REAL ESTATE—We have sold houses and vacant lots in Stouffville away below the price asked for them so that one never knows where the are at, unless you deal with a reliable real estate agency such as we conduct. Few seem to know the real worth of their property, so it is better to consult someone experienced in the business. We do not want listing away out of sight either, as we wish to do what is right all round. An honest deal is no robbery. **JACOB YAKE**, west of railway tracks, real estate, Stouffville.

RESPONSIBILITIES

You can't be a real man without them. Your wife and family constitute your first responsibility. Their financial protection when your earning power ceases because of disability or death can be assured by the **One and Only Sure Method**. Secure for them immediately what you might hope to attain by years of toil and planning.

THE MUTUAL LIFE

(Oldest on the continent) as your trustee and their protector, will fulfil your utmost desire no matter how soon the time of need may come.

VETERAN CITIZEN TAKEN BY DEATH

Coming to Stouffville a little over 39 years ago, Mr. William Malloy, one of the town's oldest citizens passed away just following the noon hour on Saturday last, March 17th, 1928 at the home of his son H.J. Malloy, where he had lived the last few years. Despite his advanced age, being in his 86th year, Mr. Malloy possessed a keen intellect and his strength was such as to enable him to shave himself only a couple of days before his death. The late Mr. Malloy came to Stouffville in Dec. 1889, and purchased The Tribune, putting out his first paper with the new year issue. He was born in Vaughan Township, at lot 35, Con. 4, in 1842, and at 18 years of age obtained his public school certificate. His first school was at Edgeby, but he did not remain with the public school staff long, for he went on to University, attending Queen's for three years, and finally Toronto University where he obtained his B. A. degree in 1870. He was head master at Port Rowan High School two years, and spent 2 years on the Beamsville staff, two at Streetsville, and for five years was a member of the staff of the St. Catharines Collegiate Institute. Retiring from the profession he served for a short time as a missionary at Almonte under the Methodist Church. Following this he located on a fruit farm at Forest, Ont. where he spent eight years. It was from this point that he came here to Stouffville and entered the newspaper business, being editor and proprietor of this paper for 25 years.

The late Mr. Malloy was a valued citizen, and gave much of his time and ability to public affairs. For years he represented Stouffville on the Markham High School Board of those days, and he was also the librarian at the old Mechanics institute that will be remembered as being over Lehman's shoe store. He also served as a member of the municipal council. Mr. Malloy was a great student of nature, and was a man generally liked, and highly respected by all who knew him. Mr. Malloy loved books, and could converse intelligently with the best of them on literary matters. He was married in 1868, and for more than half a century he and his life partner journeyed through life together, or until two years ago when Mrs. Malloy died. They attended and were members of the former Methodist Church in Stouffville, Mr. Malloy having served as a member of the official board for some years.

Mr. Malloy is survived by an only brother living in Toronto, and by an only son Howard.

The funeral on Tuesday from the late home, took place to Stouffville cemetery, the service at the house being in charge of the Rev. H.S. Warren, pastor of the United Church.

Many were the old friends who gathered to pay their respects to the memory of a true and tried gentleman whose spirit is borne into the Great Beyond.

MARRIAGES

BERRY-PENNOCK—On Saturday, March 3rd, at the home of the bride, by the Rev. J.R. Patterson, Anna J. A. Randall Pennock, formerly of Shannonville and Stouffville, to Frederick John Berry of "The Willows," Yonge St. Aurora.

OLD BOYS AND GIRLS IN TORONTO

Two successful evenings have been held in the last month by the Stouffville Old Boys and Girls Association of Toronto, first a Hard Time Party at Hygeia Hall and then the annual meeting at the home of the Misses Hoover, 1105 College street. It has become a sort of rule that whenever the Association announces a public entertainment and get-together, at least two hundred old friends and acquaintances will meet to renew their friendship.

