

New Things Are "News"

Every member of every family in this community is interested in the news of the day. And no items are read with keener relish than announcements of new things to eat, to wear or to enjoy in the home.

You have the goods and the desire to sell them. The readers of "The Tribune" have the money and desire to buy. The connecting link in Advertising.

Give the people the good news of new things at advantageous prices. They look to you for this (store news) and will respond to your messages. Let us show that.

The Mutual Life and Citizens' Assurance Company, Limited

(OF AUSTRALIA)

Head Office Montreal

Assets over \$80,000,000.00

THE FINAL ANALYSIS

The premiums charged by life insurance companies vary; so also do their bonuses. Of paramount concern to those about to insure their lives, is the net cost of such insurance. In the case of a whole life policy issued from the Ordinary Branch of the Mutual Life and Citizens' Assurance Company, Limited, (of Australia) the net cost works out thus: (Assume a \$10,000 life policy, 10 years in force issued at age 40)

ANNUAL PREMIUMS	\$327.00
REVERSIONARY BONUS FOR ONE YEAR	320.00
CASH VALUE OF YEAR'S BONUS	153.60
NET COST FOR ONE YEAR	173.40

The Company gives a guarantee on all its Ordinary Branch policies that the expenses charged to the policyholders in any year shall not exceed 15 per cent. of the Ordinary Branch income for that year. For the year 1922 the expense rate was 8.9 per cent. of the income. The saving through economical management accrues in great part to the benefit of the policyholders.
