

## LOCAL HAPPENINGS

Next Saturday is St. Patrick's Day

Isn't it about time for the Toronto Star to photograph the Price falling off his horse?

Good Friday, April 6th, only three weeks left in which to decide on that new Easter bonnet.

John Urquhart, Jr. of Ayr, spent Sunday at home with his father, Mr. John Urquhart sr., also Mr. Charles Urquhart of Port Credit was home for a few hours on Saturday.

Last week we said something about "short skirts," and the linotype operator made it read "shirts." So far as we know there is no change in the length of the latter garment.

We are in receipt of a postal note for \$2 issued at Mt. Dennis on Feb'y 27th and signed "Mrs. S. Stouffer." Will the remitter be good enough to send us her street address, and also advise us if she is getting The Tribune now.

The letter from Ex-Reeve Silvester in our last issue giving account of his impressions in Italy was much appreciated by our readers, who will look forward to reading of Mr. and Mrs. Silvester's tour in Sunny France at a later date.

In spite of the terrific weather last Friday, Tuesday had all the earmarks of spring, and the warmth loosened up the ice bound sidewalks, so that all citizens (save a few who held to) were busy with the shovels removing the slush that their friends and neighbors might pass by, and call them "blessed" instead of something else.

One of our local subscribers who takes a keen interest in the historic spots of Europe stated that he had read ex-reeve Silvester's letter in last week's Tribune four times, he enjoyed it so much.

Turnip shippers by the U.F.O. cooperative last fall were paid 3c. per bushel this week, deferred payment on their shipments. At the time of shipment they received 12c. thus the total is 15c. per bushel.

Copies of the New Testament were presented to three boys in the United Church Sunday School last Sunday for having been present at one church service every Sabbath during the year 1927. There were no girls attained this record, although four of them had attended on 51 Sundays.

If the sports of Claremont do too much tripping about this summer they will have to be excused, as the entire eight hockey players were presented with handsome leather club bags at the local arena on Wednesday night last week, having been declared champions in the junior hockey tournament.

A well-printed newspaper is a valued community asset. Subscribers—particularly old ones—find it easy reading. Advertisers are well aware that there is a greater response from clearly printed advertisements than from carelessly printed and only partially legible ones. Better news ink so often improves a newspaper's appearance.

The only real blizzard of this winter passed over here last Thursday night, and continued all day Friday, blocking the roads in many places. Saturday morning broke like a beautiful near-spring day with a nice warm sun, and everybody seemed to be engaged in breaking roads and clearing off walks. The C.N.R. sent through a plow on Friday and their regular service was well maintained. The bus service to Toronto was suspended over Sunday.

Meet me at the St. Patrick Party this Friday evening in the United Church.

The Mennonite Quarterly meeting announced for last week is postponed until this week end, when more favorable weather conditions are hoped for.

All ladies of town and country are reminded of the showing of spring dresses at Shaw's store today (Thursday). Special arrangements to handle a big crowd.

Florence Morden, daughter of Mr. and Mrs. Preston Morden, Markham, was successful in passing her Introductory piano examination at Toronto Conservatory of Music with honors, obtaining 78 marks. Florence is only 7 years old and is a pupil of Mrs. A. J. Woods, A.T.C.M.

Send the news to The Tribune. If your society has held an interesting meeting or election of officers, have your secretary send in a report to The Tribune. Every item of news helps to keep up the interest in your society and the home news makes your paper reflect a live community.

Ab. Brown's big machinery sale this Friday and Saturday, will give farmers every opportunity to get "that missing part" for their farm implements, or a complete used machine in almost every line. The sale is announced to start daily at 1 o'clock.

On Tuesday afternoon, March 20 the Pontiac organization will give a free picture show in Baker's garage. This will be of special interest to intending car purchasers, and is open for everybody to attend. You will learn something about automobiles by attending this show at the garage.

Weather conditions were fairly good Wednesday last week, for the auction sale of farm stock and implements belonging to Fred Paullcat at Glasgow. Under the persuasive chest notes of Auctioneer Silversides everything demanded a fair price, with no fancy spots hit at all. A very good seven-hand mower sold for \$55, and a drill that had sowed quite a few crops also brought \$35. The total sale amounted to \$3,500.

