A CALIFORNIAN WRITES HOME

Stouffville, Mar. 21, 1928

To Editor Tribune:—

I received a letter last week from an old Stouffvilleite now in San Gabriel, California, which contained some items that I thought might be interesting to some of the readers of the Tribune, who lived here thirty five or forty years ago. It refers first to Mr. Richard Cunliffe (of more recent date). It will be remembered that Mr. Cunliffe was in business here for some years in the store now occupied by Dominion Stores in the Silvester block, under the firm name of Cunliffe & Peters. He had a son, a clever, bright, young man of about 21 who was in his second year at the University, and he contracted pneumonia and died very suddenly in California, after a short illness in February last. It speaks of Mr. and Mrs. Willis of Uxbridge, having arrived there lately. Mr. Willis is a druggist, and served his first year in drugs with Dr. R. Rowan here, in the drug store which stood on the lot, where Mr. F. L. Button's residence now stands. A number of people who used to live in Stouffville live there now. Among them are mentioned Mary Jane Smith (now Mrs. Walker). She is 78 years of age and is in very poor health, being confined to her bed for a month now. She and her sister Emma (now deceased) lived with their mother Mrs. Smith, sister of the late Edward Wheeler, sr. in a little house situated on the lot now occupied by A. Grubin, jewelry. It was later moved up Mill street and the very same house is now occupied by Mr. Murray Hill, blacksmith. Mention is made of Mr. Wakefield Fenton, he will be remembered as one of the old Stouffville boys, a good head, and liked by everybody, and was known by the name of "Wake". He is now 81 years of age, very thin and frail, but still the kind and pleasant "Wake". Mr. and Mrs. Matt. Flint live in California, and are both hale and hearty. We all know "Matt", and he is enjoying life as well as he did when we used to go to the Salvation Army thirty-eight years ago. Other names are mentioned in this California letter, but I thought the ones I have referred to, would be of more interest to our older friends. The lawns are all green there, Calla Lillies, Blue Flags Yellow Marigolds and whole hedges of Geraniums are in full bloom. I hope these few lines will prove interesting to many who used to live here, and read the Tribune in distant lands. Respectfully yours,

A. S. Leaney

AN UNFAIR LAW

(Orillia Packet and Times)

It is not generally understood we imagine that under the law if a person has insurance on certain property in several companies, and adds further insurance without notifying the other companies already on the risk, he is entitled to recover only sixty per cent. of his loss. Moreover if he were insured in six companies, and notified five of them of the additional insurance but failed to notify the sixth, he could collect only sixty per cent. from all the companies—those he had notified as well as the one he had not.

In this respect, the law appears to us unfair—not to use a stronger and harsher term. It is intended to prevent fraud, not to put a weapon in the hands of the companies in case of inadequate neglect. The Company which was not notified that here was other insurance is doubtless entitled to protection, even though no fraud may appear to have been intended. But why should the companies which were aware of the whole situation be relieved from their full responsibility?

Most business policies contain a clause providing that "further concurrent insurance permitted without notice until required." This has the effect of nullifying this particular clause in the law. But the majority of people do not know the position they may find themselves in if they fail to get this disclaimer included in their policies, or to give the notice required by the act, and agents are not always careful to inform them. It is true that the companies do not, as a rule, take advantage of the clause if they are satisfied that there was no intention to deceive. But in case of honest difference of opinion they should not have such a club placed in their hands by law.

We have no doubt that it was not the intention to relieve companies that had received the required notice of 40 per cent of their liability, and that, once his attention is called to the unexpected interpretation that has been placed on the clause by the courts has been called to his attention, the Attorney-General will see that the law is amended so that it will protect the companies without unfairly prejudicing the insured.

Meanwhile it would be well to make sure that the required notice has been given, or that your insurance policies contain the clause waiving it. If in doubt consult an experienced insurance agent.

U.F.O. MEMBERS—Send in your orders for B.C. Shingles, Wire fencing, Salt, Fuel for next winter, etc. Phone 1402, The Secretary.

NOTES AND COMMENTS

Thirty years ago a railway ticket from here to Vancouver cost \$30, and today the first class fare is \$32. Some advance, says the Beaverton Express.

.....

The cost of the last great war, 400 billion dollars, would have provided a comfortable home, it is said, for every family in at least ten countries of the world, or a \$2,500 house erected on a five-acre lot, furnished with \$1,000 worth of furniture, for every family in the United States, Canada, England, Ireland, France, Wales, & Russia, and would have given a \$500,000 hospital and a \$10,000,000 university to every city in the countries of over 200,000 inhabitants. Even then there would have been money left over.

.....

The Boy Scouts are organizing in the village of Beaverton, and in order to secure funds to equip a meeting room, they are undertaking to collect a load of waste paper and magazines. The point for us is that there is evidently a market for this sort of material just now, and if so, it might be well for some local organization to gather a car load in Stouffville where we are sure one is available. Such an undertaking has two good features, the ridding out of a fire menace, and the turning of useless goods into cash.

.....

Warkerton Times—"It is almost an offence against Canada's banking institutions to state that in the U.S. 98% of the cheques issued in that country are cash at par. This is a fact made public just a few days ago by the editor of the American Government's official paper of Washington. The system of banking over there where federal reserve banks are established at regional points are the clearing houses and fountain heads of all the national banks in the regions enable money to be transferred from one bank to another without charging the customer any exchange on the cheques he presents. Canada's banking system is considered to be quite as sufficient in every detail as is that of the States yet in the United States there is no exchange on the cheques, a circumstance most people in Canada will consider gives the palm of superiority to the banking system across the line. Canadian banks would increase their popularity by working out some means to confer a similar boon on the people of Canada."

NURSEY STOCK

When buying Nursey Stock get it from an old established firm like Stone & Wellington, who will give you the best stock for the least money "all told." Make your enquiries by phoning 1913, A. S. Collins, Stouffville. (Over 25 years experience in the fruit business).

Transform the Attic with a Beautiful Floor

It's surprising what you can do with an attic or store-room, once you start. Cleaned and tidied, with freshly tinted walls and curtained windows and a floor covered with cheery Dominion Linoleum, it becomes a real room—a room that compares favorably with any in the house. And the best and brightest feature is the floor.

Dominion Linoleum has a firm, smooth, waterproof surface that takes all the hard work out of cleaning day. All the dirt is on top and is easily and quickly brushed away. Dominion Linoleum wears for years. You could not wish for a finer floor or one that gives you less trouble. There are patterns and colorings suitable for every room and the cost is surprisingly moderate.

Dominion Linoleum Rugs

Dominion Linoleum Rugs possess all the practical features of Dominion Linoleum. They cannot tear or crack and lie smooth and flat without fastening of any kind. Made in all the popular sizes in a wide range of attractive designs and colorings.
