This was followed by an interesting and instructive debate, "Resolved that Home Missions are of more importance than Foreign Missions." The affirmative was upheld by Henry Miller and Thomas Hastings, the negative by Ewart Kneshaw and Harry Wideman. The negative won. The meeting on Dec. 11th is devotional and will be in charge of Mrs. Hastings.

The Business of Agriculture

FARMING is more than an occupation; it is a highly commercialized business which requires careful planning and thoughtful execution. Bountiful production is necessary but much effort is wasted unless the business of disposing of the year's output is properly managed. In conducting the business of the farm the Standard Bank can play a prominent and useful part. Consult the manager and learn how true co-operation between banking and agriculture builds a more prosperous community.