A departure from the regular run of Association meetings was made when the Hard Timers assembled in semi-hobo costume and joined in the grand march, went happily through the historic square dances or progressed through the games of euchre. Organizer-in-chief and master of ceremonies Ernest D. Lott had the assistance of a large, able and willing committee. Mrs. F. D. Nighswander had charge of the card tables, Mr. and Mrs. Jas. Miller looked after appetizing refreshments, Britton Flint made the piano talk, while for violinist and caller-off the merry-makers had Mr. J.H. Trout and Mr. T. A. Foster. With more than 200 present, the small charge netted a goodly sum to help swell the modest balance in the Association's funds.

Reporting to the annual meeting on the year's work, Miss A.B. Clark, secretary, summarized the activities of many workers by telling of two organization meetings, six executive meetings, three social evenings and one celebration; besides the sending of 2,908 letters and the enrollment of 237 members. It was decided that for the next year, in order to keep the Association within its budget, notices of meetings will be sent officially to paid-up members only. All other old Stouffville folk will be welcome as usual at the public affairs arranged from time to time, but the mailing list will be kept within these limits for the year. It was evident that after a single year's existence the Stouffville Association was one of the largest and liveliest in the Toronto district.

HOTEL MISTRESS DEAD

Mrs. Robert Andrews, widow of the late Robert A. Andrews, and proprietress of the Franklin House in Markham village, died suddenly in that village last Tuesday night. As she returned from a drive in her automobile she suffered a stroke, and expired four hours later.

In her death Markham village loses an outstanding citizen. She was well and favorably known in the counties of York and Ontario. There survives her two children, Ross and Alma of Markham, and a sister, Mrs. Fred Norton of West Hill, also three brothers living at West Hill, and a fourth brother in Toronto.

THE SCHOOL BOARD

Chairman C. E. McLeod had an easy task in presiding over the regular March meeting of the school board on Friday evening last. The amount of business was not great, and the members were quite in unison on the matters under discussion.

John Gower was appointed treasurer officer at a salary of \$15 for the year, an amount calculated to keep him in shoe leather while transacting business which comes to him under this department.

The council will be asked to provide the necessary overdraft at the bank to finance the board until the next tax returns begin to roll in, and they also sanctioned the list of supplies requested by teachers after which the following accounts were passed, and adjournment made:

Jas. Mowat, supplies.....	\$ 4.10
The James Texts.....	4.04
J.M. Storey, supplies.....	31.40
Express.....	1.45
A. Britnell, books.....	24.12
A. E. Button, account.....	24.75

LOCAL HEALTH BULLETIN

Sound Teeth.

Whether or not a building is safe and sound depends upon the materials used and the skill of the workmen. Our body-cells are skilled in the building-up process, but they must be given good materials for this in foods we eat. If there are to be sound teeth, there must be provided the materials from which to build such teeth.

Mineral elements, such as calcium, form a large part of the teeth which, in many ways are like bone. The outer surface, or crown of the tooth, is much harder than bone. This outer surface or enamel is the hardest substance in the body.

These mineral substances can only be secured from the food eaten.

In other words proper foods must be eaten if we are to have sound teeth.

The kind of teeth a child has, depends upon the food his mother ate before his birth, upon what food he received during his earliest years.

The beginning of a tooth is laid down very early in life, at the tenth week foetal life to be exact. This is one of the reasons why expectant mothers should know what to eat.

What are these foods that the expectant mother and growing children must have for the proper building of teeth? Foods possessing these elements, are milk and milky products, whole grains, leafy vegetables, such as celery, lettuce and spinach.

It will be remarked, whenever the question of diet is considered in relation to health, that milk and milk products are of the first importance and following closely, are green leafy vegetables and fruits.

When—as a nation, we begin to eat intelligently, many of our ills will disappear, and we will become a sturdier, healthier people.

Questions concerning health, addressed to Dr. E. A. Dales, M.O.H. will be answered. Questions as to diagnosis and treatment will not be answered.
