## HORTICULTURAL FAIR 500 ENTRIES

(Continued from page 11)  
The third annual show of the Stouffville Horticultural Society, held on Friday of last week in Ratcliff's hall, was an unusual success. The number of entries has grown from 250 the first year, until this year's number reached nearly 500, and the quality of the exhibits as well as the natural beauty was marvelous.

President H. O. Klinck, who had exerted great energy and spent much time in heading the arrangements and seeing to much of the detail, wore a smile that would stretch from Dan to Bersheba, when he viewed the ever increasing number of exhibits. The High School orchestra, under the direction of Mr. Archie Stouffer, added much to the enjoyment of the afternoon, by their music. The judge was Mr. Geo. Baldwin, F.R.H.S. of Toronto, and he found considerable difficulty in some cases to make awards, so keen was the competition.

Owing to the crowded condition of our paper this week with advertising, the list of prize winners is held over until next week.

Mrs. Kemp will be remembered here when her husband kept a butchering business in the stand where the Tribune is now published. She was a woman of bright intellect and was highly respected in the community. Besides her husband she is survived by three daughters, all married, and four sons, namely Willmot, Charles, Stanley and Murray. ## The Political Meeting

(Continued from page 11)  
knew that a lower tariff meant more business for the automobile industry. "Industries are only strangled" he said, "when they have a tariff that is so high they cannot collect it from the people."

A protective tariff of the Tory party was a block of trade, to keep goods from coming into the country. "And if you keep goods from coming in, how do you expect goods to get out? Ships cannot cross the ocean loaded and fly back empty."

Touching briefly on the constitutional issue, Mr. Marshall declared that we demanded the same rights Britishers demand — nothing more, and nothing less.

Amid cheers he declared that "the Robb budget had cut off an expenditure of 100 millions dollars, and if you vote for Harry Sifton, we'll have more of the good thing."

The hour was getting late, being now twenty minutes past ten. Mr. Sifton who rose to speak amid cheers from the audience, which filled the hall and the augmented seating at the rear, said he would be brief. "I accepted the nomination," he said, "because I believed we had a great cause." I wrote Mr. Lennox and suggested we hold 15 joint meetings. This proposition he declined, saying he did not wish to carry people to my meetings which he held were not being well attended. Later Lennox piacarded Aurora for two meetings, one for women and one for men, the same night as we had our meeting there, yet we had a big turnout. That is the answer to his refusal." Making further reference to the campaign of the Colonel he declared that the people of North York will not forget that the charges being made against him in this riding might have been made to his face on the public platform; this was not preferable, and now he knows why. Herb did not want to hold joint meetings.

Mr. Sifton made brief reference to the work of the King Government last session. He said, "they struggled to bring in an old age pension bill, but because of bitter opposition it never became law. Then they introduced the Farm Loan

Bill, designed to assist the farmer by extending help to him, but this too was defeated. Likewise the Soldiers Relief Bill met defeat. This, if it had been made law would allow a re-valuation of farms taken up by returned men when land values were at the peak of prices. Everything was done to block useful legislation."

Mr. Sifton declared that one item alone sufficient to defeat the Tories is their statement that they would put a tariff on coal. This would bring about the same condition that existed during the recent coal strike. The Liberals, if in power, will encourage coal at cost. Their is no avoiding Mr. Meighen's statement on the tariff question in this respect.

In conclusion Mr. Sifton said, "If you believe in the type of government given by Mr. King, remembering the reduced postage rates and cut in income, then I ask you to vote for me. I predict a Liberal majority in Canada for the Liberal party."

Three cheers were given for the Liberal leader, Mr. Sifton and Hon. Duncan Marshall, and the big gathering dispersed.

### DISTRICT and GENERAL

George Monkman, who was born on the 8th concession of Markham, just below Markham village, 90 years ago, died last week at Bedford, near Richmond Hill.

The Salvation Army is preparing to establish a corps at Richmond Hill where several members of the Army are living.

Deputy Reeve Reuben L. Stiver of Unionville last week was awarded first prize for the best bushel of wheat and second prize for best sheaf of wheat at the Canadian National. Mr. Stiver won the sixth prize in the field crop competition in connection with Markham fair.

The Whitby Gazette and Chronicle has the following to say about a former well-known preacher in Stouffville: "A veteran minister of the Baptist Church in Canada, who began his ministry in this district

sixty years ago, in the person of Rev. James Beach Moore, now living in Waterford, occupied the pulpit of Whitby Baptist church last Sunday evening, and, although now 85 years of age, preached a sermon with his old time vigor on the subject of 'Forgiveness'. Rev. Mr. Moore for many years was stationed at Whetby, and was one of the pioneer missionaries of the Baptist church in this part of the County. Although retired, and spending his winters in the south, he has preached seven times this summer, supplying his church. For his age he has wonderful eyesight, being able to read without the use of glasses. W. H. Moore of Dunbarton, son of
