EDITORIAL COMMENT

No girl ever gets so deeply in love that she forgets to discover whether her nose is shiny.

Show me a man who makes no mistakes and I will show you a man who doesn't do things.—Theodore Roosevelt.

Farm labor in western Canada is reported to be moving east in search of employment in Ontario, according to the Farm Department of the Employment Service of Canada. There is a steady demand for men and wages are better than in the western provinces.

Just as was expected, the King Government has decided to shelve the Home Bank depositors' case for this year. The committee reported that the depositors had no legal claim to assistance and the Prime Minister intimated that the matter would be considered at the opening of the next session. This was merely raising false hopes and it would be better for all concerned had a straight answer been given.

The different celebrations on July 12th were fine expositions of the success of the Ontario Temperance Act. In the old days of the open bar the crowds would have been very different. Some of the older citizens can remember Orange celebrations when a considerable percentage did not live up to the high principles of the order in the matter of temperance. The good behavior of crowds all over this year was notable.

Its a Great Life.

If the average newspaper man is a liar he generally lies to protect his community. If a boy goes out into the world and gets into trouble, the home newspaper says he was a good boy until he got away into bad company. If the town's tightwad who hugged the pennies to his bosom in life dies, the newspaper throws a mantle over him and says he hated wastefulness and that his hate for useless spending made him over-careful for his investments and his charities. If the town gossip dies he carefully avoids referring to her outstanding weakness, and tells how she visited the sick and afflicted and winds up by saying she was a good neighbor. If the home team goes away from home and gets the daylight whipped out of them, the paper tells the unsuspecting world that the team was made of second string players. The truth isn't a liar from choice. The editor struggles in his family breast the same as it does in the village preacher, but the pride of his community makes him a trembling rabbit—and he lies to save the local pride of the town. Still—it's a great life if you don't weaken.—Trail News.

It has been said that sport is not necessary to any place that it degrades rather than builds up the participants, that it does not improve the mind. The person who said these things was probably an Arts Professor in some girls' school or one of those absent-minded persons who put the cat to bed then threw himself out the back door. Did you ever hear anything else about Orangeville, besides the fact that they had a good lacrosse team? How about Forest? What about the Soo, Owen Sound and many other places that have put themselves on the map through sports. These towns realize that the best way to keep their town in the lime-light is to make a top-notch in sport. Not only that, but it keeps the young blood of the town interested and attracts others. It helps them get rid of a certain amount of superfluous energy that would probably be used in some way where they would not derive any benefit, more likely an injury. Sport to-day is scientific. It is organized and a team to make a showing must be organized. It means that the individual player must heed his signals, must take initiative, think quickly and be a sport. Practice keeps him out of many pranks that he would otherwise be up to if he did not have something useful to take up his time. It therefore has a tendency to make men and women out of those who participate. To look at it from that standpoint, to be in sport is selfish. Sport is the quickest and one of the most effective ways to get a town on the map. This year Bracebridge won the Senior League championship, pictures of the team were shown on the cinema screen in nearly every town in Canada.—Huntsville Forester.

BIG DEMONSTRATION AT BARRIE

The County of Simcoe Firemen's Association will hold a big demonstration at Barrie, Wednesday, Aug. 5th. A monster parade will leave the fire-hall at 1 p.m. with seven bands and the following fire brigades: Midland, Penetang, Coldwater, Camp Borden, Alliston, Barrie. \$1500 in prizes will be given for the following events:—Hose reel contest, ladder contest, coupling contest, best dressed brigade on parade, 100 yard open race, half-mile open race, best decorated automobile, best decorated bicycle by boy or girl, best clown in parade and many other special events. The evening performance will consist of a grand illuminated band tattoo, a magnificent display of fireworks by the famous Hand Co., the finest exhibition of fireworks ever attempted in Barrie; and a big firemen's ball in the armouries with special music.

DISTRICT DOINGS

Letters of administration on the estate of Robert Mackie, farmer of Markham, were granted to his widow, Sophronia. Estate amounted to \$7,729, personal \$1,729, real \$6,000 widow, seven sons and five daughters inherit.

