**EDITORIAL COMMENT**

Dr. T.E. Kaiser, is the Conservative standard-bearer, in Ontario county.

A change has been made in the parcel post regulations. Heretofore the maximum weight of a parcel could not exceed eleven pounds, now it is fifteen.

There recently appeared in the advertising columns of a popular newspaper an offer, for one shilling, of a recipe by the use of which the hands would become soft and beautifully white. Many thousands of girls responded, and in due time they received a piece of paper containing the following words, which could not be bettered: "Soak the hands three times a day in dishwater, while mother rests."

Because of so much tinkering with the Ontario and Dominion Election Acts of late years, there may be those who do not know the qualification of a voter. Here it is: "Any male or female who is a British subject 21 years of age, who has ordinarily resided in Canada for twelve months, and in the electoral district two months before the issue of the election writs." These may vote on Oct. 29th.

Great dissatisfaction prevails out in the county at the action of the Highway Department in exacting a monthly tax of \$60 on the owners of the bus line running between the end of the Danforth car line and the village of Markham. In addition to this an extra charge of \$4 a day is imposed by the city of Toronto for the privilege of unloading the passengers at the street car terminus on the Danforth. While the dissatisfaction may exist, the fact remains that the bus takes business from our railway, which is running at a tremendous loss each year, and the people of Canada are called upon to make up the shortage. Why shouldn't the bus be taxed?

The argument against Markham Township Council to the effect that a bad precedent was established in allowing the Sixth concession to revert to the municipality, and the Eighth concession taken in the County-Provincial good road system, isn't to be taken too seriously. The fact is that the entire provincial road system was more or less revised all over the province, hundreds of miles being affected by the change, and therefore there was no precedent established here. Before changing the two roads in Markham a survey was made by the Highways Commission, and it was found by actual checking that more trucks and commercial cars travelled over the Eighth line than over the Sixth, and this must have influenced the powers that be to take the action they did.

As a purely successful politician and nothing more, it would be hard to surpass R. H. Halbert, the Progressive candidate in Muskoka-Ontario riding. Up to the time of the U.F.O. movement in Ontario Mr. Halbert was recognized as an Orange Tory of Mulmer Township, near Orangeville. Not making much headway with this party he changed horses, and rode the race of the U.F.O. to a successful finish in the riding, immediately north of Stouffville. Just recently he captured the Progressive nomination for this same riding, which now includes Muskoka, and last week he went to the Liberal nomination meeting which was called to select a candidate to oppose him, and persuaded the convention that he was as good as any Liberal they had to put up. The delegates thereupon decided not to put a candidate in the field, and Mr. Halbert is now counting on riding the two horses during the present campaign. Halbert must be the man we used to sing of in the song, "Any old place I can name, my hat is home, sweet home, to me."

**DISTRICT NEWS**

Mr. L. B. Helso of Gormley, who had been visiting friends in the Prairie Provinces, going as far as Jasper Park, Alta., returned recently and reports a very enjoyable trip and beautiful scenery all along the line of the Canadian National Railway.

A very pleasant evening was spent at the home of Mr. and Mrs. Nathaniel Baker, 2nd of Markham, on the 25th Anniversary of their wedding, on Sept. 19th. Mrs. Baker after blowing out the 25 candles on her cake, thanked her many friends and relatives for her lovely gifts.

The executors have been granted probate of the will of the late James A. Thomas of Whitechurch. A life

interest in his farm is given to his brother William and his sister Charlotte. His sister Charlotte is bequeathed the title to part of lot 10, concession 2, in Whitechurch. A number of small grants are also made to friends. The total value of the estate is placed at \$6,800.

Miss Ella Pike, missionary to South Africa, has written to her parents, Mr. and Mrs. Abram Pike of Markham Township, that she has been moved to take up work in another place by the missionary superintendent of that district. She says she is well and enjoys her work. Her new address is: Enkwenne Mission Station, Leeuwneke P. O., via Mt. Ngwibi, Natal, South Africa.

