Protect the skin from the ravages of wind and weather and effectually prevent chapping. Applied lightly and evenly NYAL FACE CREAM is quickly absorbed, leaving no trace, but it does the work. Not greasy or sticky, but wholly delightful to use.

KNOWLEDGE REACHES US
THROUGH THE EYE

All through our life, much of our enjoyment and most of our knowledge has been gained by active use of the eyes.

We use our eyes so constantly, we neglect them so shamefully that the slightest defect, if let go, can become a very serious matter affecting our whole lives.

A little attention now may work wonders. Why not let us examine your eyes this week?

FAVORED ADVANCED EDUCATION

The members of the Stouffville School Board and the Council held a joint meeting on Friday evening to consider the problem of overcrowding in our Continuation school, which was fully explained in these columns a few weeks ago in a letter from the inspector.

After debating the matter from every view point, it was the consensus of opinion that the town should not go backward along educational lines, and as a step was compulsory in some direction, it was decided to procure a third teacher to be employed after September 1st. This decision means that an extra class room must be provided, and if possible a temporary room will be secured outside the school. Failing to make necessary arrangements for a suitable room away from the school, temporary quarters would have to be built adjoining the school.

Had the Board decided on the alternative course of dropping out the third form and reducing the continuation school to one teacher, it would reduce the status of the school to a lower standard, and as a result our grants would correspondingly be cut down.

The meeting was presided over by Chairman McLeod, and as it was also the regular meeting night, routine business in connection with the school board was transacted.

GLASGOW

Most of our farmers have their mangolds sown.

We are pleased to learn that Mrs. John Gourlie is recovering from her recent illness.

Mr. and Mrs. R. Ellis and children and L. Ellis of Aurora, spent Sunday at Jas. Elson's.

There was a good attendance at our Sunday school last Sabbath. The program was of a special nature to commemorate Mother's Day.

THE LIBERAL RALLY!

Evidently the people of Markham Township require an election to arouse their interest in political issues, judging by the attendance at the Liberal Rally held in the town hall, Markham, on Wednesday night of last week. While the attendance was not large however, the interest was keen and the speeches were of the real fighting character.

Among the speakers were Senator McCoig, who before launching into a political speech told his audience how pleased he was to visit this section of Ontario of which he had heard so much from his late partner, R. A. Harrington, who was born on the 9th concession of Markham. He was also a school boy with W. H. Shaw of Stouffville, back in their barefoot days.

Hon. Duncan Marshall, organizer for the Liberal party, also gave an address, and Mrs. Beeton of Toronto, President of the Ontario Women's Liberal Association.

Those who took in the meeting from Stouffville were Dr. W. A. Sangster and Miss Edith Sangster, Miss Cora Wideman, W. H. Shaw, A. J. Ward and W. R. Sanders.

Mrs. F. Miller is moving her household goods into the Mansion House, from her residence across the street.

Mrs. John Pattenden, widow of the late J. Pattenden, who died a short time ago, passed away at the home of her son, Alfred Pattenden of Vondorf on Thursday morning last week. She has not been well since her husband's death and for last two weeks has suffered very much from weakness of the heart.

There was a large crowd in Richmond Hill at the second annual sale of the York County Breeder's of Holstein cattle. About 60 head, mostly females were offered. The average price was considerably less than last year's sale, the average being \$135 for females and \$80 for males. The highest price paid for a cow was \$270.

OFFICIAL INSPECTION AND BANQUET

One of the most successful Masonic banquets ever held in Stouffville, and by far the largest, was staged on Friday evening of last week by Richardson Lodge of this town. It was the occasion of the official visit of the District Deputy Grand Master, Wor. Bro. Malcolm of Toronto, who was accompanied by his secretary, Dr. E. Veitch, an old Uxbridge boy. The work of the officers of Richardson Lodge under Mr. K. Ross Davis, Wor. Master, was highly complimented by the District Deputy.

The fourth degree was spread in Ratcliff's hall where no less than two hundred and forty-six, representing 16 lodges, sat down to tables artistically decorated and laden with choice meats, salads and pastries. This was provided by the local ladies to whom too much praise cannot be given for their unstinted effort in bringing such a big banquet to so successful a finish.

The visitors were largely from Georgina and St. Andrew's Lodges of Toronto, Brougham Union of Clarendon, Richmond Hill and Markham lodges.

Rt. Wor. Bro. Tugwell of Georgina Lodge who never misses the annual inspection here, made a popular and efficient toast master.

In addition to the toast list which was as follows, a quartette of Toronto brethren provided a whole evening of fun and entertainment, greatly to the delight of all present, Rt. Wor. Bro. John A. Graham proposed the toast to the Grand Lodge, with response by Rt. Wor. Bro. Malcolm. Wor. Bro. Greenburg proposed the toast to the ladies, with Wor. Bro. R. Campbell responding. Dr. D. C. Smith proposed the toast to the visiting brethren while responses were made by Wor. Bro. McIntyre of Georgina Lodge, Wor. Bro. Whaley of St. Andrew's, and Bro. McLellan of Clarendon on behalf of his own lodge and those from other rural centres, there not being time to call on each one. Dr. Veitch spoke briefly and the evening closed with W. H. Todd making a short speech on behalf of Richardson Lodge.

BOUGHT BROOKLIN HOTEL

John W. Graham, for the past six years a resident of Unionville, and this year one of the village aldermen, has purchased the hotel at Brooklin, and is moving this week. John formerly kept hotel at Clarendon, O'Sullivan's Corner, Markham and Unionville, and is also an expert horseman.

There will be two performances afternoon and evening. Be ready to secure your tickets from the local war veterans who were instrumental in securing this picture. Admission 50 and 25c.

The farmers are anxious for rain as the ground in this section is quite dry.

Mr. A. Pembleton, from near Woodstock, is the new blacksmith employed by B. E. Beebe. Mr. Pembleton will move his wife and family to Stouffville shortly.

TAKE IT SITTING DOWN

Notification has been received in town that licenses for selling 4.4 beer in Stouffville can be obtained only from the Board of License Commissioners at 71 Grenville street, Toronto, and all communications should be addressed to that department. Up to last Saturday no one in Stouffville had made application for a license, but it is expected that a license will be applied for by Mrs. Miller on behalf of the Mansion House. Preference in issuing licenses will be given Standard hotels but certain conditions must be complied with.

According to the regulations those who propose to drink the new 4.4 beer must be seated at a table in front of a window and in full view of the general public. The front room of the Mansion House could be cut-out next the street and glass put in to comply with this requirement. But to sit there in full view will make even the old goats hesitate about sitting down to the suds long enough to get used to such conditions. In cities where one neighbor doesn't know another, it may be different, but in small towns where a man is known by his deeds, it's going to take a hard-boiled to successfully sit it out with the women and children peering in and ready to spread the sad tidings to his wife and all his creditors. Some hotels have even refused to make this change in their buildings, claiming that Premier Ferguson should have given the privilege of selling this beer to the green houses in the first place. If too many hotels refuse to handle the juicy hops the claim that Ferguson is making a beer garden out of Ontario will not be substantiated. It may be the thin edge of the wedge, but we take consolation in the report from London that one man drank thirty glasses in succession without showing any signs of intoxication.
