

LOCAL HAPPENINGS

Dr. Luke here today.
Messrs. W. B. and Harry Sanders are expected home from England about the 15th of November.

See our special line of Millinery before deciding prices \$2 and \$3. Fancy goods as usual. Mrs. F. Wilson.

We are special agents for the Toronto daily papers, and can offer you a clubbing rate which will save you money. Consult The Tribune.

Messrs. F. L. and E. A. Button, Reeve Silvester and Mrs. A.S. Leaney cousins of the late Hartman Jones, attended the funeral of the deceased which took place at Markham cemetery on Saturday.

Solemn and impressive was the service held in the Auditorium on Sunday afternoon last, when the War Veterans met to honor the memories of their dead comrades. The occasion is an annual event and despite the chilly weather, a goodly number turned out to pay their respects. The sermon was preached by the Rector of Christ Church (Anglican), who took for his text, "I am the resurrection and the life, saith the Lord". After the service the veterans marched to the cemetery, accompanied by the band, and visited the graves of the dead heroes, when appropriate wreaths were laid upon the last resting place of departed comrades. A wreath was also sent to Baker Hill cemetery in memory of Murray Pipher who is buried there.

Board and Room may be had in good home on Church street for a couple of girls. Apply Tribune Office.

Thanksgiving Day was very quietly observed in town, there not even being an entertainment in the evening, which might have made money for some organization.

Successful evangelistic meetings are being held at the Bethel Mennonite Mission, Brunswick Avenue, Toronto, by the pastor, Rev. W. M. McGuire, a former pastor in Stouffville.

The U. F. W. O. will meet at the home of Mrs. J. R. McKenzie, Ringwood, on Tuesday, Nov. 17th, at 2.30. A good program is arranged. Every member try to be present.

The regular monthly meeting of the Women's Institute will be held on Wednesday, Nov. 25th, instead of Nov. 18th, owing to the Convention being held in Toronto. Particulars being held in Toronto. Particulars next week.

The book of Knowledge (20 volumes) is the latest addition to the Books of Reference at the public library. It is an almost perfect encyclopaedia of information in simple language on any question the young folks or others may wish to consult, and is beautifully illustrated. Consult the index in the last volume and it will show you where your question may be answered. This together with the World Book and other sets and many individual volumes makes our library hard to beat as a source of knowledge on all subjects, and the library is free to all to seek information whenever its doors are open.

Under auspices of the Women's Institute the sewing class which is conducted by Miss Beggs from the Department at Toronto, is well attended and great interest is shown in the work.

F. R. Crawford having given up the lease of Mr. Bert. Miller's residence on O'Brien Avenue, which he recently contracted for, the place has since been leased by Mr. Wm. Williams, the local representative for the British American Oil Co.

Annual Bazaar and Sale of Home-made Cookery, Candy, Aprons and Fancy articles, under the auspices of Christ Church Woman's Auxiliary (Anglican) will be held in Porter's ice-cream parlor on Saturday, Nov. 14th, at three p.m. This will be a splendid opportunity to obtain dainty Christmas gifts.

Last Wednesday afternoon was a busy time for Rev. E. Morton, Frederick G. Hare of Temperanceville, and Elizabeth M. Ash of Whitechurch Township, came to the parsonage to be joined in matrimony. After the service there another wedding took place at Mr. Hiram Winterstein's, when Edgar Cochrane, who had made his home there for a number of years, and Vera Bessie, Treasure of Toronto, were united in the bonds of matrimony. The many friends extend to these couples their best wishes, as the first pair go to Kingston, and the latter make their home in Toronto.

Forty-four dollars and eight-five cents was the gross receipts received by the Poppy Day collectors last Saturday in aid of the Stouffville War Veterans. The distress cases which are aided by the Veterans are worthy of a much handsomer collection than this, but the day was beastly, being cold and wet, which hindered the young ladies in their part of the drive. As it is the collection exceeded the amount raised last year. One public spirited citizen in the centre of the town gave the boys a \$5 donation to help keep the home fires burning in the home of some unfortunate this winter. The boys appreciate all who assisted them in any way, as will be seen in their card of thanks in this issue.

