CREAM

Take advantage of the accurate service we render and
the price we pay. More so this summer on account of the
cream grading. Over 90 % of the cream received since
the grading started is First and special grade. Our prices
compared with many others, are absolutely the highest.
A dollar is just as valuable if received in the form of the
price paid to you, than if received in the form of dividends
or profits. If you are not yet a shipper we would be pleased
to have you as one.

EDITORIAL COMMENT

The high cost of living, we believe,
is largely due to the high cost of
things we could do without.

There is not likely to be any elec-
tion in this province until the fall,
judging by recent remarks of Pre-
mier Ferguson.

A research association has found a
way to take the squeak out of
shoes. But really what is wanted
is to prevent it getting in.

The public school entrance exami-
nations to high school will com-
mence on June 23 and finish on the
30th. This is later than usual and
nearer the dates prevailing six or
seven years ago.

You often hear a man railing
against the innocent game of euchre
when all the time they mean to rail
against gambling. Card playing is
only one of hundreds of mediums
in which the sin of gambling is prac-
tised through.

Claiming that he has discovered a
process whereby ink can be extract-
ed from the hulls of wheat, a former
Canadian gas engineer, now resi-
dent in Mexico, has written to the
Secretary of the Winnipeg Board of
Trade, offering to establish a man-
ufacturing plant in Canada, provided
co-operation is guaranteed.

The Richmond Hill Liberal has
again changed managers, and we
welcome Mr. J. Eachern Smith to
the fraternity of newspapermen of
York County. Mr. Smith has had
several years experience in all
branches of the work, and plans to
expand the Liberal in no uncertain
way. The paper enjoys excellent
advertising patronage.

If there should be any anthracite
near Sudbury it will be a big thing
for Ontario. It is time that upon
the part of both Provincial and Fed-
eral experts greater attempts were
being made to locate hard coal and
if any can be found then it is to be
hoped that the State will step in
and operate the mine—for we have
had strikes enough among coal min-
ers in other parts to teach us a les-
son.

As was stated some weeks ago, in
this paper a petition has gone to
Ottawa signed by influential friends
of Mr. Amellius Jarvis, who a few
years ago was convicted, imprisoned
and fined for his connection with
certain bond transactions with the
Ontario Government, asking that his
fine of \$200.00 be remitted and
an apology be made to him, is
raising a big issue in regard to the
administration of justice in this pro-
vince. Mr. Jarvis had a fair trial,
was defended by able counsel, and
had presiding over the court Chief
Justice R. M. Meredith, one of the
keenest analytical minds on the
bench, and a York County jury. The
petition calls into question the whole
manner and mode of dispensing
justice in Ontario. If Mr. Jarvis
has suffered an injustice, it is to be
deeply regretted, and it is a wonder
that a man of his means did not
have it righted, but the people of
Ontario are not yet ready to accept
trial by petition instead of trial by
an established court.

LADY DRIVERS MUST HAVE LICENSES

It will be well for motorists to pay
close attention to some recent amend-
ments to the Motor Vehicles Act,
regarding the strict enforcing of parts
of the act. This is with special re-
gard to tail light and headlight and
more so the latter. Make sure your
car is equipped with non-glare len-
ses, for the owner of a car with glar-
ing headlights will be checked up
quickly. Make sure that the tail
light of your car is always in good
working order. Another item brought
to the attention of the car owners is
that all lady drivers must have a
license this year. It is well for
ladies driving cars to carry licen-
ses with them at all times while
driving.

DISTRICT NEWS

Richmond Hill business men have
joined the ranks of the Wednesday
half holiday seekers.

A straw vote was taken in Ayrara
on the question of adopting daylight
saving time, and it was rejected by
a majority of 22.

Saturday, May 22 is the date set
for the Court of Revision in Ur-
bridge Township, to revise the
assessment roll just completed.

The wife of Dr. E. A. Brown, V.S.,
who just recently moved from Mount
Albert to take up practise at Mark-
ham, died after only 24 hours ill-
ness on Tuesday of last week.

At a meeting of the Lindsay Pres-
bytery of the United Church held in
Lindsay last week, a proposal to ask
for the abolition of cadet corps in
our schools was held over.

It is within a few weeks of four-
teen years since the people of Beav-
erton voted out the bars in Beav-
erton by the adoption of a Local Option
bylaw and promptly on its passing
the well known hotel the Hamilton
House passed into a private resi-
dence which it has remained until
Monday, when it was again opened
for business.

The tax rate for the Town of Ur-
bridge has just been struck for 1926
at 55 mills. The Journal says that
with the current rate of expenditure,
this enormously high rate will have
to be maintained for ten years before
the town will be free of debt. The
county rate for Uxbridge is \$5000
and the amount required to be

raised for school purposes and
school debentures is \$14,500.

Alex. Boyd, driver, of Markham,
had another miraculous escape from
death on Tuesday afternoon last
week about 4.30 p.m. He had been
to Toronto with a truck load of
stock and returning was driving
home on the Unionville sideroad
along the brow of the hill approach-
ing Eckardt's bridge, when his truck
swerved into the railing, smashed
eight of the cement posts in suc-
cession and continued in an angle down
the steep hillside, missed a big elm
tree by inches, landing right side up
with the front wheels in the creek
and Alex still at the wheel. The
only damage to the truck was a
smashed radiator and lights. Alex
says he was coming around the curve
at a fair rate of speed when he saw
a woman driving a buggy towards
him, and to avoid running into her
he turned into the railing. It is only
a couple of years since that Mr. Boyd
had another miraculous escape from
death, at Unionville station crossing
when his truck was struck by an
engine and carried some thirty feet,
and he escaped with a couple of
broken ribs and some minor bruises
