

STOUFFVILLE, OCTOBER 11th, 1928

## LOCAL HAPPENINGS

Somebody left a man's vest on the desk at the Standard Bank last Friday and it is now at The Tribune office awaiting the owner who may have it on payment of 25c. for this ad.

When calling at a home on Lauder Avenue, Toronto, on Sunday evening, some thief removed Mr. H.O. Klinck's winter overcoat from his car which stood on the street. It's an unfortunate time of year to be overtaken with such hardship.

R. E. Brown, who was summoned as a jurymen at the September sessions in Judge Coatsworth's court, served on five juries, during the month, and on four of them he was Graham's forgery case from Claremont also called on the jury to try Thos. Graham's forging case from Claremont, but he was challenged by the crown and ordered to stand aside.

The regular monthly meeting of the Women's Institute will be held at the home of Mrs. J. Hare, north Markham, on Wednesday, Oct. 17th, at 2.30 o'clock. Program— "A talk on Domestic Life" in Africa by Rev. S. S. Shantz; Reading, Mrs. Malloy; Community singing; roll call, responded to by a receipt for "A tasty supper dish"; Social hour. Meet at Blue-Bird Inn at 1.45, those who will go and take their cars please make it known to the President or Secretary no later than Monday.

SATURDAY, OCTOBER 20th  
"WINGS"  
Afternoon and Evening  
S. G. Schmidt, prop.

Mr. Abner Baker has rented his farm just north of Ringwood to W. Jacobs. There is 140 acres in this property which had been rented by Byron Boake who gave up farming this fall.

Two of our townsmen, Messrs. Alex. Grubin and Jacob Yaka have been providing some entertainment for our readers, as they usually do when they clash swords. However, as this form of advertising is charged for at 10c. per count line, two much must not be expected of them.

Our rural mail carriers have just cause for complaint against those who have their mail boxes on the wrong side. These should be on the right hand side of the route as the courier passes along. Those not properly placed could be moved in a few minutes by the owners, and add greatly to the convenience of a public servant who is often overtaxed. Why not attend to this at once.

Drs. Ira and Herbert Freed have purchased a special automobile calculated to make travel over deep snow in winter reasonably sure and easy. This new "Snow Flyer" is equipped with runners in front and caterpillar wheels at the rear, while the body is that of a Ford open car with winter sides. It is the first car of its kind in this section, and its performance will be interesting to watch.

Mr. M. Leavens has decided to discontinue the service rendered to the east enders in Stouffville by having the evening mail carried to his store for them. This practice has prevented this merchant from enjoying the usual half holiday during the summer which other merchants of town were able to have, as the store had to always be opened each evening on account of the mail. The little accommodation will no doubt be missed for a time, but it places no hardship on anyone.

This is known as Fire Prevention Week in Canada, and it is always observed in the same week on which October 9th falls. In case some of the school children are asked why Fire Prevention Week must come with Oct. 9th, we are going to tell them so they may readily answer the question. It was on the ninth of October, 1871, that Mrs. O'Leary's world-famous cow kicked over the lamp that set fire to the stable and started the disastrous Chicago fire in which 200 people perished. 100,000 were made homeless, and which demolished over 18,000 houses in an area of 2,000 acres. Accordingly Fire Prevention Week on the North American continent comes always in the week in which the ninth of October appears.

Dr. W. A. Summers, 163 Yonge St., Toronto, (formerly with R. Simpson & Co.) Eye Specialist, will be at Yake's Jewelry Store every Thursday.

This is Fire Prevention Week in Canada. Clean up the cellar, and garret, and see that no rubbish is left about the home that might be the cause of fire.

Principal J. E. Littlejohn of Uxbridge public school has tendered his resignation to the School Board of that town to take effect at the end of the year.

Your daily paper renewals will be carefully taken care of by the Tribune. We are authorized agents for all Toronto papers and can save you money on them, through sending by the regular channels.

Swift Garage, Stouffville is introducing a novel form of advertising. The firm is arranging to give a free picture show on the afternoon and evening of Oct. 18th, in the Auditorium Theatre. It will be strange to relate if the public do not cram the building at such admission fee. Mr. Swift promises a good picture with comic reel and special singing.

On account of the larger number of pupils in room four of our public school the ten smallest pupils of the junior class have been transferred to room two. These pupils will be given the same work as the other junior third and will be ready to try for the senior third next summer as third class work is never taken in one year.

The public auction sale of Messrs. Strong and Woodward at lot 20, con. 2, Uxbridge, will be held today, and as it is a very large sale, the auctioneer will mount the block promptly on time.

The property where the sale is being held has been rented by Mr. Hopkins of Uxbridge Township, who gets possession this fall.

A number from Stouffville were in attendance at the funeral of the late Major Brunton, police magistrate for York County, who died suddenly while out to tea at a friend's home in Toronto on Friday last. Magistrate Brunton was on the bench in the County Court for 17 years. The funeral took place to Newmarket cemetery.

The presentation of Grand Lodge regalia to Mr. K. Ross Davis on Friday evening on behalf of the officers and members of Richardson Masonic Lodge, was the signal for a large turnout of members and the presence of quite a number of visitors from Claremont and Toronto. The presentation was made by J. S. A. Whaley of Toronto, and at the banquet table a number of interesting speeches were heard.

