Last Sunday was marked as the most blustery day of the winter. Fortunately there was little snow to blow, otherwise the roads might be badly blocked. The attendance at church services was considerably decreased because of the weather conditions. Despite the fine winter we have had, everybody is glad that spring is just around the corner.

A reader of The Tribune, Mr. R. L. Lamplough of Hamilton in renewing his subscription to The Tribune states they have taken the paper for 18 years. The Lamploughs will be remembered as residents here when they occupied the land on the south-east corner of Main street and the 9th concession, where they conducted an extensive second-hand business. It was known as the "zoo".

Mr. Kelly is a comparatively new man in town, and he is getting in right by securing some of our real estate. Mr. Lawson will move into apartments in his store building upstairs.

Mr. Jacob Barkey reached his 91st birthday hale and hearty on January 21st, and the Tribune overlooked making mention of the important event, for Mr. Barkey is probably the oldest citizen in this immediate locality. He was born in an age when it was an easy matter for baby to help itself across the floor by the aid of mama's shirt, and looking back to those pioneer days here, it seems to Mr. Barkey only a short step to the present day with all its changed customs, etc.

One cow from Walter L. Hall's fine herd at Pine Orchard sold by auction last week for \$160, at his public sale held on Saturday.

Thos. Kellington has moved to Bloomington where he has purchased a house and lot. For some time Mr. and Mrs. Kellington had lived with D. Stapleton on Church street.

The social evening under auspices of the local Oddfellows' Lodge was well attended on Monday evening. An appetizing oyster supper was served during the proceedings which was much enjoyed. Wm. Morris won the first prize in euchre, and Jesse Cook won second. Charlie Barkey who brought up the rear in the matter of points was also among the recipients of prize awards.

The regular meeting of the Stouffville Women's Liberal Association was held on Feb'y 28th at the home of the president. Interesting papers on Canada's prosperity were given by different members, also a talk on the budget by Mrs. Jas. Mowat. Two very pleasing recitations were given by Miss Edith Borinsky. Members who attended the Ontario Women's Liberal Association executive held in Toronto, on Feb'y 22nd, were Miss Sangster, Mrs. Jas. Mowat, Miss A. Baker and Mrs. Borinsky.

Mrs. T. M. Bruels who lives with her daughter, Mrs. Andrew Johnston, at 564 Church street, Toronto, celebrated her 76th birthday last Sunday. Although confined to her bed Mrs. Bruels is bright in mind, and entered into a real birthday event, and she desires to thank those who sent cards or expressions of good will. Among those present on Sunday at the home were: Mr. & Mrs. John Bruels; Mr. and Mrs. W. Bruels of Farrell, Pa.; Mr. and Mrs. Angus Campbell; Mr. and Mrs. A. Johnston; Mr. and Mrs. L. Elasser; Mr. and Mrs. J. Eby; Mr. and Mrs. Jas. White of Burford; Mr. and Mrs. H. Pipher of New Liskeard; Mr. and Mrs. C. Klippert of Detroit, Mich.; Mr. and Mrs. Well. Cober of Hespeler; Mr. and Mrs. John Bramley; Mr. and Mrs. John Gray; Mrs. Robt. Shields; Mr. and Mrs. O. Reynolds.

Mrs. Fred Wilson was called to Toronto last Thursday owing to the illness of her sister-in-law, Josephine Wilson, who was suffering from erysipelas, and to which disease she succumbed on Sunday afternoon. The remains were at once brought to Stouffville, to the home of Mrs. Wilson, where the funeral took place from on Tuesday afternoon to Stouffville cemetery. The late Miss Wilson was in her 74th year. She was born in Markham village, and was the last surviving member of a family of three children. She never married and spent most of her life in the County of York. The funeral on Tuesday was private.

A local citizen who purchased a bottle of choicest vland from the Toronto Dispensary last week, gathered together some friends, (for a man with a bottle in Stouffville need never be friendless), and as he proceeded to hit the bottom of the flask briskly against the side of a certain building with a view to loosening the cork, the assembly licked their lips in anticipation of the approaching convivial. The first few swats didn't jar the cork in the least, and it was with the object of causing it to pop out that the host put more pep into his stroke. The last swat proved too much for the bottle, and if a bomb had exploded it couldn't have filled the air with more surprise, as the contents flew in all directions. When the suds had subsided, the buyer of the booze was said to be standing there looking rather foolish with the bust neck of the bottle in his hand, while the nectar slowly eat into the ground under their feet. The little comedy was over, and the quartette disbanded looking as sad as a jury of undertakers.

