SPENT LONG LIFE IN THIS LOCALITY

In the death of Christian Stouffer on Sunday last, August 10th, 1924 almost the oldest native born citizen of this section passed away to the Great Beyond. The late Mr. Stouffer was born on the farm now occupied by Mr. David Rusnell, over 55 years ago, and he had lived continuously in this locality ever since. Although widely known, the late Mr. Stouffer never took any public office, but his services were often sought. He was of United Empire Loyalist stock, and a man of strong constitution and exemplary character. For more than 30 years he was a class leader in the Methodist church. About ten years ago his life partner, whose maiden name was Jane Macklen, died, and since that time he lived with his children. The funeral took place on Tuesday to Dixon Hill church and cemetery, from the residence of his daughter, Mrs. Jesse Cook, of White church. Of a family of eight children, seven survive, namely: Wellington, Andrew and Edward Stouffer, Mrs. Jesse Cook, Mrs. George Barkey, Ringwood, Christian M. of Toronto, and David L. of Ringwood. The last mentioned son resides on the homestead on the rear of the 8th concession, Whitechurch. One sister, Mrs. Henry Woodburn, Aurora and two brothers, David Stouffer, of Toronto and Simeon Stouffer of Stouffville, also survive.

COUNCIL APPOINTS TAX COLLECTOR

All the members were present for the August meeting of the Stouffville corporation council on Monday evening this week. Reeve J. S. Dougherty presided.

A communication from the Hydro Electric Power Commission instructed the council as to the course to take in raising the debentures, for \$2800, the cost of completing the new hydro lines and extensions in Stouffville.

Messrs. John Hodgson and T. W. Kinck, representing the Horticultural Society requested the council to become a member, which was done on the payment of \$1.00.

An offer was received from Leslie Rowbotham for the purchase of the old electric light building. No action taken.

Mr. Harry Perry was again appointed as tax collector for the current year at the usual salary of \$75.

The four lots purchased as a dumping ground came under discussion. It was suggested that a suitable hedge be planted around the property and that proper regulations for dumping be handed to the people. The depositing of vegetable matter of any kind is prohibited. Under this heading the slaughter house in the south end came in for some criticism. Dr. Dales stated that unless the Board of Health takes action to have the alleged nuisance removed, it is up to the council to appeal to the Provincial Department of Health.

SUNDAY DROWNING AT MUSSELMAN'S

A drowning accident occurred at Musselman's Lake here on Sunday evening last at six o'clock, when Leslie Harper, aged 20 years, a Toronto youth, went down in the presence of many onlookers.

Harper along with two companions, was in a punt. When they reached a point about 500 yards from the shore, the three boys who were in bathing suits, dived from the boat into the water. In their enjoyment they evidently did not notice that the punt was drifting from them with the breeze. Exhausted, the three headed for a canoe in the vicinity, but Harper sank before reaching it.

Two other boats within halting distance headed for the scene of the trouble, but were too late. A pick-nicker on the beach swam out and dived several times in an effort to recover the body of Harper, but was unsuccessful. A member of the Toronto Lifeguard who is camping at Musselman's, prepared a dragging apparatus, but it was not until Tuesday a.m. that the body was recovered and taken to the lad's home in Toronto.

DISTRICT DOINGS

Stratford has a record potato hill, in which were found 81 potatoes, 12 of them as large as an egg.

The fall wheat is all cut and is a splendid crop in this section. Yields up to 40 bushels to the acre have been reported. But much of the crop is still stooked in the fields and it is feared the heavy rains and humid weather of the past week will cause it to sprout. The pros, however, promise us a fine spell of weather for a few days, when all will be in the barn.

A peculiar accident happened on Yonge Street, north, Tuesday last week, a man and his wife and family were driving in a sedan when a bee flew in one of the windows and lit on one of the children who screamed in fright. The man, who was driving the car, turned to see what the matter was and lost control of the car, which ran on the Metropolitan tracks in front of a radial car. The auto was badly damaged, but fortunately none of the occupants were hurt beyond a bad shaking up and the shock. How they escaped death is a miracle.

Death came with startling suddenness to Mrs. Jane Boyer, relict of the late A. W. Mackay of Claremont. Mrs. Mackay was born on the old Boyer homestead on the seventh concession of Pickering 73 years ago. She was twice married, in 1868 to Alexander Taylor, who died in 1882, to this issue was born two sons and two daughters who survive her, Dougald of Sault Ste. Marie, Mrs. Tamblay of Rochester, N. Y., Mrs. Comba of Toronto, and David of Claremont. In 1884 she married the late Adam W. Mackay who predeceased her two years ago. She is also survived by two brothers and two sisters, Joseph of Detroit, Mrs. McKay of Toronto, Mrs. Jas. B. Madill and Ira of Claremont.

