EDITORIAL COMMENT

More than 11,000,000 gallons of gasoline were consumed in Ontario during June. There must have been some high stepping.

Out of 270 murders in Chicago last year, only 65 convictions were obtained. How would you like to live in Chicago?

They say there is not much demand for Alberta coal, but then this is one of those things, that time will attend to quite efficiently.

The tax rate in Newmarket this year is 37 mills, a decrease of 6 mills from the 1924 rate. The present Newmarket council will surely get an acclamation next January.

Many times has it been said that Stouffville has too many churches, but has she? Recently a valued citizen of Uxbridge moved with his family to Markham in order to be nearer Toronto, whereas he might have moved to Stouffville had the church of his faith been represented among our religious orders.

The name of W. E. N. Sinclair, K.C., of Oshawa, M.P.P., of South Ontario, is freely mentioned in the Ontario County court circles as the possible successor to the late Judge Theodore McGillivray. It is expected that the office will be filled in the next few weeks or before the fall courts commence to function. While the practice of appointing two judges in one county has largely been discontinued, the work is considered too heavy in Ontario county for one man.

Automobiles were purchased from \$2 to \$4 and motorcycles at 50c. at a sale held at Los Angeles recently, by the police department in disposing of unclaimed machines. The lowest price paid was 25c. of a popular make of a car, while the high mark was reached when an anxious motorist bid \$10.50 for an antique motor driven conveyance that was guaranteed to run. In all 20 cars were sold, a majority of which were of ancient model and some with romantic records; they brought in a total of \$58.62. The lowest price paid for a complete automobile was \$1.00. Motorcycles were sold at prices ranging from 50c. to \$2. Buyers from the stockade and police department say most of them left at the end of tow ropes.

Every person who owns a rural mail box should have his name painted on it (the law requires it), in bold letters. Besides we town folk like to occasionally make a short trip into the country and when we do we like to know who lives on one of the many farms along the way, and oft-times we come across the home of someone we know to speak to and say, "Why this is where Jim Jones lives; see how fine his wheat is coming up. (although it may be oats) hasn't he a splendid farm?" Few are the farms in Markham, Whitechurch or Uxbridge that are not well kept, and the owners have no reason to be ashamed to let the public know who lives behind the mail boxes. If you have a mail box see that your name is on it, and if you haven't one, put a sign on your gate bearing your name. Remember, it pays to advertise.

SIXTH LINE

Roy Hisoy of Elmira, spent a few days last week under the parental roof.

Frank Steckley and family, spent Sunday at Mr. Reesor's of Box Grove.

Mr. and Mrs. Charles Harper of the Ninth Line, visited on Sunday at Ross Harper's.

Miss Greta Ratcliff returned home last week, after spending a few holidays in Toronto.

Mrs. Gilbert, an old resident of this community, but now of Toronto, is spending a time in our midst.

Last Sunday evening in Stouffville local Baptists heard Rev. Wm. Pugsley who spoke with his old time zeal.

The Women's Mission Circle met at the home of Mrs. Ayimer Clark on Wednesday last and was well attended.

Chicken thieves visited our line on Friday night last. John Nicely lost over thirty fine birds of last year's raising.

Mr. and Mrs. Robert Ratcliff spent a few days in St. Catharines last week, attending the Lumberman's Association in session there.

Next Sunday morning Pastor Whitcombe will speak on "The Filling with the Spirit". Evening address, "How a great scholar was saved." Third in the series of notable conversions.

HOT TIMES IN SASKATCHEWAN

Editor Tribune

Dear Sir:—In your last issue I notice an extract from a letter of mine to a friend in Stouffville, giving an outline of the kind of weather we have in south western Saskatchewan. While it looks rather startling, let me say, that we had some weather since. On Friday, Saturday and Sunday, 10th, 11th and 12th of July we had a warm wave as I thought, I am sure some of the people would have liked the Garden of Eden dresses. On Saturday the 11th, the thermometer in town registered from 96 to 102 in the shade and 122 in the sun. At some points out it registered, I am told as high as 107 in the shade, I was down town at the 122 registry in the sun. One man I met informed me the hair was practically all scorched off his dog and the chickens feathers were all frizzled up. To tell the truth I did not go to see them, but as the man is said to be truthful, no doubt it was so. The hottest time we have had since was on Saturday night, two days after the liquor store opened under the new Saskatchewan Liquor Act. The town was like an uncovered hell. It was not safe to cross a street anywhere, as autos were running anywhere and on any side. Drunks were as numerous as the gophers. It certainly was hell let loose. Don't try moderation in Ontario. Respectively,

D. B. Nighswander

MONGOLIA

Grenville Forsyth of Chicago, is among old friends here.

Congratulations to Mr. and Mrs. Joe Betz on the birth of a son.

Mrs. A. Dummer of Cedar Grove, was a recent guest at K. G. Tarr's.

Mrs. Jos. Grose of Stouffville, spent Tuesday at H. Warriner's.

Mr. Arthur Graham of Markham, Nellie Dick and Miss Bessie Sacey, were guests at Mr. Tarr's on Monday

MIGRATORY BIRDS AOT

According to the Migratory Birds Convention Act, based on the treaty with the United States, the following regulations must be observed in Ontario:

There will be an open season for ducks, geese, brant and rails between Sept. 1st and Dec. 15th, both dates inclusive; for woodcock between Sept. 15th and Nov. 30th; for wilson or jack snipe, black-billed and golden plovers and the greater and lesser yellowlegs, between Sept. 1st and Dec. 15th.

There is a closed season throughout the year for all other migratory birds.

TRUTH ABOUT LIGHTNING RODS

The lightning rod agent who has long been the butt of the joke-smiths and often listed among the unnecessary nuisances, becomes a benefactor to command the respect of the community, when one studies the annual report of Ontario's fire marshal. In 1924 there were 593 lightning fires in the province, entailing a loss of \$387,000, and of these only six, with a loss of \$95 occurred on buildings which had been "rodded."

All power to the once abused lightning rod agent and to the manufacturers of the equipment he is selling to the public, on the basis of these figures. These manufacturers are among those whose products are little known but are little understood by the public. They could do some educational advertising to very good effect.

It is time that people were made to understand that the lightning rod is a protector of life and property—not a joke. And the libel against the lightning-rod agent should be squelched.

Chautauqua, which has just completed its program in Oshawa, will be there again next year, and under the auspices of the Adult Bible Class of the King Street United Church.

PUBLIC NOTICE

MARKHAM TWP. FARMERS
Farmers are herewith advised that the Municipality keeps a Chemical Fire Fighting Engine with full equipment, located at Unionville, for the benefit of the farmers of this Municipality.

Residents of the Twp. in case of need, should telephone Unionville Central, being sure to give details of where the fire is. Adjacent buildings may be saved by taking advantage of the Municipal Engine.

By request

KNOWLEDGE REACHES US THROUGH THE EYE

All through our life, much of our enjoyment and most of our knowledge has been gained by active use of the eyes.

We use our eyes so constantly, we neglect them so shamefully that the slightest defect, if let go, can become a very serious matter affecting our whole lives.

A little attention now may work wonders. Why not let us examine your eyes this week?

Diamonds, Watches, Clocks, Jewelry and Cut Glass. We do Watch Clock and Jewelry repairing.