Free picture show in Ratcliff's Hall next Monday.

Mr. John Monkhouse, tailor, was summoned to Buffalo on Monday owing to the death of his younger brother Robert.

Edward Morris of the Uxbridge townline has a Shropshire ewe, the mother of five living lambs in eleven months. This record family consists of 4 females and one male, and Mr. Morris is wondering if there is a ewe to beat this record.

The film version of the story of Jean Val Jean from Victor Hugo's classic, "Les Miserables" will be shown at the Auditorium Theatre, Wednesday, March 25. You have all heard that famous lecture; you will want to see the picture.

Mr. W. J. Mather's big Oldsmobile was ditched and upset enroute from Toronto just south of Milliken one day last week. The local undertaker who was at the wheel had a thrilling escape from serious injury as did his companion John Gower. The car struck some ice, which turned it over, damaging the fenders and smashing the glass.

On Sunday Mrs. Jos. Mowder was pleasantly surprised when all her seven children gathered about the old home in honor of their mother's birthday. In addition there were seven grandchildren present, and all some twenty people enjoyed the noonday meal at this hospitable home. Mrs. Mowder is in very good health, and in addition to this mark of esteem and love shown by her children, she was the recipient of many hearty congratulations on this birthday occasion.

The March meeting of the Women's Missionary Society of the United Church, was held last Thursday afternoon, at the home of Mrs. N. Forsyth, Church street. A copy of the interesting address of Mrs. Atkinson, president of the East Presbytery, who opened the recent convention held in Toronto, was read by Mrs. H. W. Sanders, one of the delegates. Mrs. D. E. Jones of Markham was a welcome visitor at the meeting and as usual her remarks were very inspiring and helpful. She chose as her subject, "Problems" in their relation to the Missionary Society and pointed out how these could only be overcome by the willingness of God's people. Mrs. Geo. Collard and Mrs. Sanders gave a pleasing duet, and the meeting closed with the social half hour.

The senior series of the local hockey tournament finished at the Arena on Friday night with a packed house to witness the final game between Markham and the Danforth Juniors of Toronto. The crowd came expecting a fast game and they got it, although the Toronto outfit did not show to so good advantage as on their previous visit when they met the A.D. Gorrie's of Toronto, Markham lads were superb and outplayed their opponents just a little at every turn, the final score being Markham 3, Danforth 2. The first period ended one nothing for Markham. The second period 2-1 for Markham. During this stanza the teams were two all for a time and little to choose between the opposing forces—Markham defence and the good work of Lunan in goal, probably gave them the edge on the Toronto east enders. At the conclusion of the game Mr. F. L. Button presented the gold watches to the eight Markham players for winning the senior group; and at the same time he presented Mr. Ben Doten with a similar watch for his good services as official time-keeper. Clay Baker rink manager, entertained the Toronto team to a supper which was greatly appreciated by the visitors. The attendance was one of the largest in the rink this winter, and the tournament itself was a big success every way. The junior series was not completed until this Wednesday night, when Locust Hill and Claremont were scheduled to play-off for the club bags, the trophies for the junior championship.

Cheap Power FROM Good Windmills

TORONTO

Running Water!

When and Where You Want It

On any farm of average size at least one hour a day—36½ ten hour working days a year—are spent in the irksome, wearying task of pumping water. 36½ days which one of my Toronto Windmills will give you for profitable work, rest or recreation—besides supplying running water wherever you want it.

The one bothersome task, that of oiling the windmill in all kinds of weather, is overcome in the Toronto Self-Oiler, which requires fresh oil only "once a year." Friction and wear are practically abolished. Toronto windmills, too, can be made absolutely self-regulating in operation.

The "Toronto" Tower will stand for a lifetime because it is the heaviest, strongest and best-braced one built for any windmill. Let me explain why I believe this is one of the biggest conveniences you can have.