Mrs. L. Vanzant of Stouffville is suffering a bereavement in the death of her brother-in-law, Harry Degeer, Toronto, and formerly of Uxbridge. The late Mr. Degeer was a painter and paperhanger by trade, being born at Prince Albert, and spending most of his life in Uxbridge town, or until nine years ago when he moved to Toronto. He was a valued member of the famous Uxbridge quartets. The funeral last Friday took place to Uxbridge cemetery.

In renewing his subscription to The Tribune, Councillor F. W. Mertens, of Weston, Ontario, who took such an active part in the organization of the Stouffville Old Home Celebration last summer, writes us thus: "Since you have rejuvenated The Tribune it is like a weekly letter from home, and we certainly look for its arrival each week with anticipation and pleasure." Thanks Brother Mertens, kind words never die.

Owing to the storm last Friday, David Gray's farm stock sale at Ballantrae was postponed until Monday, when Mr. Gray hit on a fine spring-like afternoon for which to dispose of his goods. The sale was not a large one, but a big crowd gathered nevertheless, and prices were good. The feature sale of the afternoon was the selling of the fancy team of bay horses to Messrs. Harry and Walter Brillinger, local gardeners, for \$375. This team is always admired as they pass along the road by those who love to see good horse flesh. David Gray, who is giving up farming, will be succeeded on the place by his brother.

Legislation isn't carried out on a gratis scale out in the Townships as it is in Stouffville where the council get no pay. We notice by the auditors' report of Markham Township that the members of the council drew in salaries over \$1100 for their services in 1927. The bill is made up as follows: Reeve W. Gohn, selecting jurors \$13.45; Reeve Gohn mileage and fee \$372; J. R. Campbell \$275; J. S. Honey \$250; R. L. Stiver \$250; F. Coakwell \$250. L. Middleton, road superintendent, in nine months last year drew \$1260 in salary and mileage, one half of which is paid by the Provincial government.

Hugh Clark was fortunate in striking a good day for his auction sale at his farm near Ballantrae, on Thursday of last week. There was a very good attendance, in fact the crowd was large, and prices ruled well up. Cows sold as high as \$135 the top notcher going to Mr. Robert Miller, the well known breeder of Shorthorns. A four-year-old horse sold for \$180 and a mare of more advanced years brought \$140. Despite the slump in the hog market, prices in swine also ruled upwards, two cows bringing \$82. Suckers were knocked down at \$3.10 each, the price of a good hotel-roast of beef. The entire sale realized well up to Mr. Clark's estimate placed before the auction.

The Stouffville "left handers" almost defeated a team of right hand granite rock twirlers the other day. As a result of their loss Reeve H.W. Sanders, W. H. Shaw, Wm. Waddell and Jas. Muston, had to provide an oyster "feed" for T. Birkett, S. Armstrong, Peter Lehman and F.L. Button.

Bring the whole family to the Hot Supper to be served in the basement of the Christian Church next Tuesday evening, March 20th. You have been there before and may expect just as enjoyable a time on this occasion. Orchestral music. Admission 35 and 25c. Let no one miss this supper.

John Ratcliff, Ed. Davey, D. H. Ruisnell, John Dougherty, skip; score 12-14, all in favor of Stouffville.

The first enquiry received by the Board of Health in response to their weekly notice in this paper that questions pertaining to health would be answered, comes from a man who wants to know what to do for baldness on his head. This comes as a joke, as the gentleman who didn't sign his name knows perfectly well that nothing can be done that will cause hair to grow on wood, although we have heard of some tonorial artists who claim to sell a tonic that will grow hair on a door step.

Ratcliff's Hall contained a nice sized audience on Monday evening to hear the lecture and witness the moving pictures exhibited by Mr. Walsh on behalf of Stiver Bros., local distributors of Ful-O-Pep feeds. Mr. Walsh held his audience for more than an hour as he talked on the breeding, housing, feeding and diseases of poultry. The views started with an interesting reel on the world's poultry congress. All present declared the program was of assistance to them, and a value to any poultry raiser. The entertainment will be repeated at Unionville this Thursday evening.

Don't miss seeing the screen version of Victor Hugo's most wonderful story "Les Miserables" at the Auditorium on the afternoon and evening of March 28th. Although this story first appeared in 1862 it has since been translated into at least ten different languages and still preaches its gospel. To Hugo a clear understanding of any evil was essential to its cure and in this story he portrays in glowing panorama the story of the sins and sorrows of humanity, and works out the spirit of kindness and brotherhood which makes man more to man than a mere being upon whom one might fully exercise his wit or with whom one might profitably do a deal.
