THE FIGHT IS ON

Despite the rumors that there would be a three-cornered contest in the coming provincial fight in East York electorate, such is not the case. At the nomination meeting held on Saturday Hon. Geo. S. Henry, Conservative, was nominated, also Levi Annis, Liberal Prohibitionist. These two men will fight it out. Both were nominated by men who live in the south part of the riding. Mr. Henry is vice-president of the Farmers' Dairy Co. and Mr. Annis is a retired farmer. Due to the fact that much of the city vote was taken off this riding since the last contest, it is more difficult to estimate the outcome of the present fight.

Messrs. Wm. Keith, the sitting member, and Reeve Pearson of Newmarket, are staging a big battle in North York, where the Liberal forces are confident of winning the seat from Mr. Keith, on the temperance issue. Both men are well known, and highly regarded.

All canvassers, scrutineers, committees, chairmen and all other workers interested in the success of Levi E. Annis, the Prohibition candidate for East York, are requested to meet in the Band Room at 8 o'clock Friday evening, Nov. 26. Important business.

The export market for dried apples has been greatly curtailed this year, owing largely to the inattention of farmers to properly dry the fruit. These goods must be good, dry, bright, quartered dried apples. Wet, dark or sliced apples are not wanted at any price. Farmers wishing to market this produce locally should give heed to the fruit and the condition it should be in, otherwise the local buyers cannot dispose of them.

STOP—LOOK—READ

A hearty invitation is extended the young men and women of the United Church to attend a social gathering in the S. S. Room, Friday Nov. 26th, at 8 o'clock. Ladies are requested to come in Gingham dress and apron; while the lads are expected in overalls. Those coming in new Gingham dress or overalls must pay a fine of 10c. Those not complying with the rule will be fined 5c.

Bright Young Life Intercepted by Death

This community was shocked on Sunday morning to learn that one of its bright young mothers, Mrs. Dawson Davis, had succumbed to an attack of appendicitis, for which she was removed from her home on the previous Tuesday night to St. Joseph's hospital, Toronto. Prior to passing away and when her condition was known to the doctors to be hopeless, she fought valiantly for life to which she was determined to hold on. The body was brought back to the home of her grandmother at Dixon Hill, from which place the funeral was held on Tuesday afternoon to Dixon Hill church and cemetery. The family pastor Rev. E. Morton, assisted by Mr. D. W. Hesse, took charge of the service. The little church was packed with tear stained faces as the speakers unfolded the beauties of the life now ended, in so untimely a manner. The two little children, (one a mere baby), and the sorrowing husband, were a pathetic sight beside the bier. Banks of flowers attested the esteem for the young life gone, and affection and sympathy for the bereaved family. Mrs. Davis was a daughter of Mr. Fred Ramer of Dixon Hill, where she was born and raised. Eleven years ago she married Mr. Davis, who is employed as tinsmith with Silvester Bros., Stouffville. To them were born two children, Glenna, aged nine, and Charles, the youngest being about four years old. Mrs. Davis who would have been 32 years of age had she lived until Christmas, was a member of the Christian church, and was a faithful worker in the various organizations of the church. She was always a bright, jovial woman, and enjoyed moderately good health, but she had suffered previous attacks of the trouble which proved fatal to her. Mrs. Davis has an elder sister living in the United States.

DOUBTFUL QUALITY Among The Churches

A temporary report on the water supply in the town mains, received from the Provincial Laboratories by wire on Wednesday morning showed that gas was found in the water, which is an indication of contamination. The local Board of Health, recommends that water for drinking purposes should be boiled. Further tests are being carried on to ascertain the extent of the contamination as to its effect on the purity of the water.

This issue is "swamped" with advertising, largely due to it being the last issue for the advertiser before election day. This fact, coupled with the scarcity of news, has reduced our standard issue somewhat.

FAVORED O.T.A.

The following resolution was passed by the Young People's Convention in session at Uxbridge on Saturday, Nov. 20th. "Resolved that this Young People's Convention, desire to express our unstinted admiration of the stand taken by the Hon. W. F. Nickle, and in view of the exceeding great boon this act has been to Ontario in the past ten years, put ourselves on record as favoring the continuance of the O.T.A. We believe the temperance problem will be solved by the strict enforcement of the O.T.A. and pledge our moral and financial resources in the great crusade."
