LOCK UP ALL YOUR COWS WITH ONE LEVER!

Let me show you the newest ideas in barn equipment.

The Gilson people of Guelph have started making Barn Equipment! And believe me, they've got out some revolutionary ideas!

Their Steel Stalls and Automatic Stanchions are the finest outfits I've ever seen. Strong, sturdy, clean. Make a dairy barn look as efficient as a modern factory. You can lock up any number of cows from two to fifty by simply throwing one lever! Release 'em just the same way—all together. I'd like to show you what comfort, cleanliness and convenience is built into these stalls.

In addition, I'd like to show you pictures, too, of some real bull and calf pens. Gilson's have a wonderful water system. Makes a lot of difference to the amount of milk you get. If cows can get water when they want it—at the right temperature. Let me tell you

about their gravity or automatic, sanitary Water Bowls. And to get that mean job of stable cleaning done to its easiest form, the Gilson Self-Dumping Litter Carrier is

a marvel. Raised and lowered with ease. A clean, quick way of handling a very necessary job. Let me show you some mighty interesting pictures. Before you equip your barn it will pay you to see me.

GORMLEY

A quite widely known farmer of Whitechurch, passed away here on Thursday of last week in the person of Daniel Shaffer in his 81st year. The deceased had for the past ten years lived with his daughter, Mrs. Robt. Mead, on the 5th concession, south of Gormley. Mr. Shaffer was a native of Whitechurch, being born at lot 5, concession 5, on the farm on which his father, located nearly a century ago, when much of this section was a mere wilderness. Here he lived until he and his good wife went to live with Mrs. Mead. He is survived by three children, Mrs. R. Mead, Mrs. Peter Brillinger of Gormley and A. B., store keeper at Bethesda, who still owns the homestead, and by his life partner now over 90 years of age, but still quite bright. The late Mr. Shaffer was a man of powerful physique, in his more youthful days weighing over 200 pounds, and at the time of his passing his weight was 250 pounds. The funeral on Saturday to Heise Hill cemetery was conducted by Rev. Len Hoover and D. W. Heise of the Tunker church.

RHINO Rubber Footwear is Guaranteed Better Value

Every pair of RHINO Rubber Footwear is guaranteed to be free from defects in workmanship and material.

The guarantee tag which goes with every pair means that RHINO Rubber Footwear is better—in quality of rubber and linings, as well as in the way it is made. It stands the hardest kind of wear because there is extra strength wherever there is extra strain. This footwear is made from RHINO RUBBER—the toughest and most wear-resisting that Science has yet discovered—which will wear up to twice as long as ordinary rubber. When you need Rubber Footwear of any kind, let us fit you with RHINO.
