AN APPRECIATION

July 9th, 1928

Mr. J. S. Barkey
651 Hillside Ave.
Glen Elyn, Ill.

"Dear Friend:—
The Park Commission, Municipal Council, and Citizens generally regret exceedingly that you were not able to be present at the formal acceptance of your munificent gift, on Dominion Day.

The day was perfect, music appropriate and crowd responsive, on this unique occasion for Stouffville.

Would like to have had some of your immediate family present, so that they could have carried away the many high compliments paid the donor of such an appropriate gift.

For the gathering of the townspeople the band played patriotic airs. Dr. Ira Freel representing the Park Commission in formal acceptance of the flag, reviewed the successful business career of Jake, (as friends delighted to call you) and also spoke patriotically of the flag of the British Commonwealth of Nations, so majestically supported by the generosity of our absent friend, well wisher, and former townsman.

While the doctor was speaking the Empire flag, (a very large one) was slowly raised to the peak.

The band played O Canada, and after the President of the Toronto old Boys made a few happy comments, ably seconded by Mr. David Stouffer Sr. and his Worship the Mayor, Mr. Harry Sanders, the band concluded the happy ceremony by playing The Maple For Ever and God Save the King."
Ira A. Freel, M.D.

ALTONA

Norman Bunker enjoyed his car Sunday afternoon.

Mr. and Mrs. Jacob Meyers visited at Mr. N. Reesor's on Sunday.

Ernest Davis and lady friend motored to Little Britain on Sunday last.

Canada's Market — The Empire

ROLL down the map of the world. Follow the British Empire red through the continents and across the seas. There you see beckoning markets for Canada—where fewer trade restrictions intervene, where British tradition is appreciated, where Canada is known. There we can sell. There we can also buy.

Canada is buying more Empire goods than ever before—things we cannot grow or make—raw materials for our factories. Since 1922 Canada's imports from Empire countries have increased 67 per cent. Last year we bought Empire goods to the value of \$250,000,000.

And what is Canada selling the Empire? Last year we shipped \$500,000,000 worth of our products to other British lands, an increase of 44.3 per cent. in six years.

The various parts of the Empire want more Canadian goods. A demand exists among them for Canadian manufactures, or for the products of Canadian lands or waters. But we must see that our exports are maintained at a rigid standard, that they are packed as consumers desire, and that our prices are right.

To encourage this growing Empire trade, eleven of Canada's twenty-four Trade Commissioners abroad, are working in Empire centres. They are familiar with the demands of the people among whom they live. Their services and the information they gather are at the command of any Canadian producer or exporter. To get into touch with Trade Commissioners, write the Commercial Intelligence Service, Department of Trade and Commerce, Ottawa.

When you buy Empire goods, you do a part in making possible greater Canadian exports to these sister countries. Where we sell, we must also buy.

The Empire Opportunity in Manufactured Goods

Of 38 groups of manufactured goods Canada sells the Empire to the total of \$178,000,000. It is to be remembered that the Empire imports from all countries these goods to the amount of \$2,571,000,000. The British Empire presents a tremendous opportunity for the development of export on these commodities.
