

LOCAL HAPPENINGS

With the harvest and the C.N.E. in the background, the fall fairs are now in order.

New Brick residence for Sale on O'Brien Avenue. All conveniences. 6 rooms. Isaac Boadway.

Slight local frosts are noticeable these mornings, but they are not sufficiently heavy to do any damage to growing stuff.

Mr. Dan Cook picked some nice luscious raspberries from the bushes in his garden last week. The raspberry crop held on a long time this year, as several others report picking belated berries.

There is little new grain being bought into the local market so far this month. The price is not very attractive and farmers are evidently holding off for something better. The wheat crop in Canada is a record one.

Citizens of Stouffville will be pleased to welcome Dr. Rowan and his wife as citizens of this town. Last week they moved down from their summer home at Jackson's Point to take possession of their newly acquired property at the extreme west end of Stouffville on Main street.

Joseph Barkey of Lemonville and at one time a boot and shoe merchant at Stouffville, has purchased the 100 acre farm at Wilcox Lake belonging to Harvey Taun. The property is known as the Gleigary Farm, and has 40 acres of bush land, and is regarded as a valuable piece of land. The sale price was between \$7000 and \$8000.

S. G. Schmidt, prop.

Stouffville is using 97 horsepower per month to serve her electrical requirements at the present time.

Mr. W. A. Bruels of Hamilton, and father of Mrs. Frank Baker of Stouffville, is on a visit to his daughter Mrs. Congo at Carbon, Sask.

Coming—F. E. Luke, of Dept. 163-167 Yonge St. Toronto, may be consulted about your eyes for glasses at Boadway's Drug Store, Thursday, Sept. 27th.

There are 581,000 acres planted to potatoes in the various provinces of Canada this year. That will produce a lot of tubers, for which the farmer is only realizing around 80c. bag locally.

Mr. Hewson Millard has rented his farm in Uxbridge Township to Harry Pointon of Bethesda, who will take possession next spring. Mr. Millard will likely come to Stouffville and take up residence.

Mrs. Boothby who went to Watson, Sask., on Aug. 26th to visit with Mr. and Mrs. George Huges, must have got a cool reception, for on the night of her arrival the thermometer dropped so low that everything in the Huges' garden was badly frozen.

The culvert just east of the old Todd blacksmith shop is in a dangerous condition, and one or two accidents have been narrowly averted at this point. It is expected that the Road Commission for Toronto and York will commence at this point to build a new road within the next ten days.

Mrs. E. J. Davey is recovering from a nasty accident which occurred a couple of weeks ago, when her fingers jammed in a car door. She had just entered the automobile, and being seated she took hold of the side of the car near the hinge of the door, when someone on the outside closed the door holding her fingers fast in the jam. They were so badly squeezed, that the tips of a couple of fingers burst open. It was a painful accident, but Mrs. Davey is getting over it nicely.

Those men in Toronto who were sports enough to give away great sums of money to the swimmers in the recent race, ought to have been sports enough to recognize merit in the contest by granting the Frenchman, Georges Michel, greater recognition than the ones who quit so early that the contest would have gone flat early in the afternoon. As it was thousands of people went to the exhibition grounds to see this great "Arctic" swimmer finish the distance he went.

Dr. W. A. Summers, 169 Yonge St. Toronto, (formerly with R. Simpson Co.) Eye Specialist, will be at Yake's Jewelry Store every Thursday.

Mr. Percy Cober who is living in Mr. Isaac Boadway's house on O'Brien Avenue, has purchased a house in Gormley, and may move back there at some future date.

The Cowie property in Uxbridge Township, offered by public auction last Saturday, did not find a buyer. It is stated that one of the prospective buyers may yet close a deal for this place.

Lovers of Glads should make a visit to the Brier Bush Gardens where just now some new varieties are in flower, or inspect the display in the store window of Mr. Geo. H. Saunders where some splendid specimens are to be seen.

Earl A. Grubin, R.O. Eye-sight specialist, honor graduate of the College of Optometry of Canada, Gold Medalist and First Hermant Scholarship winner, 1928. Appointments arranged for any day of the week. Repairs promptly attended to.

Stouffville is getting some notoriety in the sporting world through the activities of her baseball team, which have climbed to such a high place in the Ontario Baseball Amateur Athletic Association, nearing the top for provincial championship.

The first prize back yard and garden in Stouffville as judged for the Horticultural Society was owned by Mrs. Peter Lehman, and not by another resident as previously announced through an error of the judges.

Ross E. Brown and the U.F.O. are both shipping turnips this week, being the first of the big fall shipments from this depot. Mr. Brown is quoting 15c. per bushel, although he is not sure just how the market will be at the other end.

Although the prize lists for Stouffville School Fair which were printed in Newmarket, announces the date as Sept. 17th, the fair will not be held until Friday, Sept. 28th. The later date will be preferable for some things, although it comes too late for fresh vegetables.

We again urge those who have not renewed their 1928 subscription to The Tribune to do so at once. This applies to our western Canada subscribers also, whom we hope are harvesting a record crop that will make it an easy matter to attend to these small accounts. A. V. Nolan.

Mr. Wm. Heaps who has been spending the summer months in his home town with friends, has returned again to Chicago to the Evangelistic Institute to continue his studies, preparing himself for the ministry. Those that were intimate with him while he was here will miss him as he was a real inspiration and help to all.

James Waddingham who recently sold his residence on Church street to Arthur Dowsnell of Uxbridge Tp. suffered a stroke on Saturday afternoon while preparing to take a bath. He was found on the floor of his home helpless, but on Sunday was able to be removed to the home of his daughter in Toronto. Mr. Waddingham's left arm was rendered lifeless and he lost the power of speech.

