

COMPULSORY ARBITRATION ACCEPTED BY BRITAIN, WITH ONE PROVISO

When British Navy is Once Engaged in the Task of Restoring Peace, League Control Must be Set Aside—Special Naval Conference Dropped.

A despatch from Geneva says: Great Britain dramatically dropped a naval bomb into the Geneva Conference on Thursday and the new Anglo-French entente was apprised by many as approaching the character of an out-and-out alliance, when Sir Cecil Hurst, eminent jurist, and British delegate, declared Great Britain's readiness to accept compulsory arbitration, provided she would not be brought into court because of some act of her navy performed in attempting to maintain or restore peace.

This declaration has set Geneva agog more than anything since Premiers MacDonald and Herrick committed themselves in principle to the settlement of any and all disputes by obligatory arbitration by some world tribunal or tribunals.

The British reservation was interpreted as meaning that once the British Navy begins to operate, her right of search and capture, which formed the subject of controversy between the United States and Britain before the United States entered the Great War, cannot be questioned juridically.

The effect of the announcement is

DAMAGING FLOODS IN QUEBEC VICINITY

Four Days' Rain Sweeps Town of St. Raymond and St. Francis River Valley.

A despatch from Quebec says: Fed by four days of almost continuous rain, rivers in this district and the Eastern Townships are raging floods, and are doing huge damage.

The Town of St. Raymond was reported to be very badly affected, the lower portion of the town being under water. The power plant at Portneuf is badly damaged. There is a series of washouts reported on the main line of the Canadian National Railways to Murray Bay, and trains going to Chaudière had to go round by St. Pierre. Many cattle and sheep are said to have been swept away by the flood, and a number of valuable log booms have broken from their moorings and have gone adrift.

At St. Albans the house of a farmer named George Neaud was carried away by the flood, and only for the fact that the majority of the residents of the district had spent a sleepless night watching developments, loss of life might have been recorded. Work completed on some of the highways has been rendered useless by the sweep of water, and the damage in this respect is particularly severe.

Early Thursday morning the climax of the flood seemed to have been reached, and at noon there were distinct signs of improvement.

A despatch from Sherbrooke says:—The St. Francis River Valley through many miles of its length in this section is under water, in some districts to a depth of six or seven feet, as a result of the deluge of rain which poured down without a single break from Tuesday until midnight Thursday night. Bridges have been carried away, lumber yards are floating, fields of unharvested crops flooded, and innumerable buildings, factories and dwelling houses and store sheds flooded with water up to the first floor. Older residents of the city state that the level of the water now is higher than it has been for thirty years. During the rainstorm a total of 3.25 cubic inches fell.

A later despatch from Quebec says:—Floods from heavy rains have caused widespread damage in the Province of Quebec on both sides of the St. Lawrence. Baie St. Paul, located on the Canadian National Railways' Murray Bay line, has suffered frightful damage. The vicinity has an appearance of devastation such as comes only after an earthquake or other great disaster. Damage to the little village and the immediate neighborhood is heavy in material wealth, hundreds of the inhabitants being ruined, while the Provincial Government and municipalities throughout the neighborhood are suffering by the sweeping away of bridges. In some cases the currents of water have been so heavy and so strong that bridges have been completely crumpled up and destroyed.

The trail of disaster followed similar catastrophes below Quebec and in the Eastern Townships, because of the flooding of the rivers from the heavy rains. It is estimated that in the Village of Baie St. Paul alone the damage caused will reach \$300,000. There was one fatality, that of a middle-aged man named Arthur Dore, a farmer with 14 children, who died from shock following the destruction of his house by the flood.

Poor of All Countries Provided With Free Legal Aid

A despatch from Geneva says:—The first League Commission devoted to the examination of legal questions adopted the report of a sub-commission providing free legal aid to the poor of all countries, regardless of nationality. This was on motion of the chairman, Sir Littleton Groom, Attorney-General of Australia.

that if the British reservation is accepted by the other powers, Continental countries will not only get economic help from Britain as part of the proposed pact of security or sanctions, but also the full and immense support of the British Navy in case any country, in defiance of an arbitral decision, opens hostilities and attacks another State.

Sir Cecil Hurst declared the British reservation was not a Machiavellian subterfuge. In times past there has existed an idea that Great Britain was the tyrant of the seas. Yet, he said, the British delegation was only seeking to discover some method whereby the great cause of organized peace and security could be advanced on terms assuring progress.

All idea of holding a special Conference to extend the principles of the Washington Naval Treaty to non-signatory States has been dropped. The Disarmament Sub-Commission decided that, in view of the likelihood of a general Disarmament Conference, such a Naval Conference would be unnecessary.

Capt. the Hon. Alexander Ramsay, Husband of Princess Patricia, has been appointed commander of H.M.S. Calcutta, now at Quebec.

SERGEANT-AT-ARMS CALLED BY DEATH

Late Frederick J. Glackmeyer Was Picturesque Figure in Ontario Public Life.

Toronto, Sept. 15.—Frederick Joseph Glackmeyer, aged 81 years and four months, for more than 56 years Sergeant-at-Arms of the Ontario Legislature, died suddenly yesterday at his residence in the Parliament Buildings. The death of Mr. Glackmeyer will come as a shock to a very large circle of friends and acquaintances throughout Canada. He was a picturesque figure in the political life of Ontario and enjoyed the confidence of Parliamentarians to a very marked degree. The veteran Sergeant-at-Arms had been confined to his room more or less since the close of the last session of the Legislature. He had frequent weak spells which compelled him to remain in his quarters at the Queen's Park.

