

LOCAL HAPPENINGS

Be prepared for the local Horticultural Society Show to be held on Friday, Sept. 3rd.

There's nothing to beat those rural telephone lines for service. Just give one ring and you get half the people in the township.

The Stouffville produce market has been almost stationary the past three weeks, butter selling at 33c. per pound and eggs at 25c. per doz. These prices might vary one or two cents, according to the quality of the produce offered.

Stouffville Public and Continuation Schools will not reopen until Tuesday, Sept. 7th. This will be good news for the scholars, and parents are requested to have the children ready for the opening day, which is advanced from Sept. 1st owing to Sept. 6th being a public holiday, and because so many do not start back to school until after this holiday, that it is almost impossible to organize classes.

Costing No More... Lasting Much Longer Firestone

Full-Size Gum-Dipped Balloons

The economy of these wonderful low pressure tires is represented by their unusually long mileage and saving on wear and tear of your car. They cost no more than just ordinary tires.

LET US FIT YOU OUT.

SILVESTER BROS

No Tribune next week

Horticultural Exhibition, Friday Sept. 4th.

Country correspondence is unusually small this week, owing no doubt to the farmers all being so busy in the harvest fields.

COMING—Dr. F. E. Luke, Optometrist, 167 Yonge St., Toronto, may be consulted about your eyes for glasses, at J. J. Boadway's Drug Store, Thursday, Aug. 26th.

Bedroom Suite and Springs, complete, for sale. Also Tapestry rug 3x4, and Treasure Heater, stove, good as new. Apply Mrs. E. Pennock Phone 801.

Mr. Simeon Stouffer, who sold his Church street property of 2 acres some months ago to Mr. George Winn, is calling a public auction sale for Saturday, Sept. 4th to dispose of his household furniture and other articles of use.

Mr. George Baldwin, S.R.H.S., of Toronto, has been secured to act as judge at the Stouffville Horticultural Exhibition on Friday, Sept. 3rd. All entries must positively be placed not later than 12 o'clock noon the day of the fair.

Dr. Davis who had advertised that he would open a dental office in Stouffville over the Standard bank, has given up the lease of the premises, and accordingly cancels his announcement. This is the second time on which the Oshawa professional man has changed his mind in regard to coming here, but this is likely the final pronouncement. As it is, Stouffville is better supplied with dental practitioners than the average town of our size in Ontario, and it was something of a surprise when Dr. Davis undertook to increase the number still more.

Tax Collector Harry Perry is busy this week issuing his annual tax demand, the first payment of which is due on Sept. 1st. As the tax rate in Stouffville is but 30 mills, the bulk of the ratepayers should meet this obligation with thankful hearts, that it isn't 55 mills such as Uxbridge town, or over 80 mills as they are required to pay in Cobalt, Stouffville, for 3 town with hydro electric, first-class domestic water, and tarvia roads, is one of the most moderate tax towns in Ontario, and certainly is one of the finest from a residential point of view. Persons who muster up the second half their taxes with the payment of the first half on Sept. 1st, are entitled to a discount of 2% on the second instalment.

Comfortable home for School Teacher or two school girls. Enquire at Tribune Office. 27

Mr. Robt. Silversides, widely known in these parts, is again on the road with his gospel calendars for the year 1927. Reserve your order for him.

Mr. Frank Mowder has completed the contract of redecorating the large halls in the Stouffville public school, which makes a decided and much needed improvement to the interior of the building.

Monkhouse's tailoring establishment has taken an agency for the well-known and reliable Parker Dye Works of Toronto. Any work entrusted to this firm through Mr. Monkhouse, will be carefully attended to.

At the cattle sale in Stouffville on Saturday at the stock yards, in addition to the number advertised, there will be sold two reg. Ayershires, which are show animals, also a pure bred Durham cow, and calf two weeks old.

The lice nuisance throughout the province which is destroying the turnip crop, is infesting the local fields and complaints are to hand that many local farmers will lose their entire crop. So far the government experimental stations are unable to cope with the trouble, although they are seeking a remedy.

Last week the O.B.A. ordered Stouffville, the winners of the York-Simcoe Baseball League to play a "sudden death" game with Sutton, winners of the Tri-County League, at Aurora on Saturday afternoon last, but owing to wet weather, the game had to be cancelled. It was then set for Wednesday afternoon of this week on the same neutral grounds. Owing to going to press just at the hour of the game, it is impossible to publish the result in this issue.

Mr. A. J. Ward of the Briarhush preached at both services in the United Church last Sunday. The evening sermon, as announced "Thinking-Aloud on the Prophecy of Jonah," drew a fair attendance of so called "Modernists" and "Fundamentalists". The speaker stressed the point that to believe Jonah was in the whale's belly or not wouldn't save anyone, and is not a matter on which the church should become divided. He exhorted his hearers to put essential things first as the safe plan of life.

