83 BUSHELS TO ACRE

All records for wheat yields in Oro Township, adjoining Barrie, were shattered by R. Crawford, Ora Station, who had a nine acre field which yielded 83 bushels to the acre. His neighbor, Jones Emms, threshed 57 bushels to the acre and Ernest Crawford, whose farm adjoins that of R. Crawford, had a yield of oats which yielded 60 bushels to the acre. Richard Crawford had the record crop in that district last year with a yield per acre of 56 bushels. He uses phosphoric acid fertilizer, to which he attributes much of the success of his crops.
