One day last week a neighbor of mine took milk in his car, he thought it would save time.

He stepped on the gas to give her the power and must have been going over 40 per hour.

Over the car the milk it did stop. With his foot on the brake, the thing wouldn't stop.

To the right, to the left, o'er the roads he flew.

The driver, excited, scarce knew what to do.

To the four corners he came at last. And just made the turn, he was going so fast.

On on he went, she was pitching and tossing, Lucky all trains were clear of the crossing.

Then came the station and stop he must, So into the platform he went full.

So into the platform he went full. The mudguard, lights and hood were creased.

And the structure was moved one foot to the east.

So all you fellows who hang round the stores Or work on farms, but don't do chores.

Some evening slip round the C.N.R. track And help to shove the platform back.

NO MORE CHICKEN THIEVES

When the FEDERAL BURGLAR ALARM is attached to your chicken-house your hens are safe—nobody can steal them. The Federal is a very simple spring-steel device that works like a trap, when a chicken thief opens any door or window to which it is connected, the alarm makes a very loud report, scaring the thief and awakening your whole household.

NOBODY CAN "BEAT" THIS ALARM

But in spite of the absolute protection FEDERAL affords, it is quite harmless; it cannot harm even the burglar; but it thoroughly scares him, protects your chickens and awakens you.

THE FEDERAL CANNOT FAIL—ABSOLUTELY GUARANTEED TO LAST A LIFETIME.

TEN DAY MONEY BACK GUARANTEED

The Federal Burglar Alarm is returnable, if after ten days you find the Federal Burglar Alarm unsatisfactory in any way. Simply mail the Federal Burglar Alarm back to us collect and your money will be cheerfully refunded.
