**Here's Lighter Weight—Longer Wear—Better Value**

Wearing rubbers all day is tiresome, but since rubbers are necessary, why not wear RHINO Rubber Footwear? Each pair combines the least weight with the longest possible wear?

This longer life is built into each pair with RHINO rubber, pressure cured, and extra strength where the wear comes. See the heavy ribbing under the laces. This is only one of the many special features that make it possible for us to back up the sweeping guarantee on every pair.

This footwear is made from RHINO RUBBER—the toughest and most wear-resisting that Science has yet discovered—which will wear up to twice as long as ordinary rubber.

Let us fit you with a pair of RHINO.
