SECURES MEDICAL MAN

After more than four years with-

out a resident doctor Tobermory and Lions' Head are to have a medical man again, something they have sought since the tragic death of Dr. Arthur Brown, an old Stouffville boy, who ministered to these people in that out-of-the-way place.. For over three years the matter has been before the provincial federal board, W. I. Three years ago Mrs. W. J. Simpson, while a delegate to London convention of Western Ontario W.I. branches, told of the need there was at this extreme northern part of the Bruce Peninsula for a medical man, as they were 32 miles from a doctor and until recent years were nearly 60 miles distant, the nearest being Wiarton until Red Cross Outpost was established at Lions' Head. Mrs. Simpson received no encouragement at this convention, but again in the fall, at the provincial convention, asked for a doctor, Mrs. Banks, F.W.I. representative, seeing the need, got behind the scheme, with the result that after three years, one will be placed there. He has been carefully chosen and will be placed month and paid \$1,000 yearly from the fund of \$2,700 donated by the Ontario branches. Equipment and supplies will be purchased from this fund also. Besides the above sum yearly, all fees received by him will be his own. The Ontario branches will no doubt stand behind it, with further donations.

LEAGUE WINNERS?

Stouffville baseball nine now looks fair to win the local league championship, having captured two straight wins from New Toronto. Their last victory on Wednesday last week took place on the local diamond, when they tucked away a 4 to 8 victory in a splendid game of bail. Good hitting by the locals and good pitching on the part of Earl Cook proved too much for the Queen City lads, who did their greatest to stem defeat. Both teams were shut out in the first round, but Toronto scored two in the second. Stouffville came back in the end of the third with three, giving them a lead of one. Max Reesor started the real fireworks for the three runs, by slugging out a three bagger, bring- are spending a couple of weeks a ing in two runs and finally getting Vale Lodge, Wasaga Beach. in himself. Max got a two-bagger in the second innings also, but was left stranded on the base. Murray Clendenning picked off a 2-bagger in the fifth, when the locals brought in three more runs. Stouffville made their final two in the seventh, and Toronto got one in the sixth and one in the ninth. The new diamond is greatly appreciated and enables fast ball to be played. The brand of ball on Wednesday warranted a bigger crowd of spectators.

EX-WARDEN GEROW DEAD

The edath of one of Claremont's most prominent residents, George Gerow, took place at his home, Main street, Toronto, in his 86th year. The late Mr. Gerow was born in Cornwall where he received his education. In early manhood he moved with his family, including his brother, John M., who lived for many tario, finally locating in Claremont, where he. conducted an extensive pump-making business. During the time he lived here he entered municipal life, occupying the position of councillor, deputy-reeve and reeve. in June, 1890, the township experienced the most disastrous flood in there on a two-year contract this its history, due to a cloud-burst. As a result nearly every bridge in the township was swept away. This necessitated an extensive bridgebuilding campaign. With the late John Miller, as reeve, and an able council, the services of Geo. Gerow and his brother, John M., both expert bridge builders, were of great value to the Township at this critical time. Afterwards he sold out his pump making business and moved to Port Perry, where he continued his interest in municipal matters, occupying for a number of years the board. While reeve he was honored with Warden of Ontario County. Several years ago he moved to Tor-

SELECTION OF CLERK DEFERRED

Although Councillor Wm. Craw ford gave notice of motion at the June meeting of Whitchurch Twp. Council that he would move a bylaw at the July meeting for the appointment of a permanent clerk to fill the vacancy caused by the death of the late Wm. Clark, the council on Saturday deferred the appointment until the end of October. This was done by a motion submitted by

Ross Ratcliff. Reeve Morgan Baker introduced the matter by asking the Councillors what action they intended to take. The reeve stated that if a new ap- John 8:29. pointment was made now of a sitting member of the council he would have to resign, and this demanded under the Statutes a nomination meeting to fill the vacancy on the council with a possible election contest. Following this statement the Councillors submitted the motion which passed without opposition. The acting clerk is Mr. Hugh Clark who has been engaged to carry on the work of this office until his successor is appointed. His remuneration is \$25 per week. Mr. Clark, who is a son of the late clerk; is also willing to accept the permanent appointment. Outside of him and Councillor Crawford, there is no other aspirants that we have heard of. Mr. Clark will, accordingly, fill the position until the permanent official is named.