**IN MEMORIAM**

In loving memory of a dear husband and father, W. J. Morden, who passed away, Oct. 3rd, 1922, at his residence in Stouffville. Peacefully sleeping, resting at last. The world's weary troubles and trials are past.

In silence he suffered and in patience he bore  
Till God called him home to suffer no more.

Wife and Son.

**IN MEMORIAM**

Hanna—in loving memory of my dear, Mable Yake, who passed away Sept. 27th, 1923.

Sweet is the memory that never fades  
Of my sister I loved, but could not save.

My grief for her is just as deep  
As in the hour God made her sleep.

Sadly missed by Adam  
It is not at the time that the tears are shed

That tell that the heart is torn,  
But the passionate tears in after years.

And remembrance silently borne.  
Vera and Harold  
In loving memory—Mrs. Greene.

**HOLLYWOOD**

From Hollywood, Calif., comes a letter from Miss Ruth Curtis, daughter of the late Mr. and Mrs. R. Curtis, of Mongolla, which is brimful of interesting information for her many friends in this locality. Miss Curtis holds the important position of Financial Secretary of the First Methodist Episcopal Church of Hollywood, an organization large and important enough to have besides its regular minister, a minister emeritus, also an assistant minister. Miss Curtis writes:

Dear Sir—Having lived all the former part of my life near Stouffville, and knowing so many people, it is with great pleasure that I look forward each week to receiving the "Tribune" and though many miles intervene between us now, I still look eagerly for your paper, which I peruse the first thing when it arrives.

I have been three years nearly in the Hollywood of movie fame, but I find it a wonderful place to live in, and while eastern cities have said many unpleasant and unfavorable things of it, I have to say that I find it a place of exceeding interest, and have also found many very fine people, and engaged as I am in church work, meet the very finest.

Hollywood is a part of the city of Los Angeles, and has a population of about 110,000 people, has fine streets, splendid business buildings, and wonderful homes, and many of them built upon the hillsides which makes it very picturesque, and of so different and beautiful architecture. It is a string town, and has grown almost abnormally in the three years since I came here. The climate cannot be surpassed, being the whole year round more like May and June as it is in Stouffville, only that we rarely have rain except the three winter months, and that has been very little since my coming here.

Flowers are so abundant the year round. While it is not part of the day time in the summer, it always gets delightfully cool at night so that one can always sleep with comfort.

The roads all over are paved and one can drive anywhere with such comfort, and automobiles are the commonest thing we have.

Spent a delightful vacation of two weeks in the mountains, at 7000 ft. in amongst the huge pines, about 150 miles drive up the steep mountain sides, and around sharp curves. In this place called "Big Bear Lake" one breathes the wonderful bracing mountain air and enjoy all the comforts of home as they have fine mountain cabins, well equipped and all supplies close at hand. All the mountain and seaside resorts have every facility for house-keeping or camping.

We had in Hollywood this summer, Chancellor Chas. W. Flint and family, from Syracuse University, N. Y. who motored to California, traveling 6500 miles from Syracuse to Los Angeles. They visited Mr. M. H. Flint an old Stouffville boy of earlier days than Chancellor Flint. Dr. Flint visited many points of interest enroute, and returned via the Grand Canyon by motor.

We have a great many fine churches in Los Angeles and many in Hollywood; nearly all fine new structures. We in the First Methodist Episcopal Church, of which I have the position as Financial Secretary, are anticipating a fine new church, as the one built in 1911 we have outgrown. We have a membership of about 1400 and a S. S. of over 1000. Just recently a lady gave \$10,000 for a set of chimes; and she gave last Sunday \$25,000 for a new pipe organ for the new church which will be erected within the next year.

Enclosed please find check for renewal of my subscription.

With greetings to any of my old friends in Stouffville.

Ruth Curtis.
