

LOCAL HAPPENINGS

Wednesday market day next week

Now is the time to clean up. Get the old cans, bottle and rubbish carted away early, is the admonition we read in many weekly papers coming into The Tribune.

A young girl from Ringwood was boasting that she could change a tire as quickly as a man. That's not so wonderful. Look at the practice some girls get in changing a tire.

Messrs. Jos. Mowder and son Fred were in Newmarket last Friday attending the funeral of the late Samuel Macconochie, a former well known traveller for the British American Oil Co., in this district.

Owing to May 24th falling on Thursday next week, and being a public holiday, the regular Stouffville market will be held on Wednesday and the Stouffville stores will remain open all day, not observing the usual half holiday.

The Stouffville Parks Commission decided last week to construct an up-to-date new diamond at the local park grounds. The home plate will be moved nearer the grand stand, which will improve the view of the spectators who wish to sit down to watch a game. Work will be commenced this week, and rushed to completion ready for the baseball boys.

open Tuesday, Thursday and Saturday evenings and close Wednesday afternoon.

F. Y. W. BRATHWAITE

Successor to Silvester Bros. Hardware

We want the news from all points. Send it in early.

Mr. Arthur Lehman has taken a position with the Canadian National Railways at Bowmanville for an indefinite time.

Spend the evening of May 24th at Lake Musselman for the opening dance of the season at Baker's Pavilion. Power's orchestra. Note the date, Thursday, May 24th.

Mr. J. R. Wheeler has sold his large cottage at Jackson's Point for \$12,000. Mr. Wheeler was born in Stouffville, and is quite well known to our older residents.

Market: Eggs were firmer last Thursday on the Stouffville market, advancing 2c. to 27c. per dozen. Butter 40c. pound, and hens 28c. pound.

The town of Uxbridge are calling for tenders for the construction of another block of cement roadway. These roads are very expensive, but so permanent as to upkeep that the cost is almost negligible.

Mrs. John Park of Vancouver, is a constant reader of the Tribune, and says in making her renewal by mail that she "certainly enjoys the home paper and would miss it greatly if it failed to arrive". Mrs. Park is a remarkable lady in that although over eighty years of age she travelled unattended down east two years ago, and visited among friends in this locality.

John Brignall, proprietor of the barber shop and pool room in Claremont is summoned before the bench charged with permitting gambling on his premises. It is said that boys congregate in his place and "stump" each other to "match" for the chocolates, and the information got to the ear of an individual with whom Brignall is not on good terms, hence the charge laid before the magistrate in Ontario county.

County Constables Wm. Miller and Lorne Reid of Claremont made an arrest near that village on Saturday morning last when they took into custody two young men who were travelling along the railway near the Claremont station on foot. They were charged with breaking into the station at Dagmar and stealing a pair of long rubber boots, and as they had the goods on them they were almost self-convicted on the spot. The couple said they hailed from Sudbury, but they were taken to Brougham and finally to Whitby for trial.

Wanted—Hanging lamp, must be in good condition. Apply Tribune office.

Lakeview House at Jackson's Point will open for the season on May 23rd.

Those who have the ready cash are putting in their coal this month for next winter's burning. The price is around \$13 or \$13.50 per ton according to whether you do your own hauling or not.

Keep in mind the Choral concert in Ratcliff's Hall under auspices of the Women's Institute this Friday evening, and also note that the proceeds of the last concert \$70 are in the bank to the benefit of the class for next year. Get tickets now for Friday night and be sure of admittance.

A meeting of the members of the Stouffville Bowling Club will be held in Ratcliff's Hall on Monday evening, May 21st, at eight o'clock for the purpose of selecting rinks for the season and other business. Every member is requested to be present. Neil Smith, secretary.

Stouffville W. L. Association Annual—Do not forget the date of the Stouffville Women's Liberal Association annual meeting to be held at the home of the president, Edith F. Sangster on Tuesday evening, May 22nd at 8 o'clock. An interesting program is being prepared and a hearty welcome extended to all members, and any others who feel interested enough to be with us.

While engaged in the barn yards on his farm a mile and a quarter north of Goodwood last Saturday, James Wagg was attacked by a bull and seriously injured. The animal which seemed passive up to the time of attack knocked Mr. Wagg down tramping his body and goring him before he could regain his feet. He barely escaped being killed by crawling out of reach under some other cattle which stood about the yard. The injured man was rushed to the hospital in Toronto, and besides minor injuries is suffering from a fracture of both shoulders.

The baby girl of one year belonging to Mr. and Mrs. George M. Lee had a miraculous escape from death on Wednesday last week, when she fell from an upper window of the home two doors east of the Presbyterian church, to the ground below. In landing the child barely missed falling on the cement sidewalk at the side of the house, which might have proved fatal, or at least serious. When the child was picked up, she lay with her head on the cement walk, and was only slightly stunned from the fall. The paper hangers were engaged in the upper part of the house, at the time of the accident and had opened the windows.

