DISTRICT AND GENERAL

The lower part of the Masonic Hall, Claremont is being fitted for a moving picture theatre.

Walter S. Major, a life-long resident of Whitvale is dead. He is survived by a wife and two children.

Adam Spears has rented his farm at Claremont to Joseph Taylor, for a term of years. Mr. and Mrs. Spears will reside in Whitvale.

In future the regular monthly milk tests made by the Dept. of Health in the town of Whitby will be published in their local paper. The publishing of these reports will be done in the interests of public health.

Oak Ridges lost one of its life long citizens in the sudden death of Mr. Samuel Hughey, about noon on August 2nd. Mr. Hughey had gone to the barn on his farm to do some repairing, but before finishing he suddenly expired. He was well known in the vicinity, having been born and raised on the farm of which he died. The funeral took place to the Aurora cemetery.

The Newmarket Hotel Company Limited, who have owned and operated the King George hotel in that town successfully for over eighteen years, have just completed the sale and transfer of the hotel and its furnishings to Cecil Grant of Keswick, who took possession on the 1st of August. The house has always been and continues to be a paying proposition.

SNAKE ISLAND TO BE SOLD

Snake Island lying at the south end of Lake Simcoe and one of the landmarks of Indian days is to be sold. The Government is taking over the Island from the remnant of the Ojibway tribe and the money realized which is expected to be about \$200,000 will be turned over to the credit of the Indian Department. The Island is a most picturesque piece of property consisting of nearly four hundred acres, beautifully wooded and fertile. The Indians have no use for it and it will probably become a favorite summer resort.

This is a famous island, this. Here sat the Council ring when the braves of the Ojibway and Iroquois tribes waged ferocious warfare on the green banks of Lake Simcoe. Many of the famous Ojibway chiefs first saw the light of day on Snake Island.

With the sale of this island one more landmark is passing from the hands of the redskins.

One more old stamping ground has disappeared. The Indians are gradually becoming Canadianized. The young braves are not now contented to live as their forbears did, but now desire to live as their white cousins.

SENTINEL CHANGES HANDS

The Grand Orange Lodge of British America has purchased The Sentinel. While it has been the official organ of the Orange Order in Canada for many years, The Sentinel has heretofore been privately owned and controlled. With the purchase of the paper by Grand Lodge, that body assumes direct control of the publication. It is understood that the Grand Lodge's offer of \$20,000 for the paper has been accepted by the Sentinel Publishing Company and that possession will be taken in the near future. H. C. Hocken, M.P. who has guided the destinies of The Sentinel for the last 23 years, will remain at his present post as editor. No change in the style or policy of the paper is planned in the immediate future.

FACTS ABOUT THUNDER STORMS

A writer in a metropolitan paper gives some interesting facts with regard to lightning and the manner of avoiding the dangers thereof. The flash of lightning, he says, is a huge electric spark travelling, it has been calculated at nearly 29,000 miles in a second, although goodness knows how the calculation was made. Of the various forms of lightning, sheet lightning is quite harmless, as it is merely the reflection of a flash so far away that the accompanying thunder cannot be heard. When the storm comes, we see the lightning itself usually in a zigzag of forked form. The nearer the storm, the less the interval between the flash and the thunder; when it is overhead these are simultaneous, and this is, of course, the most dangerous time. A phenomenon called lightning is of rare occurrence, and not yet been satisfactorily explained.

The County tax demand in Whitchurch \$2075.

Jess Davis has bought out Charlie Mordean's draying bus.

Mr. D. Stouffer left on Friday for a holiday trip to Chicago.

Bert Sangster, dentist, has returned from a six weeks holiday.

Charlie McCallum of Detroit arrived in town Friday evening on a visit home.

Andrew Yeakely, a former resident of Ringwood was buried at Dickson's Hill.

Farm hands are very scarce and fancy prices are paid for all sorts and conditions of men.

Rural public schools all re-open on Monday, August 19th for fall term and the village school two weeks later.

For the benefit of those who can't get in Spofford's store on Thursdays the bargains are continued Tuesday and Saturday.

W. B. Sanders and A. S. Leaney are acting as the executors of the will of the late Jonas Lewis, who died Aug. 7th, 1889.

G. W. Paterson sold his trotter and invested in a hurdle horse. It cost \$1.40 to pasture the new horse just one night in Kennedy's lot, according to the pound keeper's books.

Harry Clark cut for Wm. Reesor, on the 10th con. of Markham, 15 acres of heavy tangled wheat in 8 1/2 hours, with a Brantford binder. On a bet Clark declares he could do the work in less time.

John Latham, Glasgow, and Dan Burkholder, Mongolia, were each injured the past week. John suffered a leg fracture while fixing a water pipe, and Dan met with a similar misfortune.

George Flint jr. contributes a column article in this issue on a trip he had to Ravenna, a village near

Collingwood, where his brother Paul is the Methodist Minister. George graphically describes the scenery as viewed from the train, especially about Allandale and Barrie, and from a buggy ride over Collingwood mountain. George was accompanied on this tour by Charlie.

The village council met in Daley's Hall on Monday night. George Flint introduced a bylaw fixing the rate for taxation as follows:
County rate 1 mill
Village rate 5 mills
School tax 4 1/2 mills
Total rate 10 1/2 mills

Canada's Municipal Year Book

The publishers have just sent a copy of the Canadian Municipal Directory for the current year, and on reviewing it find it of the greatest value as a work of reference. The publishers are to be congratulated for the successful effort in establishing such a much needed work of reference.

The contents of the book have been standardized throughout and the alphabetical arrangement makes the information contained therein easily accessible. In the introduction, the point is made that there are 4,300 self-governing communities in Canada with 50,000 officials engaged in conducting the affairs of these many cities, towns, and villages. It comes as a surprise that there are so many individual urban and rural communities and there is undoubtedly great credit due to the editor, Mr.

H. Wisely Bragg, for the excellent manner in which this vast amount of material has been collected together, and so carefully classified.

The contents of the book are so arranged as to give Municipal men the most comparative information and cannot fail to be of the greatest possible assistance to elected and appointed officials, enabling them to compare our community with others of a similar size and population. It is further a book of considerable importance in every municipal office for no other work of this kind is published in the Dominion, and no man interested in Municipal progress can afford to be without it. The publishers are the Wisely Bragg Publishing Co., Montreal, and the book is \$2.50.