The unusually heavy rains that prevailed all Friday night and most of Saturday last, gave the ground a lasting soaking, and delayed the harvesting in the locality of Stouffville. While some of the grain is cut there is still much standing, hence the delay is causing the farmers some anxiety. Corn is more or less flattened, but the grain came through the last heavy rains better than was first believed. On Monday another deluge of rain came down, lasting for hours, but fortunately it was not accompanied by wind, although there was considerable thunder and lightning, but this did no damage. The heavy soaking of rain will still further interfere with harvesting. Unless fair weather sets in at once a great deal of the crop may be lost.

Dressed in his working clothes and with his mind focused on the rich crop he hoped to harvest, Mr. Jacob Grove started out on Friday evening to walk over his fields on his farm just south of Ringwood. As he passed through the buck-wheat something moving through the crop close to hand engaged his attention. On investigating with his foot by turning the growth aside he beheld a prettily striped black and white animal crouching low on the ground, but even the beauty of the beast didn't tempt him to rush rashly forward and fondle it in his arms. The little intruder, which was none other than a good, healthy Canadian skunk, in the full vigor of prime of life, repelled the gaze of the onlooker in its own peculiar way, and although Jacob moved with the alacrity of a base runner, he almost fainted in his attempt to rush where he could grab off a piece of pure atmosphere again. As neighbors began to put down their windows and shut the doors, Mr. Grove became fully obsessed with the magnitude of the encounter. When he sniffed his clothes the costliness of the whole affair began to dawn upon him, also, with no prospect of using them again. This was not all. The problem of removing his hair was even more difficult, and for a time the situation was really serious, as he sensed the idea that his entire cop of affally might have to be shorn from his head. Jacob is now conscious of what the post meant when he said, "Haste makes waste," and wishes that he had taken time to procure a forty foot pole to do the proding with rather than his feet.

AUDITORIUM THEATRE STOUFFVILLE

S. G. Schmidt, Prop.

Lost—License plate serial No. 37338. Finder kindly leave at Tribune office.

Farmers, keep in mind the auction of cows at the stock yards, Stouffville, on Saturday afternoon this week.

Come and here the new "Orthophonic", the greatest contribution to music since the development of the first talking machine, Auditorium Theatre, Friday and Saturday, Aug. 27th and 28th.

The reception service at the Menonite church was well attended on Sunday night, when ten members were added to the church. The pastor preached on the subject of Bible Consecration.

The Stouffville band has been engaged again this year for the big Markham Fair in October. The local organization has evidently been rendering good service in the past on this two-day engagement.

A bus service was inaugurated last week between Markham village and Beaverton, running through Clarendon, Uxbridge and Sunderland. This service is also the Maple Leaf Bus Lines which operates in Stouffville, and the management has cut off the evening bus between Stouffville and Uxbridge.

An official from the Post Office Dept. in Toronto, was in town last week investigating the request made for an additional rural route from Stouffville along the 7th and 8th concessions of Whitechurch. After driving over the ground, the department's representative decided that a feasible route could be inaugurated from Stouffville, up the 9th concession to Baitanrae, which would serve a number of the lake people, thence to the Bloomington cross road to the 8th concession and up the 8th to Fockler's cross road to the 7th concession returning to the 8th by the Nigger lane and down the 8th to Stouffville. If such a route is established it will be acceptable to most of the farmers in that section, and will prove a decided improvement over the present service in the locality concerned.

"To see ourselves as others see us," said the poet, is a good thing, and so it is interesting to get a glimpse of our community as it appears to a visitor who summers here. Mr. Walter Davey of the Ault & Wiborg Ink Co., Toronto, has been coming to this town for some years, and here is how the old place appeared to him this summer as compared with the past. Chief among the changes this summer he noticed: the new walk on the south side of Main street, and the many well kept lawns and flower beds, also the new Baptist church on the corner of O'Brien Avenue and Main, and the splendid post office building farther down the street where stood the old town hall at one time. Lastly, Mr. Davey mentioned the town paper in the words: "As an indication of how the local paper is read, I may say that I put a small ad in the Tribune, and it brought no less than eleven answers from various citizens. A paper so well read should be highly patronized in a regular way by the local merchant for it is a great asset to him and the community generally. It helps to foster the community spirit and your advertising will help to keep business at home. Citizens should remember their own store-keepers who pay the taxes and render a service not given by the city store." Mr. Davey made a few suggestions for the general improvements of the town. Here they are: Place a safety electric bell at the Main street railway crossing (at the expense of the C. N. R.); Trim off the low branches from shade trees where they obstruct the pedestrian. Have the small cannon lying on the park property suitably mounted on a cement base and in a proper location. Purchase a uniform or at least a hat for the town constable. No strangers could be expected to recognize him as the traffic cop without some official marking. Enforce the speed law up and down Main street. This is the most dangerous infraction of the motor act.
