville, others at Pickering and Markham.
Robert Willison is spending his holidays at his parents, Wm. Willison's, after an absence of three years in British Columbia.
Robert Rawson and Mr. Harold Dickinson, our local bandmen spent July 1st playing with Claremont band at Markham.
Mr. and Mrs. Reuben Rawson spent Dominion day renewing acquaintances with friends from Toronto and other points at the Claremont club.
We are very sorry to report that Miss Viola Alsop of the Third line is suffering with a very severe attack of the mumps. We hope for a very speedy recovery.
Miss V. Moase and Hartley Rodman of Sonva spent Sunday at Mr. and Mrs. R. Rawson's and returned home with their sister, Miss Ruth Moase, our school teacher, for her holidays at Sonva.
The Union picnic of the Fourth Fifth and Sixth Line schools was postponed on account of rain from Friday until Saturday of last week, when not much better weather prevailed, but the crowd seemed intent on not having both days ruined, so they had an old fashioned picnic just the same.

GOODWOOD
Mr. and Mrs. Albert Gammon of Uthoff was at Mr. R. Wirdar over the week end.
Mrs. Dankert of Toronto visited at Mr. W. T. Robinson's over the week end.
Mr. Fred Watson, wife and family of Toronto, spent a few days with his sister, Mrs. Woodland.
Mr. and Mrs. Dempster and son Frank and Mr. and Mrs. Courtney, motored from Toronto, July 1st and spent a very pleasant time with their aunt, Mrs. Bluelman.
The play given by the Mount Albert young people last Friday night was a great success, the house being filled to overflowing, some unable to gain admittance. One grand feature about the actors every one spoke out well and could be heard quite distinctly, only occasionally when the audience got a little noisy at some of the jokes, especially those in the northwest corner, which occasionally disturbed the attentive listeners.
B. E. Beebe supplies any kind of sections or knife heads for mowers or binders.

PROMOTION EXAMS.
ATHA SCHOOL REPORT

LOCAL AGENT

THE MUTUAL LIFE AND CITIZENS ASSURANCE COMPANY, LIMITED
(OF AUSTRALIA)
Head Office Montreal. Assets over \$80,000,000.00
THE FINAL ANALYSIS
The premiums charged by life insurance companies vary, so also do their bonuses. Of paramount concern to those about to insure their lives, is the net cost of such insurance. In the case of a whole life policy issued from the Ordinary Branch of the Mutual Life and Citizens' Assurance Company Limited, (of Australia) the net cost works out thus: (Assume a \$10,000 life policy, 10 years in force issued at age 40).
ANNUAL PREMIUMS \$327.00
REVERSIONARY BONUS FOR ONE YEAR 320.00
CASH VALUE OF YEAR'S BONUS 153.60
NET COST FOR ONE YEAR 173.40
The Company gives a guarantee on all its Ordinary Branch policies that the expenses charged to the policyholders in any year shall not exceed 15 per cent of the Ordinary Branch income for that year. For the year 1922 the expense rate was 8.9 per cent of the income. The saving through economical management accrues in great part to the benefit of the policyholders.
LOWEST NET COST INSURANCE IN THE WORLD