Bills are out announcing Richmond Hill's annual field day and Civic holiday on Monday, August 4th. The program of sports will include baseball, girls soft ball, foot ball, volley ball and races for juveniles. Band in attendance. There will be an open-air dance in the evening.

Oshawa is to celebrate an Old Home Week from August 3rd to 9th. A large number of invitations have been issued to former residents and it is expected that the city will be overflowing with visitors. A program is being arranged for each day of the week so that the Old Boys and Girls are assured of some good entertainment.

The town of Port Perry has about completed the laying of their new cement road, which will be equal to a mile and one-sixth, 18 feet wide—or 12,500 square yards. The Star, the town's advertising medium says, "That the life of the new road is estimated at 25 years and they sincerely hope that it will live up to the estimator's expectations."

The Perennial and Sweet Pea Show of the Aurora Horticultural Society, held in the Market Hall on Saturday, July 19th, was a second success for the season. There were over one hundred and forty-nine entries in the thirty-one classes, despite the fact that many perennials were almost spent or ruined by Wednesday's rain and that sweet peas in most gardens are just budding.

The Orillia Packet vouches for the following: "A Barrie mother who cannot read very well has a daughter in Toronto who cannot write very well. There was great excitement on the street when the mother circulated the news that Mary had been robbed; but the excitement somewhat abated when a neighbor read the letter and discovered that Mary merely had been bobbed."

Florence L. Pitts, widow, of Aurora, left an estate of \$27,493 personal \$24,843; real \$2,550. After bequests of \$200 each to three sisters and \$100 to one of them for a purpose I will communicate to her personally; and \$100 to the St. Vincent de Paul Society, testator instructs that her estate be divided between her two sons, William James and John Matthew.

L. G. Armstrong, a farmer of this vicinity, while unloading hay at his farm about a mile from Unionville, fell from the car he was using and broke his neck. It is stated that the rope broke as he was pulling the car back into position, throwing him violently backward to the ground. Mr. Armstrong was forty-five years of age. He was predeceased by his wife five years, and leaves two daughters and one son. There was a large Masonic funeral to Knox church cemetery, Agincourt, last Tuesday.

The Public Library Field Day and garden party which was to have been held at Agincourt on Wednesday, the 16th, but which had to be postponed on account of the wet weather, was held on Saturday afternoon and evening, the 19th inst. and proved a very successful and enjoyable affair both financially and otherwise. There were upwards of 500 present and the receipts were over \$300. After all expenses were deducted the Board expect to have at least \$160 to add to the building fund that they are raising for the erection of a new library building in the near future.

Word was received at Pickering on Tuesday of the sudden death of George J. Blandin, formerly of Pickering township, at his home at Peoria, Ill. Born on the sixth concession of Pickering township 65 years ago, the late Mr. Blandin was a member of an old pioneer's family which farmed in that district for many years. But as a young man he left Ontario and went to Illinois. He is survived by three brothers, Dr. Willard Blandin, Toronto, formerly of Markham, John of Toronto and A. J. of Peoria and two sisters, Mrs. VanHorn, of Markham Township and Mrs. (Dr.) Wells, formerly of Aurora and now of Peoria.

After holding two very strenuous sessions the Uxbridge Town Council have decided to pave Brock street, their main street. After considerable discussion the tender of Mr. Lindsay Malcolm of Kingston of \$28,151.00 plus reinforcing steel and gravel for a seven inch roadway was accepted. It is expected that work will be started this week. The Provincial Government portion of the road will be approximately \$13,000; Uxbridge Town will issue debentures for \$25,000 for ten years. To retire these debentures it will be necessary to raise the sum of \$3315 per year; for this purpose the County Council has guaranteed a yearly grant of \$1326 and the yearly expenditures on the roads to be benefited by the new work has averaged in the neighborhood of \$1200, so that the extra amount required by the town over and above what is now being raised is approximately \$789, of which there will be a considerable portion paid by the property-holders in the three blocks on the Main st. for the extra widening in front of their business places.
