### WARNING TO AUTOISTS

"In spite of the efforts of reputable battery manufacturers and their authorized service stations 'trick electrolytes' continue to be offered on a large scale. These solutions are generally guaranteed to put new life into the battery, sometimes, in a few minutes.

"An analysis made reveals that these magic solutions are nothing more than electrolyte such as is used ordinarily in an automobile battery, combined with certain amount of sodium or certain amount of magnesium with coloring matter.

"My best advice to car owners is to see that nothing but the highest grade battery electrolyte is put into their batteries when any electrolyte is required and that the work is done by a reputable battery man." Call and we will show you how this fake solution damages batteries.

### EDITORIAL COMMENT

Marriages increased in the United States last year by 8.4 per cent., which is not enough, because in the same time divorces increased 21 per cent.

A recent amendment to the O.T.A. fixes the fine for keeping for sale and selling, first offence, at from \$200 to \$2,000, and, in addition, in every case imprisonment for from one to three months. The minimum fine for having liquor in a place other than a private dwelling is now \$50 instead of \$100. The amendment came into force on May 9th.

No fewer than 39 Divorce Bills got their second or third readings in Committee of the Whole in the House of Commons in one afternoon. The Bills had come from the Senate where all cases of incurable domestic infelicity are given a preliminary hearing. While the process is more lengthy and much more expensive here than in U. S., Canadians are trying hard to keep up with the American Joneses in the matter of Divorces.—Chesley Enterprise.

Every beekeeper in the province must register, according to the bill to amend the Foul Brood Act, passed by the Ontario Legislature in March. The new bill provides that every beekeeper in the province keeping one or more colonies must register. It is also required that every beekeeper in the province wishing to move or sell, barter or give away colonies of bees or used equipment must secure a permit from the office of F. Eric Millen, provincial apiarist Guelph, before moving the bees.

The new amusement tax is going to effect dance halls considerably. In addition to collecting a tax of ten per cent. on admission tickets, the government is persisting in collecting an additional tax of twenty per cent. on dancing tickets. The total tax will amount to about thirty per cent. The larger dance halls will be able to carry on, but many of the smaller ones will go out of business owing to the expense involved in installing "crushers" or approved collecting machines and the printing of special double tickets. Dancing, being regarded as an amusement, is being made to contribute to the up-keep of our public hospitals and other institutions.

Will there be a Federal election this year? This is a question that is bothering the supporters of the Government, as well as those opposed. While members of the Cabinet, who profess to know, state that the Government has no intention of an early election, yet signs are not lacking that Hon. Mackenzie King is putting his house in order for an appeal to the people. The victory of the Liberals in Saskatchewan will have some bearing, and if the people of Nova Scotia make a good showing for the Liberal cause, there is no doubt but the Government will consider the present an opportune time to spring an election. In the meantime all parties are preparing and candidates are being lined up with a view to an election this fall.

### COUNTY COUNCIL HAS POWER TO PASS LIGHTS-ON-ALL VEHICLES LEGISLATION

The County Council now has the power to enact regulations requiring all vehicles to carry lights at night. The enabling legislation has been passed and it now rests with the County Councils to say whether or not it shall be put into force.

The lightless vehicle is the greatest menace on the highways after dark. It is a menace to itself and all other vehicles on the road.

In the interest of humanity, for the conservation of life and limb, to say nothing of property, it behooves the counties to make haste to pass lights-on-all vehicles legislation.

A robin has built its nest in the rural mail box of Lyle Stewart, who resides on a rural route near Harris-ton. It pays not the slightest attention to the rural mail carrier, who daily deposits mail in the box, and not even when Mr. Stewart removes his mail from the box does the robin stir.

### W. C. T. U.

On June 4th and 5th the W. C. T. U. of York and Peel Counties held one of their most successful conventions in the Methodist church of Richmond Hill. Every Union in the counties was well represented. About twenty-five delegates remained over night and attended all sessions, many others being present for one day only. Rev. J. Coburn gave an interesting and inspiring address on "The Present Prohibition Situation" on Thursday evening. Other addresses were given during the convention by Dr. Cornelia Gray, Police-woman, and Mrs. Reddick of Toronto also Mrs. Walker of Islington, who is Provincial Corresponding Secretary of the W.C.T.U.

On Friday afternoon about 100 children marched from the Public school to the church. After a short program by the children, Miss Morton of Keswick, gave a demonstration lesson of the work done by the L.T.L. department. The prizes for the essay and poster contest, were then presented, six of the successful contestants being: E. Young, D. Stirling, Margaret Plewman, Lucy Savage, Beryl Saunderson and Metro Kozak.

Most encouraging reports were given of the work done by the various departments. The delegates dispersed filled with fresh enthusiasm for the coming year's work.

The following County officers were elected:

Hon. Presidents—Mrs. McMahon, Richmond Hill, Mrs. Lynd, Port Credit.

President—Mrs. Western, Newmarket.

Vice-Prest.—Mrs. Plewman, Richmond Hill, Mrs. Packham, Brampton Cor. Sec'y—Mrs. Irwin, Weston. Rec. Sec'y—Mrs. O. Wright, Richmond Hill.

Treasurer—Mrs. Gray, Mt. Dennis

For three vacancies on the public school staff of Walkerton, which pays a salary of \$900, fifty applications were filed.

Reeve Adam Spears of Pickering Township, has been elected a member of the Finance Committee of Ontario County Council, to fill the vacancy caused by the death of

Reeve Figary of Port Perry. Later G. A. M. Forsyth of Claremont, was elected as chairman of this finance and assessment committee. Mr. Forsyth is 1st deputy reeve of Pickering
