EDITORIAL COMMENT

What a delight for mother to have the road oil applied in Stouffville right after housecleaning.

Fifty-two men are seeking the position of assistant police chief in Campbellford. The town might ask them all to try the job for a week, and thus they would save a year's salary.

Judging by the activity in the political ranks of both Liberals and Conservatives a Dominion election is very close at hand. Everywhere both great parties are hurrying candidates into the field.

Eighty per cent. of the world's known supply of asbestos is to be found in Canada. Its positive fire-proofing and heat conserving qualities make it indispensable for many uses which are constantly increasing. Last year we exported about \$9,000,000 worth, raw and manufactured, but largely raw. If it were possible to have Canadian labor entirely convert this great raw material into the finished product, it would mean much for the workmen of Canada. —Milverton Sun.

The machinery from the stone quarry west of Walkerton was moved back to Toronto last week, and thus we see the end of the Drury government's cement plant, which bid fair to prevent a cement famine for the next generation at least. During the squander mania of the Drury government hundreds of thousands of dollars were sunk in this cement plant and buying a right of way for a railway to it. Now it is useless, as the Newmarket canal, or the big camp grounds at Camp Borden.

MARKHAM TP. COUNCIL

Clerk and Treasurer Raised to \$1500 Salary

A special meeting of the council was held at Unionville to map out the culvert and bridge work, and open tenders for new bridges at Hood's on 9th concession.

H. F. Mann of Box Grove, was heard complaining of a side road from At. Pike's east to the 9th, and was told arrangements had already been made with Abram Raymer to fix the same.

Seven tenders were received for the building of a bridge on 9th con. between lots 16 and 17—55 ft. span and cement floor. The tenders ranged in price from \$4,213.15 to \$8,097. W. P. R. Holderoff of Kingston was the lowest tenderer and was awarded the contract. The bridge is to be completed in two months.

The reeve laid on the table a list of cemeteries in the township as follows:—At lot 30, con. 1, public; at lot 30, con. 1, Roman Catholic; at lot 33, con. 2, Methodist; at lot 17, con. 3, Methodist; at lot 21, con. 3, Horner; at lot 11, con. 4, Presbyterian; at lot 13, con. 4, Lutheran; at lot 15, con. 4, Methodist at lot 25, con. 4, Methodist; at lot 26, con. 4, Methodist; at lot 32, con. 4, Tunkard; at lot 2, con. 5, Presbyterian; at lot 8, con. 5, Methodist (Lunau); at lot 6, con. 6, Hagerman; at lot 6, con. 6, Methodist; at lot 17, con. 6, Anglican; at lot 17, con. 6, Lutheran; at lot 26, con. 6; at lot 22, con. 6, (1 stone and several graves); at lot 29, con. 6, Melville Presbyterian; at lots 6 and 7, con. 6, Ebenezer Methodist; at lot 17, con. 7, Eckardt; at lot 15, con. 7; at lot 25, con. 7, Peaches; at lot 23, con. 8, Byer; at lot 23, con. 8, Mennonite; at lot 30, con. 8, Dixon's Hill; at lot 6, con. 9, Methodist; at lot 22, con. 9, private; at lot 22, con. 9, Baptist; at lot 4, con. 10, Dutch; at lot 14, con. 10, Reesor; at lot 10, con. 10, Locust Hill; at lot 14, con. 10, Locust Hill; at lot 14, con. 10, (several graves); at lot 23, con. 10, Brownsberger; townline Markham and Pickering, at lot 2, Mennonite. Of these the Horner required fencing, the one on lot 26, con. 6, and the Eckardt were reported as neglected. Under the amendment to the Cemetery Act the municipality is required to see that all cemeteries are fenced and kept in a neat condition.

The treasurer was ordered to pay the following accounts:

- Div. 2—A. Duncan, plowing, grading and guard railing, \$156 70
 - Div. 5—D. Graham, dragging on sideroad between lot 15 and 16, con. 10, 27 80
 - Municipal World, stationery 8 70
 - E.G. Thomas & Son, pay roll 21 52
 - "Contract-Record" bridge at lot 17, con. 10, 7 20
 - G. Topper, Richmond Hill, 1 lamb killed, damage to flock \$10 20 00
- A bylaw was passed to appoint a clerk and treasurer with the blanks filled as follows: G.A. M. Davison, salary \$1500, the bylaw to take effect from May, 1925.

A resolution was passed instructing the road commissioners to have the work done in their respective divisions.

Reeve Gohn: bridge at lot 12, con. 2, repair abutment; culvert at lot 2, con. 3, rebuild; culvert, new pipe, lot 20, con. 3, and new pipe, lot 15, con. 3, 3rd con., townline Markham and York, culvert, new pipe; lot 2, con. 3, 2 culverts, 12x18; lots 30 and 31, between cons. 3 and 4, repair culvert; rebuild culvert, lot 28, con. 2; repair culvert lots 40 and 41, con. 1; rebuild culvert, lot 28, con. 1.

Mr. Jarvis: Culverts lot 21, con. 7; lot 20, con. 8; lot 23, con. 8; lot 31, con. 8, and repaint Williamson bridge.

Mr. Campbell: Culverts, lots 23 and 26, between cons. 9 and 10; lots 26 and 26, between cons. 8 and 9; lots 20 and 21, cons. 8 and 9; lots 20 and 21, cons. 9 and 10; lots 20 and 21, con. 10 (townline), lot 16, con. 10; lot 31, con. 10, and lot 20, con. 9, the latter a new wooden culvert.

Councillors Honey and Stiver were allotted work in the remaining portions of the township.

The council discussed the re-fencing of certain cemeteries requiring same and decided to get in touch with certain families interested in upkeep of same.

Deputy-Reeve Campbell brought to the attention of the council the recommendation made by the auditors, that the tax bills be sent out by the treasurer and the taxes to be collected through the different bank branches located in the township. He pointed out that under the present system of collection the great bulk of the money was collected this way, and that after the close of the year the balance could be collected by the township constable. The extra percentage added would about repay the cost for collecting this, which came at a time when Mr. Thomson was not very busy repairing roads. After a short discussion the matter was left over for consideration next meeting.

Every Farm Building Needs GYPROC

YOU can keep your stock in better health and increase the value of your entire farm by using Gyproc.

Gyproc is fireproof wallboard, cast in sections. It eliminates fire hazards. It keeps your home and farm buildings warm all winter because, being made of solid rock, cold wind and moisture cannot penetrate it.

Its sections are nailed directly to the joists and studding. The joints are then filled with Gyproc Joint Filler, ensuring a perfect, flat, smooth surface. Gyproc can be painted, Alabastined, papered or paneled.

GYPROC

Advantages

- Fire protection
- Low cost
- Cannot burn
- Is like Lumber
- Non-warping
- Can be painted or paneled
- Can be Alabastined
- Can be Papered
- Varies Proof
- Resists heat and cold
- Easily Handled
- Eliminates Repairs
- Sanitary
- Will not crack
- Keeps out Moisture
- Keeps out dust and dirt
- Easily quickly applied
- Protects your stock.
