## LARGE NEW RINK AT MEMORIAL PARK

Commodious Structure 200x90 feet

A long felt want in Stouffville is a large and commodious skating and hockey rink, and now comes the good news that Messrs. Baker Bros. will fill up the gap in our desires, by the erection of a building 200 ft. long by 90 feet wide. This will give a superior ice space to that of the Markham or Uxbridge rinks for hockey purposes, which will be a boon to the hockey boys in the winter to come.

The site chosen for the new arena is on the Park grounds, at the south end of the field. This will be central and very convenient for people in any part of the town. The Parks Commission are granting Baker Bros. the free use of grounds, in lieu of which the building will be available in the summer season as a main building for fair purposes or public demonstrations. This arrangement will be of great value to the Parks Commission who have control of the grounds, as the need of some sort of commodious building is badly felt. Only last fair day the exhibits had to be displayed up town, while the fair was held in the park.

Work on the new structure is now under way, and the material from the old skating rink will be worked into the new building which is to have a metal roof. Mr. Fred Betz is head carpenter, and will have a number of men to rush the job to a finish this fall. The interior will comprise large waiting rooms, and a lunch counter. Provision is being made to accommodate more people than the rinks in the surrounding towns are provided with. It will now be possible for Stouffville to develop an O.H.A. hockey line-up, for which there is plenty of good material waiting to be developed.

Baker Bros. are to be commended for their enterprise, and we hope the undertaking will be a big success every way.

## THE PLOWMEN HAD A FAVORABLE DAY

Despite the fact that there has only been one or two dry days in the past two weeks, Tuesday proved to be another of the rare ones, and although it was damp and muddy under foot, the rain held off, and allowed the North York Plowmen to stage their big annual match with marked success. Fortunately the fields chosen for the contest, on the farms of Dent, Law and Ross Rattcliff, west of Stouffville, were high and had good drainage, because any low lands are impossible of plowing just now. As it was the going for the horses was extremely hard, the heavy clay land laying very close from so much rain, and the contestants found it somewhat difficult to cut the required depth of furrow.

Cars were parked for a mile along the highway from these farms, and big crowds gathered to witness some of the finest plowing one could wish to see. Although several prize winners in the big Provincial match had entered the various classes, the best prizes were not carried off by them, and some new blood stepped in and picked up the choicest plums.

Throughout the day the Stouffville Women's Institute conducted a booth, where hot coffee and sandwiches proved a popular buy. There was nothing more to be desired when standing in damp ground and with a raw wind, than a cup of hot coffee. Again in the evening the same organization provided the splendid supper in Rattcliff's Hall. It was more than once expressed by the various officers that the match could not be successfully carried on without the splendid aid of the Stouffville Institute.

Mr. Robt. Miller, past president of the Canadian National Exhibition presided at the banquet in Rattcliff's Hall, and following a much enjoyed supper he opened the proceedings with a rousing speech, eulogistic of the splendid work of the local plowmen, which had advertised Stouffville and this section, all over Canada, year after year from the provincial matches.

Mr. Miller presented the prizes won during the day, excepting the fourth class in sod. At this juncture Mr. A. J. H. Eckhardt, presented young Allan Meyers with a handsome silver tea service donated by himself, for the winner in stubble plowing. Mr. Eckhardt is a native of this section and because of this, coupled with his big interest in agriculture, he has donated handsomely each year to the North York match.

Luella Gayman rendered several popular selections, accompanied on the piano by her mother.

Following are the list of prize winners:

1st class in sod—Wm. Clark, Gormley; 2nd Fred Timbers; 3rd Edw. Timbers; 4th Gardham Tran; 5th D. J. Tran. Best crown Fred Timbers; finish Wm. Clark.

5th class in stubble—Ernie Timbers, Milliken; Garnet Cowie, Milliken; Arthur Daniels, Milliken; Elmer Wells, Stouffville; Ross Harper, Stouffville. Best crown, E. Timbers; finish, A. Daniels.

Best turnout on grounds, Lloyd Turner.

The judges who gave the decisions were: John Lawson and John Couperthwaite in sod; Bert Kennedy and Wm. Dougherty in stubble; George Cowie and Neil Malloy in tractor plowing; Walter Milne in Green River, was judge of outfits.

The charges against Ralph Whitfield of theft from Harold Archer's garage in Port Perry, and of shooting Archer, will come up for trial at Whitby on Nov. 22nd.

