BLOOMINGTON

A motor accident occurred here on Sunday which caused a mild excitement for a time. A young man from Toronto named A. Winnick, who is employed in the York Knitting Mills was driving a peculiar shaped speed car, and when the front tire blew out the wheel buckled, pitching the car and occupants to the ditch with considerable force. Medical attention was summoned from Stouffville and the lad fixed up and sent home, with no serious results. The ever increasing traffic on our main roads makes this place a busy one on a Sunday, and thus the accidents and drownings continue. One thing is sure, a person will not be in danger of either of these misfortunes, if he or she is attending the good old Sabbath worship.

Mr. Vincent Wagg of Bloomington and Miss Viola Stapleton of Stouffville, spent Sunday at Mrs. G. Maye's.

Mrs. Bluman had a slight operation performed on her shoulder in the manner of a cancer cut out on Monday, and is now able to be around again.

Things are beginning to look as if we are going to have a baker in town in the person of Mr. Terry of Uxbridge, who we believe has rented a house in Goodwood, and expects to move here soon.

Mr. Frank Leggett, wife and son of Toronto, accompanied by Mrs. Chas. Wiley and daughter of St. Catharines, and Miss Elsie Johnson of Stouffville, spent the week end with Mrs. Calvin Stafford and daughter, Mrs. Geo. Maye.

Our Leaguers reported a good time on their picnic to Sharon and Jackson's Point, Thursday last, but oh, when they got home and the next day many of them were so sick they wished they hadn't gone. We cannot say what was the cause, but perhaps it was someone trying the miracle of making water into wine with disastrous results.

LOCK UP ALL YOUR COWS WITH ONE LEVER!

Let me show you the newest ideas in barn equipment.

The Gilson people of Guelph have started making Barn Equipment! And believe me, they've got out some revolutionary ideas! Their Steel Stalls and Automatic Stanchions are the neatest outfits I've ever seen. Strong, sturdy, clean. Make a dairy barn look as efficient as a modern factory. You can lock up any number of cows from two to fifty by simply throwing one lever! Release 'em just the same way—all together. I'd like to show you what comfort, cleanliness and convenience is built into these stalls. In addition, I'd like to show you pictures, too, of some real bull and calf pens. Gilson's have a wonderful water system. Makes a lot of difference to the amount of milk you get if cows can get water when they want it—at the right temperature. Let me tell you about their gravity or automatic, sanitary Water Bowls. And to get that mean job of stable cleaning done to the easiest form, the Gilson Self-Dumping Litter Carrier is a marvel. Raised and lowered with ease. A clean, quick way of handling a very necessary job. Let me show you some mighty interesting pictures. Before you equip your barn it will pay you to see me.
