### EDITORIAL COMMENT

When small business methods are held up to ridicule, the farmer or small town man is usually pointed to as the object of such tactics, but the smallest and cheapest trick we ever heard of being enacted is that of the man who when pulling down a salary of nearly \$1500 a month, (the salary of the average man for a year) bought an overcoat at the expense of his employer to make a business trip to Europe with F. A. Gaby, chief engineer of the Hydro Electric Power Commission, was the man who got the coat and the big salary too. Joseph's coat of many colors for the time being is pushed into a state of obscurity, while Gaby's coat of hydro fame holds the centre of interest.

Says the Cobourg Sentinel Star:—  
 "This week 59 of the weanling Shetland ponies at Pontiac Stock Farm were sold to John Miller of Ashburn. When Mr. Miller arrived to take the ponies to Ashburn, he only had one man to help drive the ponies there, and they started along the front road for Whitby. At the Kingston Crossing the ponies got on the tracks as the fier was coming along and the gatekeeper had to stop the train else about fifty of the ponies would have been killed. The ponies then ran up the lane leading north from the Kingston Crossing, and at the base line separated, half going east and half going west. Owing to not having enough men three of the ponies were not rounded up. When he got home he only having 56 of the 59 of those he started out with."

Armistice Day in France was witnessed by one of the most terrible parades in history when 25,000 disabled war veterans marched through Paris and sought an interview with the Mayor of Paris on the question of unemployment. Heading the parade were legless men, one of whom was carried by his wife, next came a small army of one-legged men, followed by the armless and one-armed. Bringing up the rear were the blind, the men whose features were terribly mutilated, and the stretcher cases—men unable to walk but carried along by their comrades. Thousands of people saw this parade—and wept. There was no cheering. It was, probably the most effective advertisement against war ever made.

Barrie Examiner:—In a suit over a contract for Christmas trees, heard before Judge Vance this week, it was shown that 4000 of these trees had been shipped from Tay Township, and the value of these was estimated at from ten to twenty-five cents per tree. This is but one of many shipments of trees that have been made in Ontario. It is amazing that the Government should allow this destruction of the potential forest wealth of this province. Last week's Examiner told of two million plants at the Midhurst forestry station ready to be set out in an effort to replace the forests by the slow process of growth from the seedling stage. The Government spends large sums of money in this replacement work, yet allows the destruction of thousands of vigorous young evergreens that represent years of growth. The folly of it!

Every little while we read that there is a possibility or a reduction in postal rates. The present heads of the postal service do not appear to be making any serious move toward this end. Doubtless they fear a loss of revenue. The same cry went up when Sir William Mulock reduced the postage, but the increased revenue left him a surplus. We note what reducing taxi fares in New York meant. The old rate was 40c. per mile and it was reduced to 20c. Under the first tariff a cab earned about \$9.50 a day. Under the new tariff \$11.50 per day was produced. The public became greater users and proceeds jumped. A two cent postal rate, we believe, would have the same effect. We know a concave who found it cheaper to pay for personal delivery of letters than to pay the regular 3c. charge of the postal authorities. It wouldn't cost the country much to give the lower rate a trial.

It has been semi-officially announced that the Legislature will be asked to add \$3,000 to the salaries at present allowed each of Premier Ferguson's colleagues. This would bring the remuneration of these Ministers up to \$9000 each. In addition to the salary allowed each Minister in common with other members of the Legislature, receives his sessional indemnity by rail within the Province. Ten thousand four hundred dollars a year, with perquisites added, may not be more than these Ministers could earn in private employment; it may not be more than their services are worth to the Province, but it is more than the people of Ontario should be called upon to pay. When all classes in the community are feeling the pinch, and when relief measures for unemployed are being considered, even in advance of snowfall, is no time for an increase in salaries of public officials. Premier Ferguson will not show the political wisdom he is generally credited with if he brings before the Legislature what has been outlined in the press.