## District and General

The Uxbridge Times says: "A number of friends of Mrs. I. G. Crosby called on her on Tuesday last and congratulated her on the celebration of her 58th birthday. Mrs. Crosby is in excellent health and her step is as elastic as in the days of her youth." Mrs. Crosby when a girl lived in Stouffville, being a daughter of the late Edw. Wheler.

The prize winners in the Scarborough turnip competition handled by the Scarborough Agricultural Society are as follows: W. D. Brown, Agincourt 1st; W. G. Rennie, Agincourt, 2nd; Geo. B. Little, Agincourt, 3rd; C. D. Hood, Milliken, 4th; W. A. Paterson, Agincourt, 5th; A. R. Ormerod, Agincourt, 6th and H. Cavannah, Markham, 7th.

The Presbyterian congregation of Ashburn, known as Burns' Church, at a largely attended meeting held on Monday evening last week, with Rev. John Lindsay, Whitby, as moderator, extended a unanimous call to the Rev. Robert Simpson of Stirling. The charge has been vacant for a long time and the hope is that Rev. Mr. Simpson will accept the call.

At a well attended meeting of the directors of the King and Vaughan Township Plowmen's Association at the Maple Hotel last week, arrangements were concluded for the annual match, which will this year be held on the farm of John Constable, lot 7, con. 6, about two and a half miles west of Maple, on Friday, Nov. 5th. A gratifying feature is the fact that more than \$500 has this year been subscribed in prizes. Owing to rain the match at Brampton is postponed to Nov. 8th.

Beaverton was visited by a bad fire last week when the fine brick block owned and occupied by L. J. Cameron as a boot and shoe store, and the upper story by the Oddfellows Lodge, were completely destroyed. All that remains is the blackened walls and the total loss is estimated at \$11,000. The lodge are minus their regalia, and band instruments which were stored in the building, and in each case their was a small insurance. The origin of the fire is a mystery, and it was not discovered until W. G. King, some doors away, was awakened by the sound of falling glass.

There died on Monday of last week at his home in Toronto, a former resident of Claremont, in the person of R. P. Hopper, at the advanced age of 83 years. For many years Mr. Hopper conducted in Claremont a successful general store business. He was held in very high esteem by all who knew him, and was a very prominent member of the Methodist Church in which he took a very active interest. He retired from active business over 20 years ago and moved into Toronto to reside. His wife pre-deceased him several years. He is survived by a brother, David, of Toronto, and formerly of Claremont.

An exhibit of potatoes and cauliflowers grown on the reclaimed Holland marsh, may be seen in the window of R. F. Greene & Son of Bradford. It was the end of June when the land was drained and the last week in July when the vegetables were planted, yet in spite of the lateness (consequent upon delays in drainage and breaking) the results have been very gratifying, the cauliflowers being fully as fine as others planted on the high land at the same time, and the potatoes of medium size, though no check plots were planted so late on the high land. Professor W. H. Day, who has had a number of meals of these vegetables, reports their eating qualities good.

The Whitby Chronicle says: "After a thorough investigation the Provincial Fire Marshall has come to the conclusion that the fire which destroyed the fine barns of Miss McIntosh, on Base Line, on Oct. 3rd, was caused by spontaneous combustion due to improperly cured, alsike clover, being placed in the barns. About fifteen months ago the Fire Marshall sent an investigator to Whitby, who went out and visited the scene of every fire and in a lengthy report gave it as his opinion that all of the fires were due to this same mistake made by the farmers against which a warning note was sounded. On account of the very wet fall it has been difficult to get clover sufficiently dry to place in the barn, and the fact that fires to date have been few would indicate that farmers are exercising the greatest care.

## Sentenced a Defaulter

His Honor Judge Widdfield held Division Court in Stouffville Monday, the session being noted for its brevity. Several cases which promised an interesting time did not materialize.

J. A. W. Perkins of Unionville sued Frank Williamson of Markham Township for \$7.75, and also a man named Charrol for \$7.43, and obtained judgment.

The Community Finance Corporation, an American agency, sued A. T. Hawkins of Markham, for \$241.58 and obtained judgment. The next case was brought by W. J. Mather of Stouffville, who sued Roderick Duncan of Gormey for \$87.85. Judgment was obtained with garnishee of monies in the hands of Chas. Atkinson, his employer.

George Fockler of Ringwood, was summoned on a judgment summons in suit with W. H. Todd. He failed to appear and for default in so doing was committed to jail for ten days, the said order being stayed on payment of \$10 monthly. The amount involved is \$91.30.
