## CONFERENCE CLOSES AFTER BIG WEEK

The Ontario Conference of the Mennonite Brethren in Christ Church held its forty third annual session in Stouffville last week with most of its members present; the reports were encouraging there being a marked increase in some of the funds and a general increase in all, as well as an increase of membership.

Last year's officers were nearly all re-elected, Rev. M. Bricker and Rev. S. Goudie as presiding elders and Rev. C. N. Good was made City Mission President, and Rev. W. M. McGuire, evangelist.

There were few changes among the ministers. Rev. W. H. Yates of Markham, goes to Brunswick Ave., Toronto, and Rev. C. I. Linden comes to Markham, these being the only changes nearby.

A beautiful spirit prevailed all through the conference.

Rev. H. Goudie (a brother of S. Goudie) who has been in the active ministry about fifty years, preached the Conference sermon Sunday morning.

Rev. L. R. Pipher, a former teacher in Markham, was ordained on Sunday morning.

A resolution was passed to have two camp meetings next summer, one at Kitchener, and one on Manitoulin Island.

The Conference was preceded by a Ministerial Convention on Tues-

day, which has been spoken of by many as the best they ever attended. It certainly was grand. All the essays were excellent. The Ministers of the M.B.C. church are united and stand for the old fundamental teaching of the word of God.

Two evening open-air services were conducted on Main street in front of E. A. Button's hardware. A large company of people gathered around to listen to the music and singing, also a few testimonies. A large number attended the evangelistic services each evening in the church.

At the morning and afternoon services on Sunday the house was more than full, some were obliged to return home or go elsewhere.

Free meals were served in the basement; two thousand, two hundred, and fifty meals were given, this made a lot of work for the ladies, but they will get their reward some day.

### ILLUSTRATED LECTURE

A. H. Moore, who on a former occasion delighted a Stouffville audience with his lecture on "The Town Beautiful" will be with us again on Friday evening of this week in Ratcliff's Hall. This time the theme is to be "Roses". We anticipate a very helpful talk on this subject. All members of the Horticultural Society with their friends, and the public at large, are invited to attend. A collection will be taken to defray expenses.

### THE SCHOOL FAIR

Prize lists have been issued for the annual School Fair to be held in Memorial Park, Stouffville, and at Ratcliff's Hall, today, (Thursday), under auspices of the Stouffville school board, the rural trustees and Dept. of Agriculture for York County.

In connection with the Fair there will also be the Public School Sports Day.

The programme for the day commences at 9:30 when exhibits will be placed in the hall. At 10 a.m. judging commences; at 1:30 there will be a popular public speaking contest and at one o'clock the field sports will start. After four o'clock exhibits may be removed.

His last charge was Hespeler where he had been for the past three years, but this veteran minister will now make his home with his daughter, Mrs. Arthur Clendenen or Cedar Grove.

### LEHMAN—WIDEMAN

A happy marriage event took place at the home of Mr. and Mrs. H. Wideman, North Markham village, Saturday afternoon, Sept. 18th, 1926 at 3 o'clock, when their only daughter, Gertrude, was united in holy wedlock with Mr. Arthur Lehman, youngest son of Mr. and Mrs. Amos Lehman of this town. The bride who taught school last year at Mount Joy and for two years at Dixon's Hill, was given away by her father daintily attired in her wedding gown. The ceremony was performed by Rev. C. B. Jeffrey, pastor of the Markham United Church, under an arch of vines and flowers. Miss Anne Lehman, sister of the groom, played the wedding music, and Mrs. P. Morden sang during the signing of the register, "For you Alone." Miss Rudlen of Toronto, and Mr. Harold Sanders of Stouffville, acted as bridesmaid and bridegroom. Mrs. Wideman, mother of the bride, served a sumptuous wedding dinner to some thirty-five guests, after which the happy newly wedded left by automobile for Hamilton, Niagara, and other places on their wedding tour. When they return they will make their home on Baker Avenue, Stouffville, in the brick residence now occupied as the Mennonite parsonage. Mr. and Mrs. Lehman have the hearty good wishes of their many Stouffville friends for a happy life together.

### DELAYED HARVEST

The heavy rains of last week which were general over this section practically destroyed the last hope of the farmers harvesting their grain crops in anything like good condition. It is estimated that from 10 to 20% of the grain is destroyed. Particularly is this the case with oats and Buckwheat, of which the acreage is quite large, is ripe, and much of it would have been cut last week, but for the wet. Corn cutting time is also at hand, but no attempt has been made to do any cutting owing to more pressing work, and because there is still much growth. The light frosts have done no harm to any of the crop, and the weather shows signs of being clear again this week.

**FOOTBALL STANDING**

## DISTRICT and GENERAL

Lansing United Church are planning to instal a pipe organ in the near future.

Bradford village council struck their 1926 tax rate last week at 43 mills on the dollar.

Mr. Gosdin of Beeton sold his crop of alsike and sweet clover seed for the handsome sum of \$1.43.

To assure his prospective heirs that they would have something for a rainy day, a wealthy Uxbridge gentleman is presenting each of them with a raincoat.

R. P. Wilson of Locust Hill, writes the south-east corner of the Globe to say that he has a tomato vine that has 180 well-formed tomatoes on

Plans for the celebration of the fiftieth anniversary of the establishment of the Baptist church in Whitby are in progress of formation, the event to take place on Sunday, Oct. 3rd, and continuing for the greater portion of that week.

At the school fair held at Pine Orchard on Sept. 10th, school section No. 12, (Bethesda), Whitchurch won the highest number of points according to the number of pupils and Dorothy Brillinger, also of Bethesda school, had the distinction of winning the highest number of points of any pupil at the fair.

In horse judging at the Canadian National Exhibition on farmer's day Jack Torrence of Markham won first with 190 of a score out of a possible 200, and Russel Boynton of Gormley won 189, just one behind Torrence. By making these wins these young farmers have brought considerable distinction to York County and the neighborhoods to which they belong.

While the enormous crowd was in Newmarket on election night, pickpockets reaped a harvest. Harry Barker of Ravenshoe is reported to have lost \$100, John Hodge \$35 and Fred Porter of Newmarket had his pockets cleaned out. Mr. Porter felt his pockets being picked but he was too late to catch the thief. He called out, "pickpockets" but, owing to the din of the cheering, the crowd did not hear, and the thief got away.

Geo. Munroe, a farmer of Scott Township, appeared before Magistrate Hamilton, of Uxbridge, on Wednesday of last week charged by Provincial Inspector N. S. Baird of the S.P.C.A. with cruelty to animals. After hearing the evidence the Magistrate imposed a fine of \$25 and costs amounting in all to \$47.65. Munroe worked a horse of his own and another one belonging to Mr. H. Watson of the town, which he took from the pasture nearby, in a set of harness tied together with wire the ends of which were not protected and cut the animals' flesh in a most frightful manner. Ill-fitting collars were also used and Munroe was ordered to secure proper harness before attempting to use the animal again.

The strathroy Age, shows where figs are really grown in Ontario, in the following article from that paper: "Figs may be native of more southern climates, but a Strathroy man has proven conclusively that this delightful fruit can be produced in this, the banana section of South Western Ontario. Chas. Beckett, English street, Strathroy, has been growing figs in his garden for 30 years. There are over one hundred figs on his tree this season. Mr. Beckett brought us two or three specimens to prove his contention that figs are actually growing in Ontario. The natural shape of the fig, as picked off the tree, is somewhat like that of a pear. Of course it is green quite pulpy and seedy. The imported fruit we buy from the stores comes to us in various shades of brown, after it has been dried with sugar."
