EDITORIAL COMMENT

About 150 pupils are in attendance this year at Markham High School.

Apparently it is not safe to leave clothes on the line over night in Newmarket. On Monday night last some person, who has neither the fear of the law nor the breaking of the eighth commandment, carried off clothes and bedding that were hanging out to dry. Constable Kirk has been suspicious.

Mr. J. J. Morrison, secretary of the United Farmers of Ontario, stated Monday that the Association had ceased to exist as a political organization. The U.F.O., Mr. Morrison declared, is out of politics in accordance with a resolution passed at the last meeting held in Massey Hall some time ago.

Record Crops.—Freeman Ramer, the well known thresher of North Markham, told the Economist and Sun that he had threshed over thirty thousand bushels of grain so far this season—a great deal of it fall wheat—and that he had yet to see any sprouted grain. Mr. Ramer says the yield of all kinds of grain is exceptionally good, much of the wheat running from 30 to over 40 bushels per acre, while oats and barley yields were much above the average.

After incurring a lot of legal expense, T. W. Underwood and Thos. Hargrave, the two citizens who entered action at Osgoode Hall to restrain the trustees of the Markham High School from going on with the expenditure of \$15,000 in the improvement of the building, have failed to submit further evidence and the original plan to go ahead with the repairs will be immediately proceeded with. The costs in the case, which have not been made known up to the present, will be borne by Messrs. Underwood and Hargrave, the net result being the holding back of repairs, which are said to be absolutely necessary if the school is to retain its present standing. Twenty new pupils have been registered and the accommodation is altogether inadequate while the heating system proposed to be installed is urgently needed. The trustees are contemplating action against certain men over charges preferred and which are said to have been of a serious nature.

COUNTY TEMPERANCE WORKERS ORGANIZE

Temperance workers in York County met at Newmarket last Saturday afternoon to effect a county organization to work during the coming fight on the liquor question.

Brief addresses were given by Mayor J. M. Walton of Aurora and Rev. Ben. Spence of Toronto. Chairmen, were appointed for the different municipalities, and they with the president and secretary will form the executive. The organization officers were appointed as follows: Chairman, Henry Sennett; Secretary, R. N. Wilkinson. Municipal representatives: King, Henry Hamby; Aurora, J. T. Spalding; Newmarket, Dr. C. A. Ames; Whitchurch, M. L. Starr; North Gwillimbury, R. A. Hamilton; Georgina, J. Moore; Holland, Landing, G. T. Thompson; E. Gwillimbury, Rev. Dunlop; Sutton, John King; Stouffville, Jacob Bowdway.

Those in attendance at the meeting from Stouffville were Revs. R. Young, McLeod, Coulter and Morton. Many others were prevented from going owing to Saturday being a busy day in town, and also the day of the rural school fair.

NOT YET REJOICING

The Government control for Ontario is not to be like that of Quebec or British Columbia, we are told. The form of the second question submitted to the electors indicates that it is to be something similar to the Manitoba system. Government control went into force in Manitoba on Sept. 22, 1923. In the 85 days to Dec. 31, 1923, the province drew in profits for the sale of liquor \$516,000. In the same period on the same liquor as an added burden of taxes under the same system the province paid out to the Dominion taxes totalling \$664,000.

Nobody in Manitoba is yet rejoicing over the way in which his taxes have been reduced.

And the people in a very hard season paid for the privilege of drinking this liquor \$1,506,000, and the grocer and the baker and the butcher and the shoemaker, had to go without their pay, or the families had to suffer want.
