

LOCAL HAPPENINGS

The Lenten season closed Sunday. Division Court meets in Stouffville on Monday, April 19th.

Mr. Ernie Stouffer has moved his garage business from the east end to the Auditorium ground floor.

Stouffville rink was open for skating last Saturday night, with a fair sheet of ice. The band played, "In the Good old Summer Time."

Alvin Farmer, the junior auctioneer for this district, has moved into town from Gornley, and is occupying a house on Victoria street.

Mrs. F. Wilson's sale of household furniture should not be overlooked this Saturday afternoon, at the rear of Miss McDowall's millinery store.

The most courteous jaw-walker we ever heard of comes from Toronto the good (?). Having been knocked down by a motor, the victim apologized for getting in the way.

NO.—"Mrs. Sybilla Spahr's Tonsillitis" is not a COMMON COUGH SYRUP, a throat specialist in medicine form treats all ailments of throat and nose, including Bronchitis, Cough, Adenoid's Catarrh and every Tonsil trouble, guaranteed at Storey's Drug Store, Stouffville.

Mr. Noah Stouffer's hens have contributed to the Tribune list of freak eggs, with a peculiar clumsy oblong shaped piece of hen fruit. We shall endeavor to string this unusual hen fruit and place the contributions on exhibition.

The editor of the Markham Economist had a lapse of memory last week when he published this item: "The lawns and large gardens on Mrs. W. White property, Markham, are a delight to the many visitors from the city. No village can boast of a better kept lawn." That's a timely local for last July or the one four months' hence.

The friends of Mr. and Mrs. Edwin Hoover of lot 25, con. 9, Markham, are expressing their deep regret for this young couple in the loss of their first born, Lois Eleanor, three weeks old. The little one slipped away on Saturday, April 3rd, and was laid peacefully to rest in the family plot at the Wideman cemetery on Monday afternoon. Mr. and Mrs. Hoover occupy part of the house used by his parents, Mr. and Mrs. Eli Hoover.

Mr. John Gower has been laid up for the past week with a severe attack of flu.

At this time last year, practically all the seeding was done in this section. This season some of the roads are not yet opened from the snow banks.

Your attention is called to the magic square picture puzzle on another page. The Canadian Selling Agents are a reliable firm, and have distributed much prize coupons in this territory, during other competitions put on by them.

The Mary Haig Mission Band of the United Church elected the following officers at a meeting held at the home of Mrs. Geo. Collard: President, Mrs. Archie Stover; 1st Vice Miss S. Barber; Secretary, Miss Neda Cleaver; Treasurer, Miss Ivy Sanders.

A man was bragging about his car the other day in front of Lehman's shoe store. "I haven't paid a cent for repairs since I got it a year ago," he said. "Yes," said a man standing by, "that's what the garage man told me."

Although Hot Cross Buns are made at the local bakery every Easter, this is the first season that Mr. Stover has undertaken to advertise the sale in advance, and he reports that as a result the local sales were just doubled over any other year. So much for advertising.

Notwithstanding the wintry days of last week the robin is here once again, and several have been about town. Also the wild ducks are returning to other parts of the province by the thousands. Four thousand of them visited Jack Miner at Kingsville where they received a warmer welcome than any Jim Crow.

Last week Dr. and Mrs. Smith received a letter from Rochester (all other communications being cut off, owing to the storm) informing them of the serious illness of their son, Dr. Neil Smith who is taking a post graduate course in the American centre. It appears that Rochester is in the throes of a flu and pneumonia epidemic, and their son had contracted the latter illness, and was then in the General hospital. The most critical point in his illness was said to have passed on Thursday, and every hope is held out for Neil's recovery and restoration to good health again. On Sunday Miss Greta Smith was in Toronto and was able to communicate direct with friends and with the Rochester hospital, when she was informed that the critical stage for the disease had passed.

This is the season to have your old furniture upholstered and repaired, the wood treated and made to look like new. Consult N. E. Forsyth, Church street.

Farmers on the rural mail routes who were enquiring for their mail on Good Friday overlooked the fact that couriers are now granted six holidays per year, and one of them was April 2nd. The next day the couriers have off is the 24th of May.

The property on 10th concession adjoining Mr. Henry McMullen's place was withdrawn from sale at the public auction last Thursday after \$300 had been bid for the place. This amount did not reach the reserve bid. Mrs. Alice Madill is the owner.