Stouffville and surrounding territory is seeing a large number of hunters into the wilds of Northern Ontario for the annual deer hunt. John Davis, Ed. Davis and Harry Swain were the first to return, arriving back in Stouffville Tuesday, with a deer each, which is the allotment allowed each hunter under the Game and Fisheries Act. Others who have gone north are: Chris. Armstrong, Sam. Armstrong, Harvey Baker, Ralph Flint and Frank Baker who constitute a party. Party No. 2 includes Edw. Baker, Dorian Woodburn, Vincent Baker, Robt. Hare, Barkis Reesor, Wm. Reesor, Roy (Jack) Baker and Wm. Armstrong. Party No. 3—Wm. Williams, Harmon Yake, Lyman Pilkey, Allan Bartholomew, Wm. Bartholomew, and probably a few others whose names are not available. Party No. 4—Frank Stiver, Delbert Holden, Richard Ward, R. Smith, W. Vanzant E. Harper, H. Hood. Others who are in the north are W. H. Tisdall, A. Bartholomew, and Nelson Byer from Stouffville, Percy Wright, Balantrae, Wld. Miller and Chas. Reynolds of Claremont.

At the monthly meeting of the Horticultural Society, held last Thursday evening, the following arrangements were made in connection with the conduct of the work for the future:
It was decided to have a lecturer from the Department, hold a free public meeting here in the near future and to secure some good local talent to assist in making the evening entertaining as well as instructive.
It was thought expedient to get into touch with the various churches of the town re-beautifying their premises. A committee was there appointed to suggest that the churches undertake to suitably prepare the grounds, the shrubs and flowering plants to be provided by the Society. It was the desire of all that the churches volunteer full co-operation and as far as possible get the grounds in shape this fall.
Arrangements were made for immediate planting of several hundred bulbs at the fire hall and at the east end intersection.
The Society acknowledge with appreciation the gift of 100 Darwin Giant Tulip bulbs from Mr. Burroughs of Conn. U.S.A., same to be planted as a memorial bed for the late Mrs. Burroughs, a former well-known resident of Stouffville. (These bulbs have since been planted in one of the beds in the well-kept grounds of the C.N.R.)
No more regular monthly meetings of the Society will be held during the winter, excepting at the call of the chair.
There are still several members who have not called for their allotment of bulbs. These cost nothing. Simply call at the home of the President, H. O. Klinck and ask for them.

Have you given the Snowhite Dairy a trial? Pure-rich milk. Early delivery. Cream always on hand at 7c. 1/2 pint. Fred Mowder.

At the meeting of the W.M.S. of the United Church on the afternoon of Wednesday, Nov. 4th, the group who came into the United Church with the Presbyterian congregation, presented Mrs. Geo. Robinson with a life membership certificate in the W. M. S. of the United Church of Canada. Their Thank-offering amounting to \$54.00 was received. Mrs. W. B. Sanders also became a life member. These two ladies have hitherto been connected with the Missionary work of the Congregational Church as well as with the work of the local church of their choice, and now in the United Church, all the work is included.

HARTMAN JONES

The death of Hartman Jones at Todmorden, on Thursday of last week, caused great sorrow among the thousands who knew him, and that he was widely known may be judged from the fact that he taught school for many years and at the time of his death he was supervising principal of a 28-roomed school. His sister, Mrs. John Cleaver of Stouffville, was with him during the last few days of his illness. Mr. Jones was born in Whitechurch Township in 1861, the fifth son of the late Maxson Jones. He attended High school at Markham under Dr. Crowle, and Newmarket Model School in 1878. Then he commenced teaching near Sharon, East Gwillimbury, and after three years there attended the Normal School. He taught in Ringwood school, near his home in Bloomington. Then he went to Cedar Grove, where he married Miss Jessie Milroy, who survives him, together with five children. Wm. H. Jones of Bloomington, Byron of Montana, also Mrs. Jos. Burnett of Bloomington, and Mrs. J. Cleaver of Stouffville, are the only surviving brothers and sisters to deceased. Mr. Jones entered graded school work and was 14 years in Markham and 21 in Todmorden. He had been ill for the past three months. For 15 years Mr. Jones was superintendent of the Sunday school of St. John's Presbyterian Church, and an elder and clerk of the session. He joined the United Church, and was also a member of the Masonic order.

