EDITORIAL COMMENT

When washing flannels do not change the temperature of the washing and rinsing water unless you are willing to have your garments shrink.

Henry Ford now and then says something. What about this? "To think straight—work. Idleness warps the mind. The practised hand gives balance to the brain."

The action of the Stouffville Council in setting apart a day for the collection of cans and rubbish from the homes of the citizens, is a commendable one. It would cost each individual citizen at least 50 cents to have a dray remove the collection of this nature from their premises, while with united action on the part of the council it will not cost the highest taxpayer more than a few coppers. Besides, with a day set apart to remove all such rubbish to the town dump, more citizens will take advantage of it.

An amendment to the Marriage Act, the bill being brought in by Mr. E.R. Wingle, member for C. Huron is being made by the Provincial Government to prevent hasty marriages and the marriage of minors. In the first place an application for a marriage license by one party must be accompanied by the birth certificate of the other party to the marriage. Then each license must be dated and no marriage can be solemnized until three clear days after this date. Any clergyman performing a marriage under authority of such a license within this three-day limit renders himself liable to a penalty of not more than \$100. This will do away with the careless, hand-to-mouth sort of practise of even fully mature persons of leaving the procuring of the marriage license until the day of the wedding. Bridegrooms will have to bethink themselves and get this necessary document in good time.

Brackin, the member for West Kent, has introduced a Bill in the Legislature giving County Councils power to pass by-laws:

For licensing, regulating and governing the business of purchasing and selling fowl within the county.

For imposing and collecting a fee from persons engaged in the business of purchasing, selling or dealing in fowl and who go from place to place within the county for such purpose.

For requiring such persons to keep a correct report of their purchases and to report to the chief constable of said county or some other person duly authorized to procure said report, from time to time and at such times as may be stipulated in such by-law, the names of the persons from whom the fowl were purchased and the number so purchased. The by-law shall not apply to a farmer or other person selling or delivering fowl raised by himself at his residence, or marketing the fowl so raised.

Such dealer, his servant or employee shall exhibit his license whenever required to do so by any municipal or peace officer.

The by-law shall, whether the same is mentioned or not, include the boundary line or highway between such county and an adjoining county

GORMLEY

Mrs. R. J. Smith and babe, are holidaying at Meaford, Owen Sound and Markdale. R. J. expects to leave this week to join his wife, at her old home in Markdale for Easter

RINGWOOD

Fred Gould is at present in Detroit.

Mrs. Ayers is spending some time in Toronto.

Mr. and Mrs. Ed. Cook and family have moved to Orillia.

Mr. and Mrs. Walter Miller spent Sunday at Sam Miller's.

Several of the farmers in our vicinity are working on the land.

Mr. and Mrs. John Lee of Goodwood, spent Tuesday at T. Grove's.

Mr. and Mrs. Brown of Lincolnville visited at E. E. Watson's on Sunday.

Mr. and Mrs. E. R. Sinclair and family were Toronto visitors over Sunday.

Mr. and Mrs. Thos. Vague were visitors at Sam Miller's one evening last week.

Mr. and Mrs. Kenneth Campbell were Sunday visitors at Mrs. Wm. Mitchell's.

We are glad to see Mrs. Lou Barrett, out again after her recent illness.

Mr. Lotton of 7th Line south has moved into the farm recently vacated by Mr. Smith. Mr. Smith having moved to Markham.

Mr. and Mrs. Orval Drewery moved on the farm vacated by H. Brownsberger. Mr. Brownsberger and family having moved into J.A. Mitchell's house on 8th line south.

Mr. Wilnot Vague had the misfortune of having his dry clothes stolen while down fishing for suckers on Monday. This was a very low piece of business as Mr. Vague was obliged to drive home in water soaked clothes.

INTERESTING CASE

An interesting case came up in the police magistrate's court on Monday last week, at Pickering, when A. Cook, who resides north of the Rouge Hill, was charged with appropriating wood on the highway to his own use. The charge was laid by Constable Chester on behalf of the Township council, who are desirous of preserving the wood grown on the public roads. Cook's contention was that he removed the timber in order to improve the road, and had witnesses to corroborate his contention. It is also contended by others that the road has been injured by removing the timber. Constable Chester valued the timber at \$10.00 but Mr. Cook stated that it was not worth 25c. After hearing all the evidence P. M. Clark registered a conviction, but let the accused off on suspended sentence provided he pay all the costs of the court. The township council has no desire to prosecute any person on these charges, but they are determined to put a stop to the destruction of timber on the highway. There are cases where it is beneficial to have them removed, such as dead trees or others that may be an injury to the road, but they take the stand in no case should they be removed without the consent of the council.