It is expected that within the next week or two, the Hydro construction gang will make a start on the Hydro line between Uxbridge and Goodwood and that the "juice" will be turned on long before the snow flies. The Uxbridge Township farmers and the citizens of Goodwood deserve credit in the way they have supported the Hydro proposition, realizing no doubt, that hydro will be of great benefit to them, not only for lighting purposes, but for power, which will save them a great deal of labor.

A number from here attended the funeral on Saturday afternoon of the late Solomon Burkholder who passed away at his late home on the 8th concession of Markham, a mile and a quarter south of the Wideman church. The deceased was over 90 years of age, and assisted in clearing the bush lands from this section over 70 years ago. He farmed in Pickering Township near Altona, but 20 years ago retired, selling his property to the Lehman Bros. His wife predeceased him some years, and there are no children, excepting an adopted daughter with whom the aged man lived.

People will pay their tax bills into the bank as readily as they will hand the money to a collector appointed for the purpose, is shown by the experience in Stouffville this year. A local collector was disposed of and the bank authorized to receive the money. Out of \$17,000 to be collected in taxation for the year, over \$2,300 was received when the first payment became due on Sept. 1st. As only half of the \$17,000 needed to have been paid on Sept. 1st, the taxpayers have done very well, and many have paid the second instalment with the first instalment, receiving a discount on the second instalment.

Claremont School Fair will be held September 14th, Uxbridge Tp. at Roseville on Oct. 1st.

The fellow who invented the shock absorber got it misplaced—it should be on the pedestrian, not on the cars.

After scanning the Monday morning dailies during the past summer we are inclined to think it should be called the "dead end" not "the weak end."

For the third time this season the Stouffville bowlers are holding a tournament on the local greens, one of mixed doubles, and invitations are issued to outside clubs to join in the contest, which will be held on Wednesday afternoon of next week.

Truman W. Eagleson announces that he will resume teaching Friday and Saturday, Sept. 14th and 15th. Studio in the Button Block, where he will welcome all former and prospective pupils.

Rev. H.S. Warren is in attendance at the meeting of the General Council of the United Church of Canada, being held at Winnipeg. During his absence last Sunday and next Sunday the pulpit of his church is being occupied by Dr. Gray of Melville church and Rev. C.E. McLeod of Stouffville. The latter preaches next Sunday. Mr. A. J. Ward preached on the Melville circuit last Sunday during the pastor's absence.

Although the Department of Highways issues warning against municipalities allowing weeds to grow along the roadside, the Toronto and York Road Commission maintain a roadway through Stouffville which is shamefully neglected in this matter. Some citizens with the right amount of pride for their town do get out and cut these things down, but others do not, and as the Commission seem to have no interest in the matter, there is some disgraceful looking spots along Main street. The local council ought to memorialize the Commission to take better care of their ditches through this municipality. If this step is taken we feel that the local road boss for this division will be promptly told what to do. Over on the Market square the weeds are very bad too, and this isn't County property either.

Duck shooting season opens Saturday, the 15th.

After the summer holiday season the local I.O.O.F. will re-open on Monday evening, Sept. 17th. A full attendance will be appreciated.

Mr. Malcolm Ramer of Bloomington, has been appointed as delegate from the local M.B.C. church to attend the annual conference which will open next week in Mount Joy church.

Since Principal Watson has been at the helm at Stouffville public school doubling the average number of pupils passing the entrance of previous years, the total attendance is dwindling. There are more students passing out than new pupils coming in hence the welcome change. The attendance this year under each teacher will be: Principal Watson 23 to 30 pupils; Miss Dorothy Orchard 44; Miss Lillian Dowsnell 32 to 35; Miss I. Sargent 18; Miss Kathleen Logan 23.

9th Anniversary Sale Where Quality and Personal Service are assured

AN INVITATION is given this week to the public to share in the 9th Anniversary celebrations of the largest chain of Canadian Grocers in the Dominion Stores Limited. In nine short years we have grown to be the largest chain of Canadian Grocers in the Dominion (of Canada), operating 550 stores throughout the Provinces of Ontario and Quebec.

This enormous growth has been made by the consistent support of hundreds of thousands of housewives who have proved that "Where Quality Counts" and "Personal Service" are the two necessary attributes to "Real Value". We invite you to share in our Anniversary Sale this week. Here are some SALES figures. Do you know we sell 17,500,000 Loaves of "Tasty" Bread made at our three bakeries. 1,500,000 lbs. of Tea each year. 7,500,000 lbs. of Butter each year. 2,900,000 lbs. Mayfield Bacon and 30,000,000 Eggs.

We employ 550 Managers and 1,400 Clerks to give our customers PERSONAL SERVICE, and their efforts are supervised by Superintendents who are constantly looking after our customers' interests, seeing that goods are turned over rapidly in the stores, ensuring our customers getting goods in perfect condition, imparting the knowledge that they have gained by experience to the managers and clerks, so that they can improve their service to the public.

These Superintendents do not come into direct contact with our customers, but they form a vital part of our organization, and in their honor we will stage a Superintendents' Week of Sales, in conjunction with our 9th Anniversary, the object of which is for each group of Managers to try to put their Superintendent at the top of the list as far as sales are concerned, and to the Superintendents whose managers are successful in putting this sale over for them, we are donating valuable prizes.

The success of our managers depends on the response obtained from our customers. We are therefore offering SPECIAL PRICES FOR THIS SALE, so participate in the savings by placing your grocery order at the nearest Dominion Store; your regular patronage, if we do not already enjoy it, will surely follow.
