CASHEL
Harvey Houck has greatly improved his residence.
The Township Council have made a decided improvement in the road along the sixth concession. What a pity good roads won't last any length of time, unless built of cement.
Russel Lotton is gradually recovering from injuries received while blasting on the farm of Leonard Roberts, where extensive improvements are being made to the farm. The explosion went off before Mr. Lotton got away from it, and he sustained nasty flesh wounds to the arms, face and neck. His hearing was injured, and he has not fully recovered this one of his senses.

BLOOMINGTON
Miss Jessie Mahon of Agincourt is visiting with relatives here.
Mr. and Mrs. Grant Barnes of Woodville were at home on Sunday. Mrs. King, son and daughter of Chatham spent over Sunday at E. A. Story's.
Miss Mildred Lemon of Toronto is spending holidays at her home here.

Congratulations to Mr. and Mrs. George Coppins on the arrival of a baby boy.
Mrs. John Hill and daughter Cassie of Chatham are visiting her sister, Mrs. Mahon.
Someone said the other day that Bloomington cemetery looked very inviting now. Well, if the graveyard ever was an inviting place, ours certainly looks more thought of and cared for since the different "bees" were held.

THE 1929 MARKERS
After a series of tests, the Ontario Department of Highways has decided to change the color of the motor markers for the year 1929. It was originally intended to use the same combination of colors that was used this year—black letters and figures on a yellow background. Further experiments have convinced the Department, however, that under traffic conditions a new color scheme would probably provide better visibility. As a result the markers for 1929 will be composed of a "battleship" grey background with black letters and figures.

The newest attraction at the Lennox Picnic will be several sea flea races. The sea flea races are drawing immense crowds wherever they take place. These miniature hydroplanes almost fly over the water. They are the newest racing attraction along Toronto's waterfront. To see these planes alone will be worth a trip to the picnic.

50th WEDDING DAY
The home of Mr. and Mrs. Louis Nichols, Victoria Square, was the scene of a happy gathering, when about fifty friends and relatives met to offer their congratulations and best wishes to Mr. and Mrs. James Wellman, Stouffville, on the occasion of the fiftieth anniversary of their marriage. After the guests drank to the health of the bride and groom, Mr. and Mrs. Wellman were presented with two chairs and an address signed on behalf of those present.
Among those who came from a distance were: Mr. George Wellman, London; Mr. and Mrs. Alfred Bothright, Galt; Mr. and Mrs. W. A. Helmkey, Creemore; Miss Dora Helmkey, North Bay; Mr. and Mrs. J. A. McCague and Miss Myrtle; Mr. and Mrs. David Wellman, Misses Verna and Emma Wellman, Mr. and Mrs. Munay Wellman, Mr. and Mrs. Wm. Wellman, Mrs. Chas. Wellman, Mrs. Marjorie, Messrs. and Harold Wellman, Frank Wellman, all of Toronto; Mr. and Mrs. W. H. Wellman, Miss Ruth, Masters Melvin, Leonard and Allan Wellman of Headford, Mr. and Mrs. Wesley Wellman and family, Richmond Hill; Mr. and Mrs. Ralph Wellman, and Master Paul, Claremont.

It was a unique gathering and a joyous reunion of the family of the late George Wellman in honor of the golden wedding of James, the oldest member of a family of twelve, six boys and six girls. Eight of the nine surviving brothers and sisters of the groom were present, Mrs. Levi Wice, of Calgary, a sister being the only one absent. Mr. James Wellman was born in Markham Township on what is known as the old Steele farm. Fifty years ago he was married to Sarah Barker, and on Saturday the fiftieth mile post in their happy married life was marked by a family gathering. For about ten years after their marriage they farmed on the second concession of Markham and afterwards kept store and the post office at Headford for nearly thirty years. The bride and groom of fifty years ago are enjoying good health today and on this unique occasion were the subject of many good wishes and happy felicitations from their relatives and many friends in this district.
The family of the bride and groom, Mr. Harry Wellman who lives with his parents, Mr. Ralph Wellman of Claremont, and Mrs. Alfred Bothright of Galt, were present, another daughter, Miss Ella Wellman a nurse across the Line was ill, and was unable to be present.
The following address was read by Mrs. David Wellman, and the presentation made by Messrs. Frank and George Wellman. The bride replied to the address. The flowers for the occasion were furnished by the Misses Hopper.

The Address
Dear brother and sister, auntie and uncle, grandmother and grandfather, we have gathered together this afternoon in memory of a happy event which took place fifty years ago, January 30, 1878, at the home of the bride's father, Daniel Barker on the 2nd concession of Markham, when Rev. Mr. Totten united in bonds of matrimony, Sarah Barker and James Wellman.
Not many are spared to travel together so many years, and we are here to congratulate you on your long life together.
It was always a pleasure to meet you in your home, a home that had an atmosphere of its own, no other home was just like yours, and to show our love and appreciation of the happy times we have spent together we would like you to accept these chairs, just a small token of our love to you, and our hearty wish is that you may long be spared to use them. We hope we will meet you in your home many more times and enjoy fellowship together as in the past.
Signed in behalf of us all.

ROD AND GUN
The August issue of Rod and Gun and Canadian Silver Fox News, which is just published, contains a highly interesting collection of yarns and stories of outdoor Canada and hunting and fishing. In the list there is a very good story of a more unusual humorous type in "So This is Moose Hunting" by John Richmond. The contents also include several articles of a conservation note, as well as useful information for hunters, fishermen and campers.
Rod and Gun and Canadian Silver Fox News is published monthly by W. J. Taylor Limited, Woodstock.

