EDITORIAL COMMENT

Dominion Elections Thursday, October 29th.

Streetsville tax rate is 50 mills, an increase of 4 over last year.

The Town of Alliston has a tax rate of 47 mills this year, or one less than in 1924.

The town of Durham has one of the highest tax rates we have heard of, it being 54 mills, or 1 less than last year.

R. R. Mowbray, ex-Reeve of Pickering, has been appointed Returning Officer for South Ontario for the coming Dominion election. Mr. Mowbray has been officially notified of his appointment.

A petition is being circulated in the village of Milverton by the friends of Peter Smith, former provincial treasurer, with the object of procuring his release from the penitentiary.

While it can scarcely be said that this year's Stouffville council allowed the grass to grow under their feet, they did allow other citizens to grow weeds as high as corn, contrary to the Noxious Weed Act.

The value of the published reports of municipal council proceedings is very often overlooked. Not so in the State of Michigan, where a new law requires every village council to publish all proceedings of the council in the nearest newspaper within 10 days after the meeting. The newspapers have to be paid for this service, which in this locality they give without charge.

The reservoir which supplies the drinking water in the town of Walkerton was cleaned out last week, it being the first cleaning since it was built thirty-four years ago. Although the presence of animal life was as scarce in the bottom of the reservoir as millionaires in the Neymarket House of Refuge, there were many wagon loads of sediment taken out. The council was forced to clean the reservoir owing to a rumor that dead animals were in the water. This is a case where false rumor did some good.

WHITCHURCH TP. COUNCIL

Whitchurch Township Council met at the Township Hall, Vandorf, Saturday, 29th, with all members present and Reeve M. Baker in the chair.

Communications were presented and considered from:

John Nye, asking for financial assistance on account of sickness and death in his family. From Arthur Vernon and J.A. Clarke, presenting claims for sheep killed by dogs. From Frank Steckley, offering as security bondsmen, A. B. Steckley, J. A. Clarke and Ernest Ratcliff.

Lindsay Ferguson presented a claim for killing dogs worrying sheep.

J.A. Clarke, sheep claim 38.00

Lindsay Ferguson was paid \$10 for killing two dogs caught worrying sheep.

Resolutions were passed as follows:

Refusing the request of Mr. Nye for assistance.

Accepting as satisfactory the bondsmen offered by Mr. Steckley, for the faithful performance of his duties as tax collector.

A bylaw was passed prohibiting the parking of motor cars or other vehicles on certain parts of the highways.

A bylaw was also passed compelling persons who wish to operate a summer booth in the township, to first make application to the council before doing so.

Council adjourned to Sept. 30th.

Plekorong village is losing its chief industry—the Rose Excelsior mill, which is being moved to Lindsay.

DISTRICT NEWS

Mrs. G. A. M. Davison of Unionville carried off prizes totaling \$300 with her string of ponies at the Cobourg horse show this fall.

As an added incentive for young girls to ride horseback, the Markham Agricultural Society are offering a prize of \$25 in the riding class for girls under 15 years of age.

David Gilham of Unionville, has sold his farm of 70 acres, part of the rear of lot 12, concession 4, Markham, to Mr. Wm. Bennett, of Agincourt, formerly of Stouffville, for \$11,000. This is considered one of the choice farms in the township.

Markham village tax rate was struck last week at 37 mills, which is a step upward of two mills over the previous year. On Monday the tax rate for Aurora was struck at 40 mills. Nineteen mills of this is required for school purposes alone.

After an illness of short duration Martha Lee, beloved wife of Mr. J. Redshaw, passed away at her home on the Sixth concession of Uxbridge on Monday evening, August 31st, 1925, in her 69th year. The funeral took place to the Union cemetery, Claremont, on Wednesday, Sept. 2nd. The husband and following sons survive: Will, George, Robert, Fred and Edward and three daughters: Mrs. Wes Hardy, Mrs. Geo. Hardy and Mrs. Chas. Hardy, all of Uxbridge Township.

There has arrived here a new citizen in Miss S. M. Hawkins who

will be the company and care of a happy mother.

The sympathy of all goes out to Mrs. Clifford Wallwork, who experienced her first—a new-born babe being taken away from her and laid to rest. The mother, we are glad to report, is doing well.

This morning we see things in operation for the building of the road along here. After having practically laid in a dormant state for some nine years, Mr. Fisher has taken over the contract from Mr. Dagg, and started the repair of the road. Mr. Watson will be the foreman. We are told the road is to be a waterbound macadam, 8 feet wide. Already we have heard many voices of people wondering how they are going to pass each other, especially when the edges are going to be sandy. The best thing to our mind, is to trust in the wisdom of the Good Road System and the builders of the road, believing that they will give us a road here that will carry. By all means let us wait and see the improvement, it will be over the road we have now.

HORTICULTURAL SOCIETY FALL EXHIBITION

The programme and prize list for the Stouffville Horticultural Society Exhibition to be held on Sept. 16th, from 4 to 10.30 p.m. are now in circulation. Members or others not already provided may obtain copies from Miss Francis Ratcliff.

The following are the classes of exhibits and members of committees in charge of each:

Potted plants—Mrs. W. Gower, Mrs. W. Burnett.

Cut Flowers—Mrs. H. Lawson, Mrs. A. V. Nolan, Jas. Muston.

Vegetables—Rev. C. E. McLeod, Noah Stouffer, W. H. Shaw.

Fruits—Geo. Dowswell, A. J. Ward.

The committee request that, as far as possible, all intending exhibitors present a written list of their entries to Mr. Paul Broadway at the

Dominion Store, not later than Sept. 12th. This will simplify the work of the committee in charge.

The society wishes to issue a call herewith for new members. The privilege of competing for prizes is open to members only. Pay your dollar fee to Miss Cora Wideman, convenor of the membership committee. This will also entitle you to the Canadian Horticulturalist and special rates on seeds, bulbs, shrubs, etc. Why not be a direct contributor to this important work?

OLD NAMES the BEST

Not long ago an American paper submitted a questionnaire to its readers in order to find the most popular names for boys and girls. It was pointed out that there seemed to be a falling away from the "modern" name, and a revival of the good old-fashioned variety which obtained when grandmother was a girl. The result was almost overwhelming in favor of old time names. Among others, the late W. J. Bryan gave his opinion. He favored Mary for a girl and Paul for a boy, both, of course, because of their religious significance. For his second chance he gave Ruth for a girl, because of the story of Ruth and Naomi. Should one conclude that if "Ruth" has remained with us as a girl's name, girls are more religious than boys for reason that "Naomi" is very much of an "also-ran"? As a third choice Bryan picked "Helena", even though it came from Pagan source in the immortal epic. He deemed "John" a good substantial name, but hardly the proper one for a boy destined for politics. Mary Pickford gave her opinion, too. For girls she chose Mavis, Joan, Mary, Jane and Louise—all very modest and fitting—and for boys, Kenneth, John Douglas and David. It is interesting to note that most replies from persons whose own names appear in the newspaper head-lines favor the old-fashioned names.