All over the western part of Ontario, the inspectors have been busy and reports are noticed in several weekly papers of infractions against egg Act, more particularly the section in regarding to buying. In Kent County committees have been formed for the purpose of circulating petitions against the Act and they declare that 75 per cent. of the grocers in that county have already signed the petition and by the end of the month 95 per cent. of the names will be on the list. This will be presented to the Dominion Government.

There is nothing in our Canadian currency that is so confusing as the new nickel 5c piece. It is really a nuisance, and should be recalled. The Beaverton Express uses this language regarding it: “For a real heart-breaking nuisance there is nothing to outdo the new nickel five-cent piece. Why this infernal bother has been inflicted upon an innocent public has not been revealed. As a promoter of profanity and other non-Christian virtues it has no equal. You innocently pass it for a quarter and the recipient brands you for a ‘beat’. You receive it as a quarter and you are filled with disgust at the smallness of the individual who palmed it on you. The collection plates are filled with obnoxious coin which the faithful pass to the Lord's treasury as quarters. The thing has no virtues and no friends.”

POULTRY FANCIERS ARE SENTENCED

The poultry stealing epidemic in the Township of Uxbridge, Pickering and Markham was finally disposed of at Uxbridge on Wednesday afternoon of last week, when Messrs. M. Staley, Ross Reaman and M. Tindall, all farm laborers located on farms east of Stouffville, were arrested by Constable Pennock and County Constable H. O. Taylor of Whiteby, and brought before Magistrate Hamilton of Uxbridge, who gave the accused a speedy trial. Staley and Reaman were tried on five different charges, namely of stealing 50 hens from George Coates 12 from James Coates, and 7 from Roland Winn, all farmers on the Uxbridge and Pickering townline, 5 hens from the old Bassett property on the 10th concession and 4 hens from John Pallister's townline. On these charges they were found guilty and Staley sentenced to two years at Burwash, and Reaman to one year at the same place. Tindall being implicated in the stealing of five hens from the Bassett farm was fined \$15 and costs, or three months imprisonment. He paid the fine, amounting to about \$45.

The business-like action on the part of the local Felon Association, the police and magistrate in dealing with this case will no doubt have a salutary effect on chicken thieving in the neighborhood affected, where the trouble had been going on for a long time. Several other persons in the Township of Pickering are under suspicion for similar offences, and against whom action may be taken.

SPECIAL AUDIT OF MARKHAM TWP.

Despite the fact that a petition has been in circulation for a month or more, asking for signatures for an audit into the accounts of the clerk and treasurer of Markham township, little progress had apparently been made.

At the request of the department at the Parliament Buildings it was stated that the petition had not reached there. Councillor Clarry of Markham township, is the member of council to father the movement, while the other members of council strongly oppose the suggestion of any audit of the municipal accounts other than that hitherto in vogue.

Auditorium will reopen on Saturday evening the 16th, with a high class picture. Watch for billboards.

EDITORIAL COMMENT

The British Treasury must be reaping big sums from the sale of intoxicant liquor throughout the United Kingdom. We found from enquiry while there that of the \$3 paid for a bottle of whiskey, one shilling goes to the manufacturer, one shilling to the retailer, and the remainder, (\$2.50) is imposed as taxation.

Toronto undertakers are advertising special bargains for funerals, and for the first time, no doubt, in the history of Canada, or any other country for that matter, specially reduced prices were offered the public in last Saturday's Herald. We don't know whether this will result in the cemeteries being filled up more quickly or not.

While no official word has been received, there is a strong feeling that there will be a change in the school text books for the third and fourth grades next year. The public school speller and hygiene textbooks also become obsolete if the changes suggested are carried out. There will be no changes this coming term according to the information received in London, but the first of the year readers, spellers and hygiene books will pass out to make way for new publications. At the same time, High School German grammars and German readers will become obsolete, though no explanation for this move is given. The high school English grammar and arithmetic will also be revised. Revision of teachers' manuals at an early date is reported, but no announcement is contained in departmental advice of immediate changes. The noted public school geography, issued just a year or so ago, and of which so much criticism was offered, is now reported to have been partially corrected and in constant use during the school terms.

Phone No. 195 for reservation to Markham by jitney next Saturday. Fare only 35c.
