EDITORIAL COMMENT

About the only splash that J.A.M. Armstrong can make in North York will be in the Newmarket canal, judging by the reception he got at the Conservative convention in Newmarket.

Hon. Arthur Meighen's wife is busy addressing Conservative Women's meetings. Mrs. Mackenzie King cannot do that.—Alliston Herald.

Premier King states that if returned to power he will commence the senate reform by abolishing the life appointments. This would be a good move, and we hope the forerunner of more drastic senate reform.

The biggest grocery merger in Ontario is just completed, affecting the uniting into one firm of nearly every wholesale grocery firm of any importance in the province. If it works out like most mergers, it will mean higher priced groceries for the consumer.

The announcement from the Dominion Experimental Farm at Ottawa of the development of a new wheat—the Garnet—said to be superior to the Marquis, as ripening earlier, better able to withstand drought and being rust-proof, is an event of national interest and importance. Every enterprising farmer will want to get a sample of it to try it out.

It isn't very creditable to the Motherland that her citizens are allowed to organize companies for putting thousands of gallons of contraband liquor into the hands of the United States' bootleggers. If Great Britain were a prohibition nation and U.S. carried on a regular business of smuggling liquor into British soil, there would be an awful uproar in so-called patriotic Canadian papers that are now as mum as the proverbial oyster.—Chesley Enterprise.

Dahlia sugar, one and a half times the sweetness of ordinary beet or cane sugar, is being manufactured from dahlia bulbs, and it is estimated that from twenty to twenty-five tons of dahlia bulbs can be grown to the acre in California whereas sugar beets average but about fifteen tons. Dahlia sugar is about the only kind that can safely be used by diabetics. The discovery will add much to the comfort of those affected as one of the characteristics of the disease is a craving for sugar which has to be denied.

You must learn not to overwork a dollar any more than you would a horse. Three per cent. is a small load for it to draw; six, a safe one; when it pulls in ten for you it's likely working out West and you've got to watch to see that it doesn't buck; when it makes twenty, you own a blame good critter or a mighty foolish one, and you want to make dead sure which; but if it draws a hundred it's playing the races or something just as hard on horses and dollars; and the first thing you know you won't even have a carcass to haul to the glue factory.

Many people of this district have become so accustomed to referring to the riding east of Stouffville as South Ontario that it is well to point out in view of the approaching election that there is no longer a riding of South Ontario, the riding being now called Ontario. Formerly the County of Ontario was divided into two ridings, North Ontario and South Ontario, but the riding of North Ontario has been merged into what is now called the riding of Muskoka-Ontario. This riding of Muskoka-Ontario comprises the whole territorial district of Muskoka and all that part of the County of Ontario north of what was the old riding of South Ontario. The Returning officers for these ridings are R. R. Mowbray, of Kinsale, and H. E. Rice, Huntsville.

BIRTHS

Carter—On Sept. 14th, 1925, to Mr. and Mrs. Leo Carter, con. 2, Uxbridge, a son.

Pratt—On Sept. 16th, 1925, to Mr. and Mrs. Cyrus R. Pratt, Lemonville, a son.

DEATHS

Featherston—At Hong Kong, China, on Aug. 12th, 1925, Joseph E. Featherston, in his 46th year, (Immigration Commissioner, Dominion of Canada), beloved husband of Edith M. Little Featherston, and son of the late Joseph Featherston, M.P., County of Peel, Ont. The remains were brought home for burial at Stouffville on Thursday last. Mr. Featherston was a nephew of Mr. Wm. Malloy of Stouffville.

Horticultural Show

Attracts Crowds

Notwithstanding the fact that the second annual exhibition of the Stouffville Horticultural Society held on Wednesday of last week, was a little too late for the early manner in which the harvest and flowers of the season came to maturity, the number of exhibits were well up to last year. The heavy rains of the last week also spoiled many of the flowers, but there seemed to be no dearth of beautiful bloom at the show in the Curling Rink. With only half a dozen exceptions every section in each class was competed for, and in addition some specials were on exhibition, not mentioned in the prize list. Mr. E. Walls had a particularly attractive display of pears, the size of which were the admiration of everyone.

During the evening the Stouffville Band rendered music which greatly enlivened the proceedings, and many citizens turned out at the rink and enjoyed the light lunch provided, as well as the flower, plant and vegetable displays.

Mrs. Robt. Miller acted as judge on sweet peas, floral decoration for centre piece and on wild flowers. Jos. Grove and Robt. Ratcliff judged the lawns and business fronts, while the remainder of the judging was in charge of three judges from Markham, Miss Stewart, Miss Freeman and Mr. Rolph.

The prize winners were as follows:

Plants in Pots
Geranium—1st F. Marshall, 2nd Mrs. Mather; Fern, Asparagus, Mrs. Wm. Gower, T. W. Klinck; Foliage, Mrs. K. G. Tarr, T. W. Klinck; Begonia, Mrs. F. Goudie, Mrs. L. Ratcliff; Golden Bantam Corn, Miss Della Steckley, T. W. Klinck; Display Perennials, Miss M. Mertens; Bushel Early Fall Apples, Amos Lehman.

The Markham Presbyterian congregation was fully organized last Sunday evening, when Rev. Major Burch and members of the session of St. Andrew's Church, Scarborough, ordained and inducted six elders, thus constituting a full session. The elders installed were Messrs. Wm. Grant, Jas. Malcolm, Geo. W. Reesor, A. F. Wilson, W. H. Thomas and Leslie Rowe. After this ceremony, the congregation partook of communion for the first time since June, there being 15 members received on profession of faith in addition to those joining by certificate.

NEW FALL LADIES' COATS Now Showing