SALE REGISTER
SATURDAY, JULY 28th—Sale of general household furniture, garden tools, poultry, 15 cords split hardwood, at residence of Edw. Walls, east end, Stouffville. Sale at 1.30. No reserve. F. W. Silversides, auctioneer.
SATURDAY, JULY 28th—Auction sale of one car of horses, consisting of Percherons and Belgians, 3 to 3 years, well broken at Machel's Livery Barn, Aurora. Sale at 2 o'clock standard time. F. N. Smith, auctioneer.
SATURDAY, AUG. 4th—Entire Household Furniture belonging to the estate of late Mrs. Wm. Mordey, will be sold at late residence next Church of England. No reserve. Sale at one. Geo. Keays, Auctioneer.

IN MEMORIAM
In memory of Lucinda Conner, who fell asleep on July 25, 1927.
God saw the road was getting rough, The hills were hard to climb, And so he closed her weary lids, And whispered "Peace be thine".
From daughter Estle, husband and family.

BOYS POTATO CLUB
The following is a partial list of members of the Downtown and West Toronto Kiwanis Clubs who are financing the Ontario County Farm Boys' Potato Club. Each Kiwanian is linked up with a boy and will endeavor to visit his boy during July or August.
The boys should take pains to have their potato plots in good shape for inspection. A very attractive prize list is being prepared and a good time is promised the boys in the Club next fall when they go to Toronto.
One hundred and twenty-five boys received a bag of certified Dooleys and 50 pounds 2-12-4 fertilizer which they applied on three-fourths of their plot.
If any boys name in Uxbridge Tp. or Pickering does not appear on this list he should communicate at once with W. M. Crosskey, Uxbridge, so that he will not be left out. There is uncertainty over the identity of one boy.

CUT THE WEEDS
Municipalities are paying more heed this year to the Act governing the cutting of weeds, and in Stouffville the work has been carried out, during the past week, although the main street is in shameful condition in some places. This roadway belongs to the county, and the town men make sure they do not trespass on it to do any work. However, a few hours work on this main thoroughfare might be done by the corporation of Stouffville if only to improve the general appearance. Otherwise the council should lodge a complaint with the County and Provincial Road Commission against the manner in which weeds are standing. Fortunately most residents have enough pride in their respective properties in town to do this cutting, which after all takes very little time.
Town and Townships that do not keep their municipal roads properly cleared of weeds face a likelihood of having their provincial grants for road maintenance withheld by the department of highways, according to the terms of the revised Noxious Weeds Act, which has now gone into effect. Under the terms of the revised act the appointment of weed inspectors is compulsory in every township. The Noxious Weed Act was first introduced as a provincial legislation last year and in 1928 it has been revised in several respects. This year it is necessary for all the townships to keep the weeds down on their roads. Road Commissioners are held responsible under the act for the cutting of weeds and the cost is to be included in the cost of road upkeep. If the work is not attended to the province will withhold its grant towards maintenance of county roads in that township until the weeds are satisfactorily cut, the act specifies.

BUSINESS CHANGE
Having sold my garage business and equipment to Roy Strong (my chief mechanic) I take this opportunity of thanking my many customers for their liberal patronage since I commenced business, and I would solicit the continuance of the same to my successor, whom I believe is competent to attend to your wants in this line. Yours truly,
Ernest G. Stouffer.

LOCAL HEALTH BULLETIN
The Importance of Rest
Life consists of alternating periods of activity and rest. To live in a healthy condition, it is necessary that these periods be balanced one with the other.
If activity be too prolonged, there is a loss of efficiency. The tired eye sees less well, the tired muscles do not respond as quickly, the tired workman produces a smaller quantity and a lower grade of work, the tired brain is less efficient.
It is a well-established fact that a much higher percentage of accidents occur in factories towards the end of the day. Even under the stimulus of a patriotic fever, it was found that the number of shells produced per week, during the Great War, was increased by reducing the hours of work in the elimination of Sunday work.
A change is a rest. Recreation or play is a change which provides rest in one manner. It does not, however, provide rest in all ways. It is rest in the sense that it is a diversion, but it is not restful in the sense that sleep is. Play furnishes relief from the monotony of work, gives a free mental stimulus, but it does not provide for the rest that is needed to rebuild and restore the body-cells broken down by activity.
Periods of activity, either at work or at play, must be balanced by periods of rest, and the ideal form of rest is sleep.
When disease attacks the body, rest is one of the essentials of treatment. The patient is put to bed and is kept as comfortable as possible in order that by means of rest, the body may make its best fight against the enemy—disease.
Persons who are below par, adults and children who are underweight, benefit by added rest. Children frequently gain in weight with no other change in their routine of life except a rest after meals.
Rest costs nothing in money, but it means taking time from other things for the purpose. To do without sufficient rest is to wear out the body prematurely. Rest is required just as much in summer as in winter, which is a truth that people are apt to overlook, both for themselves and for their children.
Questions concerning health, addressed, Dr. F. A. Dales, M.O.H., will be answered by letter. Questions as to diagnosis and treatment will not be answered.

MONGOLIA
Our school trustees have re-engaged Miss Card as teacher here for a third term, speaks well for her ability as a school instructor.

BUSINESS CHANGE
Having purchased the well known and widely patronized garage business of Mr. Ernest Stouffer, in Stouffville, I wish to solicit a share of the public patronage. We are equipped with the latest appliances including a new Electric Valve Refacing Machine, the only one of its kind in these parts. This machine insures absolute accuracy in valve grinding that cannot be obtained by the old hand method of grinding.
We carry Accessories and Oils, also competent workmen. Prompt and expert service at all times will be our motto.
