OPERATIONS START ON POST OFFICE

Messrs. Stuart Bros., Limited, of Hamilton, were the successful tenderers for the new post office building to be erected in Stouffville, they being the lowest of six tenders submitted. Excavation for the new building was commenced on Friday morning last, and next week the foundation will be in. The building will be 37x40 feet in size, and an effort will be made to have the roof on before severe weather sets in, so that the job may be rushed to completion by the first of the new year.

The Chief Architect of the Department of Public Works estimated the cost of the building to be erected here at \$16,500, and the six estimates submitted in response to the advertisements are as follows:

Stuart Bros., Ltd.	\$17,623
Gatehouse Bros.	17,980
Avery Shipp Cont. Co.	18,050
Britnell Cont. Co.	19,422
The Schultz Bros.	19,460
Sullivan & Fried	19,828

There were no local tenderers. The building, according to the specifications is to be completed within six months or by March 26, 1926, and the Stuart Co. have put up a certified cheque for \$1762, as a guarantee of good faith.

JOSEPH LEMON DIES IN WINNIPEG

The Manitoba Free Press has this to say concerning the late Joseph Lemon of Winnipeg:

"One of the outstanding figures in the business life of Winnipeg, Joseph Lemon, manager and director of the Manitoba Cartage and Warehousing company, died October 1st after a lengthy illness, at his residence, 420 Edmonton street, in his 65th year. Not only had Mr. Lemon made a success of his business life, he was known in the early days as a sterling lacrosse player, a member of the old Winnipeg team, and he did a great deal in the way of encouraging the youth of the city to take up lacrosse as a clean national sport."

"In curling he was known for two generations. He was attached to Tom Verner's rink, which secured many a trophy and prize in inter-club matches and in the wider field of the annual bonspiel. Opponents competing against him always enjoyed his fairness and friendliness, which made the game one of spirit and sociability. He had a very fine collection of trophies to his credit at his home which he always took a pride in showing visitors. He was president for a time of the Granite Curling Club and gave for competition the Lemon cup, which is still today one of the finest in the list for annual inter-club play. He was on the roll of life-honorary members. The many times he appeared at annual bonspiels brought him in touch with people from all parts of Canada, and the northwestern states, and 'Joe' Lemon was always one of the heartiest handshakers visitors delighted to meet."

40 Years with Company
Mr. Lemon became attached to the Manitoba Cartage company at its organization in 1882. He early developed a peculiar fitness for the work. He was a lover and admirer of horses and was a good judge of the best qualities of the animals and knew what should be possessed by horses suitable for this country. Starting in a humble way, the company enlarged and developed its functions until today under his management and tuition the company have some of the finest draft horses on the continent. Picking the animals up here and there, he secured a fine strain and their exhibits at the annual fairs and at the horse shows were among the finest on display.

Mr. Lemon was highly esteemed by the office staff and employees of the stables of the company. He had a quiet disposition but possessed a fine character. As one of the men stated to the Free Press today, and all looked to him for many years for advice and helpful instruction. His love for the dumb workers of the company was proverbial and one of his finest characteristics.

As a dog fancier he was devoted to bird dogs and bred a strain that won marked distinction in the field and on the bench.

The late Mr. Lemon was born in Lemonville, Ont., St. Patrick's Day, 1861. He is survived by his widow and one daughter, Miss Della Lemon, at home. He also leaves a brother, J. P. Lemon, Funnichy, Sask., and four sisters, Misses Mary and Jessie Lemon, Winnipeg, and Mrs. W. A. Silvester, Stouffville, Ont., and Mrs. J. Brown, Lemonville, Ont.

The funeral will be held in Winnipeg on Saturday, was a most impressive one, such a tremendous crowd, and beautiful flowers banked the bier and grave, a number of which were from old friends in Ontario.

OUR PLOWMEN WIN BEST PRIZES

Plowmen from Stouffville carried off three of the important prizes at the North Ontario match held at Dunrobin Stock Farm, Beaverton, on Thursday last week, bringing home three first prizes. Winfred Timbers won the first prize for best plowing in sod, and he did it with an historic plow, one which was used by Simpson Remie of Scarborough fifty-six years ago, when that gentleman captured a similar prize at Dunrobin all those years back. Lloyd Turner was awarded first prize for best work with jointer plow, and Fred Timbers brought home first prize for best plowing by boys under 15 years of age.

The local trio certainly established Stouffville in the eyes of the big crowd, as the centre or hub of best plowmen in Ontario.

At the South Ontario Plowing Match, held at Brooklin on Saturday, a number of local farmers participated with good honor to themselves. The weather was very raw and in the early morning frost interfered somewhat, although the plow went well later in the day. Floyd Steckley carried off first prize for best plowing in stubble, Winfred Timbers took second for best crown and finish. Lloyd Turner was awarded third in stubble, while Fred Timbers repeated his performance at Beaverton earlier in the week by capturing first for best plowing by boys under 15 years of age. Norman Steckley, another rising young plowman, got third prize in second class sod for boys under 15. This week a number of the local followers of the art are attending the Provincial match at Brockville, and our guess is that Stouffville will be mentioned among the list of prize winners.

PICKERING PROTEST

"Not a Sunday passes," it says, "but a number of heavy trucks with large loads of merchandise may be seen, and the number is gradually increasing."

FINED \$50 AND COSTS

Four young Markham village men, Frater Robinson, Gaythorne Hardy, James Megill and Albert Rushbrook, appeared before County Police Magistrate Brunton in the municipal police court, Toronto, charged with stealing six bags of alkali on the night of September 24 last and attempting to sell the same.

Three of the youths had been arrested by Constables Thompson and Findlay a week previous, had pleaded not guilty and were out on bail. The other Hardy was arrested late Monday night.

When called for trial Tuesday last, F. L. Button, their counsel, asked for a remand for a week, which was granted.

While bail was being arranged for two of the youths intimated to Crown Attorney Moore that they wished to change their plea and signed a confession, implicating Robinson and Hardy. The latter two then weakened and signed the confession. Rushbrook, Megill and Hardy did the stealing, and the seed was taken in Hardy's car to the back door of The Economist and Sun office (where Hardy was employed as a printer, and of which he had the key), and hidden in a dark corner in the cellar behind the turnace, and left until Sunday night following, when it was taken to Robinson's barn, and Robinson sold the seed, the money was to be split evenly between the four.

Robinson attempted to sell six bags of alkali seed at Silver Bros. elevator at Unionville, and as Nobbs Bros. had notified the county and city police of their loss and the elevator men had been warned, Silver Bros. were suspicious and got Robinson to leave the seed and they would quote him a price the next day. Chief Constable Thompson was informed and made enquiries, which confirmed his suspicion, and the arrests followed the same night.

The young men were bailed out in \$1,000 each.

At the adjourned court when the men came up for sentence before Magistrate Brunton on Tuesday this week, they were fined \$50 and costs and each put under probation. The final court scene is described as a touching scene when the relatives and parents of these highly respectable families fled into court to plead their sons.