Be sure and be on hand at Ratcliff's Hall, on the evening of April 15th, 1926, at 8 p.m. to take a moving picture trip over the North American Continent with the Canadian Travel Club. Admission, adults 20c., children 10c., tax included.

Last Friday night over 75 young people gathered at the Christian church here, from the district, in the interest of a "Young People's Congress. Dr. W. P. Fletcher, Rev. C. J. Felton and Mr. S. Paisley were present from Toronto, to give addresses. The service proved to be of great profit toward church extension.

Brampton Town Council has voted \$45,000 for an addition to the High School of that town. Not more than one third of this amount is needed in Stouffville to enlarge our school building so that it would properly house all the scholars, but we estimate that not more than a third of the ratepayers would willingly consent to such an expenditure.

The Divine significance of Easter was fittingly observed in Christ Church (Anglican) on Sunday last, when special music, appropriate scripture passages, and sermon bearing on the Resurrection formed the theme of the impressive service. The church was most beautifully decorated with lilies, and pots of roses. The church was nicely filled, and the attendance notwithstanding the bad state of the roads was larger than last year. Mrs. F. W. Silvester presided at the organ, and the sermon was preached by the Rector the Rev. J. Robins.

The Frances Nichawa concert in the United Church on Wednesday evening last week drew a large crowd which filled all the pews, despite the fact that the weather was stormy and people had to grope along in the dark streets as the hydro was out of business that evening. The effort was well worth putting forth, for Miss Nichawa who is a Cree Indian girl, displayed talent of rare culture. Every number was given in excellent style, and pleasing manner. Others who assisted in the program were E. S. Hodgins, band master, Miss Anne Lehman and Miss Morgason, choir leader, each contributing a solo. Proceeds for the evening was about \$85.

On March 27th, Hiram S. Taylor, aged 88 years, died at his home in Athelstan, Quebec Province, after a long life spent wholly in the territory where he died. The late Mr. Taylor was the son of pioneer parents of that province, he having farmed all his days, and maple syrup from his extensive sugar bush has been used for some years in many of the homes in Stouffville, being procured through his son, Mr. W. E. Taylor of Lemonville. The deceased is survived by three sons and five daughters, the homes of which are spread largely over all parts of the American continent. One of the sons still occupies the homestead at Athelstan.

The potato market is steadily climbing upwards, and spuds locally reached \$3 per bag last week, at which price a car lot was shipped from Goodwood. On March 11th a car load was shipped from Ballantrae by George Todd for which he paid \$2.40, the top market price at that date, but towards the end of the month the market stiffened and he was able to pay \$2.75 for a car lot at Goodwood, which accounts for the announcement in our last issue that potatoes were shipped from Ballantrae at \$2.40, and at Goodwood at \$2.75. Two weeks elapsed between the two shipments, and a market may do anything in that period.

The household furniture belonging to Mr. J. D. Aitchison will be sold by public auction at his residence on Friday afternoon of this week, prior to Mr. and Mrs. Aitchison moving to Toronto where Mr. Aitchison will be engaged by his firm, The McClary Stove Co., in the capacity of a manager. Mr. Aitchison came to Stouffville 22 years ago, first as a hardware merchant, conducting a hardware business in partnership with his brother. Since giving up this business he has been engaged as traveller for this well known stove company, and is regarded as a shrewd business man. Besides being treasurer in the local Presbyterian church J. D. served for two years on the school board.

On Saturday, April 3rd, 1926, at the Stouffville United parsonage by the Rev. H. S. Warren, the marriage was performed of a popular young couple, Alma V. Curtis, daughter of Mr. and Mrs. Robt. Curtis, Stouffville, to J. Gordon Wetheral of Richmond Hill, son of Mr. and Mrs. John Wetheral of Cannington. Congratulations.

Some of our citizens expressed their disappointment to us that the Board of Trade or some other body have not undertaken to put on an old home week in Stouffville this summer. The chief reason for the Board of Trade carrying the matter over until next year is that time will not permit proper advertising and arrangement for the program.

A couple of years ago the Main street in Uxbridge town was cemented and curbed all along the business section, and this year the busy summer town of Beaverton will proceed with having their main thoroughfare paved. So long as these neighboring towns had dirt roads for the business section, Stouffville with its tarvia of doubtful smoothness, was quite up-to-date, but we are falling into the out-of-date ranks, with our deep ditches and absence of curbing along most of the street, since other places are taking on new dress.