Wm. Keith, M.P.P. for North York supported the Church Union Bill when it carried by a majority of 26 before the Legislative Committee last Thursday. Hon. G. S. Henry, member for East York, was absent when the vote was taken, and is therefore not recorded.

SCHOOL REPORT FOR MARCH

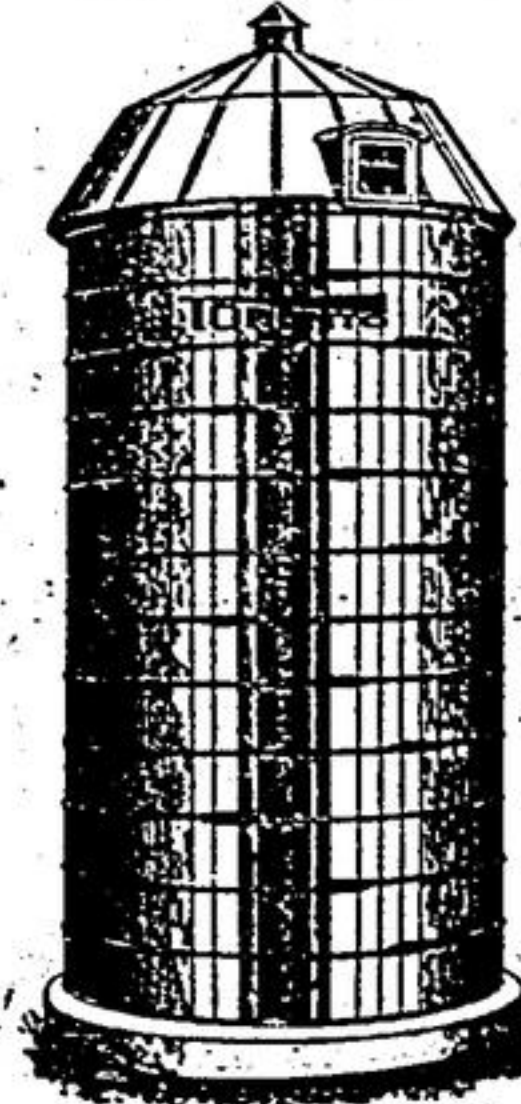

S.S. No. 9, Lemonville
Sr. IV—Mildred Tarr 71. I van Mairs 69. Jeannette Pare 54. *Kenneth Pipher 20.

Primer—Doris Baker, Keith Hutchinson, Bruce Baker, Norman

Mairs, Alex Kirby, Howard Kirby. Number on the roll 29. Average attendance 21. Pupils names marked with a * were absent for one or more examinations.

Margarete Y. Thomson, teacher Braebridge Gazette:—"Miscellaneous" bearing brought into this cold and cruel world a family of three little cubs, black and curly and fat and pretty, but alas! also hungry. Proud she was of her family but pride alone would not keep up the milk supply, so she turned out of her cosy hollow last week to search for food. The fluffy little fellows went out too. They played in the snow, rolled each other in it and were having a great time when the eagle eye of Mr.

Loshaw and the Robins boys sighted their mother. Bang! bang! and she was dead. For in the bush nearby everything is someone else's enemy and especially is man the enemy of nearly everything. When the report of the gun reached those young bears, instinct told them an enemy was near, so they huddled into their nest and hugged each other in terror. There they were found, insistent as it may seem, the same men who felt keen elation in killing the mother felt just as keen a desire to save the children. So they tenderly gathered up the family of cubs and are feeding them milk with as much tenderness as they would use toward a human child left motherless. Such are the peculiarities of the workings of human likes and dislikes."

100% RETURNS

You want to get the most out of the money and labor you are putting into fields of corn and beef and dairy cattle? Then you can't afford to be without a good silo—like my "Toronto" Silo. It supplies the equivalent of rich June pasturage all through the winter. It quickly pays for itself in more milk and healthier cattle.

"Toronto" Silos are made of double tongued and grooved staves of selected spruce, treated with creosote. Silage juices do not affect treated wood. You get 15% extra capacity, due to the special "Toronto" Hip Roof construction.

I'll be glad to talk about these splendid dividend-payers at any time.
