## EDITORIAL COMMENT

It only takes a two cent stamp now.

The Conservatives of Ontario riding will meet in convention at Whitby on July 21st, to select a candidate for the coming Dominion election.

The Liberals of Muskoka, Ontario riding will meet in convention at Gravenhurst on Tuesday, July 20th, at 1:30 o'clock, to select a candidate for the coming Federal election. While nothing is definitely arranged it is understood that Rt. Hon. W. L. Mackenzie King will seek re-election in Prince Albert, Sask., at the coming Dominion election. This will make it necessary for the Liberals of North York to select a new candidate at the convention to be held in a few weeks. Col. A. E. Kirkpatrick of Toronto is mentioned as the possible Liberal candidate in this riding.

Reeve Gohn, Deputy-Reeve J. R. Campbell and the remaining members of the Markham Council may think they are following closely in the footsteps of the Master after acquiring a building in Unionville village as a Township hall property. The Council had its birth or inception in the barn or shed at the rear of the hotel property, and following the lines of the story of Nazareth they will now move out to the synagogue, alias the former Presbyterian church property.

### DISTRICT AND GENERAL

Nearly every store in Orillia now has the Union Jack flying from a standard in front of their premises. Such a condition in Stouffville would help materially to brighten up the town on a holiday, when flags are more or less conspicuous by their absence.

Joseph Sagle of Aurora, has a freak in the form of a chick with two heads. The bill on one head is not fully formed but the other is a perfect head. It can drink with either head but eats with only one. Mr. Geo. Clarke of the 2nd concession of King had a pig with two heads and 6 feet which lived a day.

In order to make their town hall comply with the statutes as legislated at Queen's Park, Toronto, in respect to public halls, the town of Sheilbourne is spending \$3000. on their hall. It was a case of the government ordering a padlock at the expense of the town, and the municipality losing the use of the building, or make the expenditure.

During repairs to the reservoir in Markham village last Saturday the place ran short of water and people had to forego their weekly bath, lawns were being burned up, but worst of all there was no water for the tea kettle or for drinking purposes. Those who were fortunate to own cars went visiting friends, and Editor Corson of the Economist office was seen coming north with his tea kettle. Had he reached Stouffville he would surely have gone home with a full kettle of first quality water.

**Markham Economist**—On Sunday night the premises of ex-councillor Jas. Jarvis, on the 7th line were visited by thieves and his chicken pen robbed. Of forty-five pure bred White Rocks all were taken, and but three of these were roosters. Even two setting hens were taken off their nests. Mr. Jarvis discovered his loss when he arose early Monday morning, and put the case in the hands of chief constable Eric V. Thompson. The marks of truck wheels at the gateway, and numerous footprints indicated how the job was done. About 10:30 Sunday night, Bert Snowball and a companion, who were sitting on the roadside about half a mile down the road, noticed a truck drive past them without lights, but at that time attached no inference to the lights being out.

### BIRTHS

Hoover—On July 3rd, 1926, to Mr. and Mrs. Ernest Hoover, a daughter.

Peake—To Mr. and Mrs. Richard Peake, Glasgow, on July 7, 1926, a daughter.

McGuire—In Toronto, on June 30th, 1926, to Rev. W. M. and Mrs. McGuire, a daughter.

Baker—In Whitchurch Township, on July 8th, 1926, to Mr. and Mrs. Vincent Baker, twin boys.

Wideman—To Mr. and Mrs. Leslie Wideman, Uxbridge, Tp., on July 11th, 1926, a daughter.

Sellers—At Brown's Corners, on Sunday, July 11th, 1926, to Mr. and Mrs. Frank R. Sellers, a son.

## MARKHAM TP. COUNCIL

The large and wealthy Township of Markham, which almost since its incorporation has carried on the business sessions of the council in an old shed at the rear of the hotel in Unionville, are to be bid out into a real assembly place at the next meeting in August. On July 5th the council closed a deal for the purchase of the Presbyterian church property in Unionville at \$2750. The church people reserved the right to remove the seats and the pulpit. The retention of the pulpit was readily granted as the members felt they could never attain to a position in life where any of them might occupy such a sacred desk, despite the fact they are all good men and true.