CLAREMONT

Getting in turnips is all the rage now.
Mrs. J. Underhill of Aurora, was here over Thanksgiving.
Mrs. Geo. Found, Mrs. John Morgan of Toronto, visitors over the week end.
George Rawson and Miss Rawena Cooper, of Toronto, spent Thanksgiving with relatives here.
Mr. and Mrs. Stephenson of Oshawa attended the rally, accompanied by Reeve Spear and Mrs. Spears.
Mr. Hutchinson is further improving his property by erecting a poultry house in a convenient corner.
Widmer Miller left on the 5 o'clock train Sunday to go to Point Au Baril, Parry Sound district, to try his hand at hunting the red deer, as he has proved himself a good hunter in the past. We look forward to his success this trip and hope to sample a nice cut of venison.
The B.Y.P.U. rally on Monday, Nov. 9th was a success from every standpoint. The young people were there in force and at the evening meeting. Also many others who listened with rapt attention to one of the best discourses ever delivered in the church.

Here and There

"Canada has the greatest opportunity of any community on the face of the earth," stated St. Loe Strachy, editor and proprietor of the London Spectator, in the course of a recent address before the Canadian Club. He stressed the advantages the country enjoyed in her large wheat area, electrical energy, wood pulp and mineral assets.

Between 20,000 and 25,000 men are expected to work in the forests of the Province of Quebec during the coming winter, according to the chief forester of the province. It is anticipated there will be a good season in the pulp and paper products, but that the cut of lumber will not be so heavy owing to the low price prevalent for sawn lumber.

Cordial relations between the ports of Quebec and Liverpool were emphasized recently by the exchange of cables by the respective Chief Magistrates of the two cities. The occasion was the Civic Week Celebration at Liverpool, when the Lord Mayor, Thomas Dowd, sent Mayor Joseph Samson, of Quebec, greetings to which the latter responded.

The Profit Lies in the Finish

IT PAYS to market cattle with the proper degree of finish. A quality product always commands a premium and is readily saleable at a profitable price. If you have stock which needs a little more time for finishing, and the feed is scarce, see the local manager of the Standard Bank. It is a simple matter to arrange a loan to carry the stock until a favorable market warrants a profitable sale.

UNIONVILLE

A party of local hunters, including Philip Dixon, Frank Stiver, P. Stiver, Harold Harper, E. Dukes, F. Plekering, Tom Shaddock, Bob Burrows, W. Walton, F. Stiver and Billy Summerfelt left last week for their hunting camp at Forlack north of Burwash, where they all expect to land their quota of deer. G. A. M. Davison, accompanied by his daughter, Mrs. (Dr.) C. F. McKay left for Wilberforce, where their hunting and fishing camp is located.

Edwin Dixon, of this village, accompanied by two or three friends, arrived home last Thursday from two weeks' hunting trip in the wilds of Ontario, 170 miles west of Sudbury, during which time the party were successful in securing four magnificent specimens of moose heads. They were forced to abandon for the most part the bodies of the moose, owing to its remoteness, and depth of snow. They report the snow as three to four feet deep on the level on the marsh lands.

Send the Tribune to absent friends.

USE FORESIGHT

Give serious thought to your Eyes now, before eyestrain and defects, which can be easily righted, dim your vision. No matter how well you think you see, guard one of nature's most priceless gifts, YOUR EYE SIGHT, by letting us examine your eyes at once and advise you of your condition. "SEE ME AND SEE BETTER" A.