Reeve Pollard of Uxbridge, has been advised by the Dominion Government that they will not inaugurate a mail delivery system in that town. The Postal Department would not consider such a step in any municipality of less than 10,000 and with a revenue under \$35,000 per annum. Why an official in Uxbridge should ask for such a privilege we do not understand, when they have to pay now from \$2 to \$5 for the privilege of getting their mail out of a box in the post office. Why not be reasonable in demand, and ask for merely a moderate charge for post office boxes? No one in places the size of Uxbridge or Stouffville should object to carrying their mail.

Mr. Harry Sawyer, rural mail courier on route No. 3, Stouffville, is giving up the job, and tenders are being called for, from which to pick a new man. This route runs from Stouffville up into the sand hills of Uxbridge township along the second concession, returning via the gravel hill and the 10th concession. After several years experience Harry finds there are other lines of employment more attractive and remunerative than carrying His Majesty's Royal Mail. During the past year, and in fact every year he has been on the job he travelled 6000 miles in order to fulfil his contract. Like other places someone will be found to take on the work at an unprofitable figure, but that's no fault of the government if people are foolish enough to tender at ridiculously low figures.

The Dominion Government is undertaking an immense work on behalf of the military and naval department in preparing a new map of the Dominion of Canada, for which one of their surveyors is now working in this territory. For some weeks Engineer Cruickshanks has been putting up at the Mansion House, and is occupied in surveying every foot of land in the territory. We understand photographs were first taken by aeroplane, then the surveyor comes along and uses this in the formation of his map, which marks every grade, hill, water place, every roadway, farm, village. In fact the minutest detail is recorded. When one considers this work is being carried on from the Atlantic to the Pacific, some conception of the magnitude of the undertaking may be had.

Quantity choice Bell Deposit Potatoes for sale. R. Stewart, Phone 1208.

Parties dumping rubbish on the lot at rear of my store will be dealt with if the practise does not stop. A. G. Lehman.

Spend the evening of May 24th at Lake Musselman for the opening dance of the season at Baker's Pavilion. Power's orchestra. Note the date, Thursday, May 24th.

Mrs. Wallace of Lemonville who would have been 96 years of age next October, passed away during Tuesday night quite unexpectedly. As we go to press funeral arrangements are not complete.

The Stouffville Junior Institute are arranging to bring the United Church Choir to Stouffville on May 31st to present the five-act play, "The Fruit of His Folly".

The Stouffville Band has again been engaged by the Brooklin Spring Fair Association, to furnish the music for their annual show to be held this year on June 9th (Saturday).

Mr. George Brown of Goodwood, was struck by a freight train, backing into Goodwood station and narrowly escaped serious injury. The automobile in which he was driving was wrecked. Mr. Brown escaped with only minor cuts.

Our townsman Mr. W. H. Todd celebrated his 73rd birthday on Tuesday, by hanging out his shingle with the inscription in big gold letters, "Business as Usual". Three years over the allotted span hasn't made our pioneer business man one whit older. Congratulations.

A few young men who were said to be persistently making a disturbance at the picture theatre, narrowly escaped being hauled before Magistrate Brunton this week. Young men and boys should resolve to stage their fun out of doors and go to the picture theatre prepared to maintain order.

The council of Stouffville are still grappling with the 'dumping question', while the citizens continue to complain against the apparent 'slowness in calling on the "clean-up day"'. Certainly the council have placed themselves in an awkward position in their haste to close the dump that existed for the past three years, but they hope to have the matter solved this week by getting permission to deposit the cans on the 8th concession in a bog hole near Ballantrae or by the purchase of a new grounds east of Stouffville.

One of Markham's very oldest citizens, Benj. Stover, father of Mr. Victor Stover who recently purchased Fred Paulic's farm at Glasgow, died at his son's home on Friday where he had gone on a visit. Mr. Stover was 81 years of age and had not enjoyed good health of late. He lived in Mount Joy for 28 years, and spent all his life in Markham Township. Mr. Stover was married 56 years ago, and besides his wife who is 77 years of age, he is survived by three children, Mrs. Wm. Bell of Uxbridge, Mrs. J. K. Byer of Markham, and Victor at Glasgow. The funeral on Sunday took place to the Wideman cemetery, Rev. E. Morton of the Christian church conducting the service.

Following failing health for the past two years, Mr. Daniel Burnett passed away at his home in the west end on Tuesday last at the advanced age of 80 years. Deceased was born in Markham, but spent all his active life on the farm near Bloomington, where his son Robert resides. Nineteen years ago Mr. Burnett retired to Stouffville, where with his wife he lived up to the time of his death. Mr. Burnett was a man of retiring disposition and shunned public office. He was a member of the Christian church and enjoyed its fellowship. Besides his wife, who observed her 73th birthday on the day of her husband's death, four children survive, Herbert and Robert, also Mrs. Phil. Lemon and Mrs. J. S. Dougherty. He is also survived by sisters and brothers, Joseph of Bloomington, Mrs. Wm. Smales of Waubeshene, and Mrs. Phil. Jones of Markham. Two half sisters also survive, being Miss Mary Burnett and Mrs. Wm. Story. Rev. E. Morton will preach the funeral service in the Christian church following interment at Stouffville cemetery on Friday afternoon.
