

**VOTE AT RICHMOND HILL**

With the judgment of Mr. Justice Orde, just given out, providing for a new vote to be taken in the matter of church union in Richmond Hill, there is an air of expectancy amongst the Presbyterians and the Methodists as to the outcome there. Last year when the vote was taken, the Presbyterians lost the church by a minority of one vote. This time, with Mr. Justice Orde ruling that some 40-odd names, previously omitted from the voting list, shall be included, it is hoped by the Presbyterians that the poll will show a different result. On the other hand, the Methodists are hoping to secure some of the votes added, but, whichever way the vote goes, it is sure to be a close one.

All parties concerned are extremely anxious to have the date of the vote settled speedily, although, with certain details which have to be arranged, it is hardly expected that the affair can be arranged in less than a month. A general meeting of both congregations will have to be called, and a date suitable to both arranged. Then such date must be intimated from the pulpit on two separate Sundays.

**SCHOOL REPORT**

Monthly school report of Stouffville public school for September.

 Sr. IV—Mary Byer, Glenn Ralcliff, Lenore Brown.  
 C. E. Watson, principal

**ON WITH THE DANCE**

The editor of the River Falls Journal in Wisconsin, did a little motoring this summer, and took his first peep into the holiday dance hall, and here is how the scene appeared to him:—We stopped and took a peep into the dance hall the other night and we were fully convinced that some of the best wrestling matches the world has ever known have not been advertised. Somebody's missing a fortune in the sale of ringside seats. It hadn't been for the music, arrests for assaults, and battery could have been made promiscuously. Some of the dancers showed characteristics of first-class wrestlers, Al contortionists and hop hip artists were present, with hair oil running down their spinal columns and their hair plastered back over a cranium that had nothing in it but a burning desire to spar with "Charleston" or "Flee Hop". Yes, our kid was there backing 'em around the hall just like the rest, but with a different movement than he puts on when he "waltzes" the lawn mower at home—if he ever did, but he don't. An 80-year-old man with the age would be a Beau Brummel in a ball-room nowadays. One couple swayed everything but their feet—and they didn't have a parking sign either. Some of the "shicks" bent over the partners at an angle that would make the Hunchback of Notre Dame look as straight as a telephone pole. Others grasped their "ill" girls in a vice-like grip, while some held them at arms length and kicked them on the shins. There were more girls there who rolled their nose than will ever roll a perambulator. The music resembled a 1913 Ford running through a galvanized corrugated culvert.

**ALTONA**

The regular monthly meeting of the Women's Institute will be held on Wednesday, Oct. 13, at the home of Mrs. D. Tran, Atha. Come and bring fancy work and enjoy the program which is being put on by the grandmothers of the Institute. Best dressed grandmothers are to receive a prize. Plan to be there and bring your friends.

**40,000 Trucks Now Use Ontario's Highways**

Commercial users have increased from less than 2,800 in 1916 to 40,000 in 1926.

County engineers and others complain of damage to roads because of overloading of trucks and speed at which they are driven on highways.

The necessity of limiting loads was recognized by the Government three years ago. Unless you wish more drastic legislation, further limiting of weight and speed, you will co-operate with the Department and obey the law.

All tax payers must not be penalized because of temporary profit to the few.

Road repair bills should never be burdensome and will not be if you use the highways reasonably.

Penalties are provided for overloading and fast driving. These should be unnecessary, but will be rigidly enforced whenever necessary.

**THE HON. G. S. HENRY,**  
 Minister of Highways

**S. L. SQUIRE,**  
 Deputy Minister

Issued by the Ontario Department of Highways to secure the co-operation of motorists and truck operators in abating the abuse of the roads of the Province.