Mr. Glackmeyer had the distinguished honor of being the Dean of Sergeant-at-Arms of the British Empire, and in 1916 His Majesty King George conferred upon him the honor of the Order of the Imperial Star. He was the first and only Sergeant-at-Arms since the creation of the Ontario Legislature and officiated during the sessions of fifteen Legislatures, serving under eight Premiers, thirteen Lieutenant-Governors and fourteen Speakers.

Canada May Look Forward to Yearly Visit from the Prince

A despatch from London says:—Canada is to have the privilege of welcoming the Prince of Wales every year, according to the London Star. The Star says: "Despite circumstantial reports to the contrary, it may be taken for settled that when the Prince of Wales has visited South Africa next year he will bring his wandering in distant parts of the world to a close for some years. While there is no doubt he would like to visit certain parts of South America, the demands upon his time at home are likely to become increasingly heavy in future, so that he will be kept almost constantly engaged in England. The bright exception will be a visit of a few weeks every year to his Canadian ranch."

During the four months of April, May, June and July a total of 18,870 Canadians returned to Canada from the United States. Of this total 16,166 were Canadian-born citizens, 1,646 were British subjects who had acquired a Canadian domicile, and 1,053 were classed generally as Canadian citizens. In July alone the total number of admissions of returning Canadians recorded at the International Boundary line was 5,127.

Here is the type of Chinese soldiers now marching in Shanghai, China, in an effort to control that commercial city. British, American, Japanese and French warships are there to protect foreign interests.

The Week's Markets

TORONTO.

Man. wheat—No. 1 North, \$1.44; No. 2 North, \$1.40; No. 3 North, \$1.36.

Good calves, \$9 to \$10.50; lambs, \$100

lb. or better, \$9.50; light, \$8.50; se-

lects, \$10.25.

Quebec's Blind Musician Will Take Course in Paris

Montreal, Sept. 15.—Gabriel Cus-

son, the blind musician who won the

Province of Quebec scholarship for

music, will sail from here on Wednes-

day on the S.S. Minnedosa, to under-

take a three years' course of study in

Paris.

Dominion News in Brief

Charlottetown, P.E.I.—A live fox conditions to which the men of North and fur show, open to the world, is now Europe are accustomed and in to be held in Charlottetown in 1925, which Scandinavian settlers have according to a decision reached here made a success, are to be found by the Silver Black Fox Breeders' Association at their annual meeting. The

Fort William, Ont.—Governor J. A. Preus, of Minnesota, in Fort William recently, predicted an immense inasmuch as the island was the cradle of the fox industry its capital tourist traffic into Northern Ontario was the proper place for the holding as soon as the highway from Port Arthur to Nipigon is completed. The road is a few miles from the world famous trout stream, connecting here with the highways into the United States.

Winnipeg, Man.—An order for 5,000 boxes, containing 56 pounds each, of creamy butter has been received by Manitoba from England. The value of the shipment is approximately \$100,000 and will be the second consignment of unsalted butter to be exported overseas from this province. Saskatchewan, Sask.—World famous chemists and botanists, leaders in the attack upon the scientific problem vital to western agriculture, witness the formal opening of the University of Saskatchewan by the premier of the province.

Edmonton, Alta.—More than one hundred and fifty traders from the far north arrived here recently bringing with them fur bales to the value of approximately \$500,000. Victoria, B.C.—The Prince of Wales was a heavy winner at the Victoria Fall Fair through entries from the E. P. Ranch. Twelve first prizes were secured in the shorthorn classes of cattle; in addition to twelve firsts for Hampshire sheep and three firsts in Shropshires.

TWO QUESTIONS BEFORE ONTARIO ELECTORS

Plebiscite on the Temperance Question Arranged for October 23.

A despatch from Toronto says:—The liquor plebiscite to be held on October 23rd next will ask two questions of the Ontario electors. It will ask in the first place if the voter is in favor of the continuance of the Ontario Temperance Act, and it will further ask if the voter is in favor of the sale of beer and spirituous liquor in sealed packages under Government control.

These queries were framed yesterday by the Ontario Government, following an entire day spent upon consideration of the Temperance Act issue. The exact text of the two questions is:

"(1) Are you in favor of the continuance of the Ontario Temperance Act?"

"(2) Are you in favor of the sale as a beverage of beer and spirituous liquor in sealed packages under Government control?"

In explanation of the spirit in which these queries were framed by the Government, the Prime Minister made the following statement in announcing them:

"The first consideration of a Government in its legislation and in the administration thereof must always be the moral and the material progress and welfare of the people it serves. The greatest force in the securing of law observance and the suppression of crime and the elimination of distress is public opinion. The purpose of the plebiscite is to secure from the people such an expression of opinion as will enable the Government to adopt such measures as will have behind them the fullest possible public approval and support."

"The Ontario Temperance Act as amended and strengthened from time to time during the past eight years is now the governing principle in the handling of our liquor problem. It is obvious, therefore, that the first inquiry must be directed to ascertaining if the people desire to continue the principle of this law. One of the questions, therefore, will be: 'Are you in favor of the continuance of the Ontario Temperance Act?' If the majority answer in the affirmative there can be no doubt as to the course to be followed."
