As a result of the liberal grant to the war veteran associations of York County, by the York County Council, the Stouffville veterans will shortly receive a cheque for \$333 as their portion of the allotment. This will be highly appreciated by the Stouffville boys as their funds are badly depleted owing to the demands made for assistance to those in need.

Arthur Wagg, aged 15 years, son of Mr. and Mrs. Frank Wagg of Altona, suffered a severe injury to his right foot on Aug. 27th, when a 22 calibre rifle he was carrying unexpectedly discharged. The bullet lodged in the centre of the foot, and the medical attendant from Stouffville had the lad taken to Uxbridge for an x-ray before it could be located.

Miss MacLeod, daughter of Rev. C. E. MacLeod, who is home on a vacation, lost a class pin in town, awarded to her as a graduate nurse. The first culvert to be built on the 5th concession of Markham since the road was taken over as part of the County Road System a couple of months ago, was put in last week just south of the Solomon Burkholder corner. Next year may see much more permanent improvement on this road, such as the reducing of the Dixon Hill and other grades.

The death took place in Toronto on August 27th of Joseph Cunningham, father of Mrs. Paul Boadway of Stouffville, in his 47th year. Mr. and Mrs. Boadway attended the funeral from Stouffville, which took place in Toronto. The late Mr. Cunningham was a Methodist in religion, and besides his wife is survived by six sons and three daughters.

In attempting to pass behind a truck which was backing out of Stouffer's garage in the east end, an Overland car ran over the side of the deep culvert at Montreal street, completely demolishing the right front wheel. After dropping over the culvert the car landed up on the road again before coming to a halt, and without overturning. The occupants, Miss Laflamme and Mrs. J. Merriott from Shadow Lake, were uninjured.

A Division Court case from Markham Township, Hole vs. Gormley, a wage dispute, was to have been tried here on Monday of last week, but owing to the failure of His Honor Judge McConnell to arrive at the appointed time, court was adjourned until the October sitting in Markham. After the lawyers and court clerk left for their respective homes, His Honor arrived in town, explaining that he was under a misapprehension regarding the hour in which court assembled here.

Stouffville is kept to the front at the Canadian National exhibition in the matter of winning prizes by our local people. Mr. A. J. Ward, a new resident here, had some splendid exhibits in flowers, vegetables and poultry, winning two firsts, one second and one third. Also Miss Grice of the east end won a first prize again this year in ladies' work. Miss Grice has been a winner at the C. N. E. for some years in the department of ladies' work.

While this district contributes a large quota of visitors to the Canadian National Exhibition each year, not all our people are annually attracted by the bright lights. Mr. Elias Stover of Church street, who visited the big fair on Monday, recalls the interesting fact that it was his only visit to the exhibition in 32 years. In 1894 he sat on the old wooden grand stand, and the grounds only resembled our larger country fairs, there being no cement walks or roadways.

Last Sunday evening the six local congregations in Stouffville met in the United Church in the interests of the Upper Canada Bible Society, when Rev. P. G. McLaren of Toronto, delivered an address. Owing to the heavy rain which fell all day and evening, the attendance was smaller than at similar services in past years, but good interest was shown. This year the collectors will endeavour to get out earlier than last year. The objective is \$1000 for Stouffville and district.

Owing to the quarantine law governing the corn borer, the innocent cot of corn, which is sometimes referred to as the emblem of plenty, is being smuggled over the public highway in a similar manner to a bottle of liquor. The quarantine law which extends into parts of Markham Township adjoining Stouffville, forbids ears of corn being transferred from the affected area to other parts of the province. Motorists entering Toronto have had the peculiar experience of having their cars stopped and a search made for corn which may have been purchased from wayside booths in the Wordenden area, and confiscated. The total seized in one day by the mounted men is considerable. The matter is being prosecuted by the Dominion Department of Agriculture, in an effort to forestall the disease, by keeping it in the area under quarantine.

Sale "Paper" Must be Sound

When the last animal has passed through the auction ring, when every implement of the farm equipment has been sold, what then? The vast majority of farm auction sales are conducted on a credit basis, but if the ale is to be counted a success, a trained banking expert must pass judgment upon the soundness of all settlements.