### General Hospital Board

#### Sues Uxbridge Township

The November meeting of Uxbridge Township Council was held at Goodwood on Saturday last. All members were present with Rev. Cassie residing.

The Toronto General Hospital Board is bringing an action against the Township of Uxbridge, for attendance on a Miss Gregory, amounting to \$22.50. This account is standing some time. Last year council undertook to defend themselves in a Toronto court, when the case was adjourned. In all probability the costs will exceed the amount of the claim, but as council feel it is an unjust claim, they refuse to make payment. Arrangements were made at this meeting to defend the Township when the case comes up shortly in Toronto. The stand taken by the council is that Miss Gregory who is a young girl, was not a resident of Uxbridge Township.

A communication was received from Mrs. Mark Linton, Glen Major condemning council's action concerning a street in Glen Major.

An account from D. Ballard for 42 rods wire fence on 7th con. was laid over for further investigation.

The School Attendance Officer's report for October was received and on motion of Messrs. Glaspell and Lee was adopted.

Mr. Todd seconded by Mr. Lewis, moves that the following be appointed committees to adjust the township expenditures with committees of the adjoining Townships, east township, Reeve, Glaspell and Clerk; N.T.L., Reeve, Lee and Clerk; S.T.L., Reeve, Todd and Clerk; W.T.L., Reeve, Lewis and Clerk, and report at next meeting of council.—Carried.

Mr. Lee seconded by Mr. Glaspell, moves that any persons having any accounts against the Township for road improvement, wire fence, gravel etc. are requested to have the same in to members of the council or the clerk by Dec. 13th.—Carried.

On motion of Messrs. Glaspell and Lee a bylaw was introduced to provide for holding the municipal elections for 1925 given its several readings, passed, signed by the Reeve and Clerk and the seal affixed.

On motion of Messrs. Lee and Glaspell, bylaws were introduced to provide for the issue of debentures to the amount of \$6000 and \$7000 to pay for building schools in S.S. No. 2 and S. S. No. 4, same was given its several readings, passed.

The following accounts were ordered paid:

J. Hare, rep. sideline.....	\$13.50
J. Coates, 1 lamb killed.....	10.00
J. Slack, sheep valuator.....	1.00
F. Kyd, 1 sheep killed.....	16.00
R. C. Flewell, sheep valuator.....	1.00
Mrs. Middleton, caretaking hall.....	27.00
T. Baston, wire fence.....	7.20
M. Harris, gravel, townline.....	5.00
Whitchurch pay half.....	7.50
J.L. Hodgson, work w. townline.....	3.00
Whitchurch pay half.....	7.50
J.L. Hodgson, work s. townline.....	3.00
Pickering pay half.....	7.50
J.A. Hingston, 50 rds wire fence.....	10.00
Times, advt. Court of Revision.....	3.36

Council adjourned to meet on Dec. 15th, 10 a.m. for general business and settling all accounts for the current year.

### YORK COUNTY JUDGING TEAMS

Teams representing York County won fourth place in the Stock Judging competitions at Guelph Winter Fair and at the Royal Winter Fair, Toronto. Competition was very keen in both events, twenty-six teams competing at Guelph and thirty-five at the Royal.

The team which judged at Guelph consisted of: Jack Frisby, Gormley; Owen Loveless, Agincourt; Nelson Boynton, Gormley. In the individual standing Jack Frisby stood eighth with Nelson Boynton thirteenth.

The Royal team consisted of: Clara Sanderson, Victoria Square; Allan Balsdon, Todmorden; Harold Cowie, Markham. Clara Sanderson stood eleventh in the individual standing with Allan Balsdon fourteenth.

Considering the fact that the teams had very little time to train on account of the busy season and that there was exceptionally keen competition, the boys are to be congratulated on the splendid showing which they made.

The pupils of Bowmanville public schools have \$206.72, or 418 deposits in the Penny Bank.

90 head of fresh cows sold at an auction sale near Whitby last week for \$5000. This is a further evidence that there is no particular scarcity of money.

### SALE REGISTER