Another important item of business at Monday's session was the striking of the tax rate for 1926. Despite the fact that the council have reduced the township rate half mill and the Highway Improvement rate half a mill, the total mill rate will be the same as last year, due to a statutory levy imposed whereby the townships must bear half the cost of high school education. This new legislation consumed the one mill reduction which council was able to save.

Mr. Campbell introduced the by-law to levy and collect rates for county, township and school purposes which received its first and second reading. In committee of the whole several of the blanks were filled as follows: County rate (Industrial Home, general court house debtenture, etc.) levy, \$15,141.21; rate 3.5 mills. Highway Improvement maintenance construction and interest, and Provincial Highway and interest, levy \$13,551.25, rate 2.05; township's share of high schools education, levy \$6,238.02, rate 1.2; total county rate, 7 mills. The committee asked leave to sit again on August 3rd before giving the by-law its final reading.

Communications were read from: R. J. Rogers, asking for usual grant for school fairs.

From Wm. Keith, with \$10,000 bond for clerk; premium \$40.

From the Workman's Compensation Board, calling attention to the desirability of the council informing themselves when letting any contracts so that they may be sure the successful contractor carries workmen's compensation insurance.

Mr. Amos Burkholder asked that the assessment of school section No. 18 be corrected as part of the lands belonging to Robt. Reesor, D. Reesor, Wade Brown, and Colin D. Reesor were wrongfully placed in S.S. 20. The clerk was instructed to look into the matter and correct any errors.

Messrs. A. F. Wilson, Jas. Malcolm, Wm. Grant and Thos. Hargrave were heard asking the council to purchase the Presbyterian church in the police village of Unionville for a township hall.

The deputation, after some discussion, made an offer to sell the church for \$3,000, and the council after consultation agreed to pay \$2750. This the deputation first refused, but after consideration decided to accept, subject to the approval of the congregation. The council then passed a resolution to purchase the church at \$2750, the trustees to be allowed to remove pews and chairs.

A grant of \$20 was made to pay R. J. Rogers for township rural school fairs.

The following accounts were ordered paid:

|                             |         |
|-----------------------------|---------|
| Wm. Keith, treasurer's bond | \$10.00 |
| Mrs. R. J. Maher, charity   | 5.88    |
| A. H. McKinnon, charity     | 9.00    |
| A. Duncan, work on roads    | 15.00   |
| W. J. Brumwell, work        | 15.00   |

## MARKHAM TOWNSHIP

### COURT OF REVISION

Only four appeals were heard against the assessment roll of the Township of Markham for the north half of the township, at the adjourned session held in Unionville on July 5th. The court is formed of the members of the council, and Reeve Gohn presided.

Jas. Brodie appealed against assessment of 200 acres, lots 34 and 35, assessed at \$4,000 or \$20 an acre. He had reforested by setting out 10,000 trees and thought that he should be exempt. The court came to the conclusion that as Mr. Brodie had the lowest assessment (\$20 per acre) in the township and that as much of the land was well timbered, they could not in fairness lower the assessment. The assessment was sustained.

Ab. Brown, lot 21, con. 9, 40 acres land assessed at \$12,000, and buildings \$13,000, too high. Sustained.

W. J. Smith, lot 24, con. 8, assessed land \$2500, buildings \$1000. Sustained.

Willard Degeer, Box Grove, land \$2500 buildings \$1500. Reduced \$200.

The assessment rolls as finally revised were adopted and the Court of Revision adjourned sine die.

## POULTRY CULLING SCHOOL

Last week a Poultry Specialist from the Poultry Department at the O.A.C. Guelph, conducted a poultry school in York County which was arranged by the Agricultural representative.

Professor Snyder was well pleased with the progress made by the six young men who attended the school and secured training in culling such birds as White Leghorns, Wyandottes, Rhode Island Reds and Barred Rocks.

The purpose of the culling school was to prepare young men to do culling work for farmers. The representative is not free to satisfy the demand for this work while these young men can now take it on. Farmers requiring culling should try and get a day's work in their district to make the charge lower. Those requesting work done should write to the Dept. of Agriculture, Newmarket