Last Saturday Copper Cliff won the Ontario Intermediate baseball championship from Peterboro, the happy team which put Stouffville out of the count for Ontario honors. Saturday's game was a sudden-death contest, and was won by the mining town by 8 to 4. Peterboro were confident of winning, especially after they persuaded the Miners to play the match in Peterboro. It is said the Copper Cliff pitcher, a southpaw, was too much for the Quaker Oat boys for he fanned no less than 17. After having seen Peterboro in action, Stouffville people are forced to the opinion that the northern town must have "some" ball team.

Two sons and two daughters share with his widow under the will of Daniel Burnett of Stouffville, who died on May 15, 1928, leaving an estate valued at \$10,750. Provision is made in the will that each of the sons, Robert and Herbert Burnett, who receive property to the value of \$4,000 each, shall give \$100 each yearly to the support of their mother who is also bequeathed their home in Stouffville, together with the personal property of the deceased and the rentals of a small dwelling in Stouffville. To each of his daughters, Mrs. Clara May Lemon and Mrs. Mabel Luella Dougherty, he leaves \$1,000, the residue of the estate to be divided equally between his sons. The assets of the estate consist of mortgage monies \$2,500; Stouffville properties, including lots 55-58 and 81-84, plan 59, \$2,500; other properties \$5,750.

During the past week Reeve Sanders has been busier than a fly in a candy store running between Toronto and Stouffville and keeping the telephone hot looking after the town's interest in the matter of getting the officials to put up a real road job along our main street. On Friday afternoon the big machinery of the A. E. Jupp Construction Co. rolled into town preparatory to starting the job. There is so much diverse opinion as to how the work should be done, that the officials were getting dizzy, as one opinion after another was advanced. It is all settled now, and the logs which have made man think he was on his last joy ride along by the Presbyterian church will come out. The road will be widened, and a good job assured. It is believed that a longer stretch of road may be repaired between the 8th and 9th than was first anticipated.

Arrangements are being made for the annual church service in the interest of the British and Foreign Bible Society, to be held on Sunday October 21st, in the United Church. A prominent speaker is being arranged for. Details next week.

Miss Gladys Brillinger and Mr. Clarence Pipher who were married on Sept. 26th, have returned from their honeymoon spent in Northern Ontario. They will locate in Markham Township, and just now are busy receiving the congratulations of all their many friends. Mrs. Pipher is a daughter of Mr. and Mrs. Chas. Brillinger of Ringwood, while the groom is a son of Mr. and Mrs. Frank Pipher.

On Saturday last William Williams gave up the ghost as it were when he relinquished his position as salesman in this territory for the British American Oil Co. Our townsmen intends to take a real holiday. After visiting in Norway, Ontario, N.Y. and Mrs. Williams will go to Long Island for a visit of some months duration. Mr. Jake Hoover, who has been employed at Stiver Bros. elevators here, will take over the job of driving the big gasoline tank.

The gigantic production of "Wings" to be shown at the Auditorium Theatre, Saturday, Oct. 20th, afternoon and evening, comes as a good show with special equipment for sound, effects and music. Owing to the enormous cost of this picture the owners set their own admission prices at 50c., 75c., \$1.00. All seats reserved. This is the first town of its size, that can offer to the public such a picture at this price. The management having no control over admission charges. S. G. Schmidt, proprietor.

A demonstration was staged on Main street last Friday night, of the latest fire fighting appliance, known as Fire Gas. Inflammable material and gasoline were placed in the portable house, also a bulb filler with liquid Fire Gas. The fire was started, and in a moment the bulb was heard to drop and the fire was instantly extinguished. This is the only automatic extinguisher that will work while you are absent or sleeping. Cheap, reliable and absolutely safe. All buildings would be better if equipped with Fire Gas. See it demonstrated and be convinced. Protect your business, make your home safe. Act now. S. G. Schmidt is the local agent.

On the Stouffville market turnips have slumped to 12c. per bushel from 15c. paid earlier in the season. We saw a car loaded lately at the station for consignment in Boston. The car held 600 bushels which at the market price netted the farmers but \$72. The freight rate on this car to Boston is \$141, to which must be added a duty of \$36 plus the cost of bags \$42. Thus the carrying charges and incidentals amounted to more than three times the amount of money received by the farmer who does all the work. Before this car reaches the consumer there will also be commission charges several times over, so that the price to the Ontario farmer and the Yankee consumer have little relationship.

An interesting visitor in Stouffville last week was Dr. Peter Barkay of Erie, Pa., who came here on a motor trip accompanied by his wife, and Mr. and Mrs. Webster, one of the doctor's patients. Although Dr. Barkay is 80 years of age he has the sprightly step of a much younger man, and the keen mind and intellect of a man in the prime of life. He was born on the Barkay homestead at Altona, one of a family of five sons of the late Daniel Barkay. Besides himself there are two others still living, namely, Frank of Chicago and Victor of Los Angeles. Dr. Barkay called on a score or more of his relatives here, and his interest in the old home surroundings never wanes. He is just another of many many youths who went out from here to make good in the big world, and in the medical profession he is widely known throughout Pennsylvania. Also in Masonic circles Dr. Barkay is an outstanding man on whom the fraternity has seen fit to confer 33 degrees.

The many friends in Stouffville of Mr. Albert Pugh will be shocked to learn of his sudden death in Toronto last week, when he collapsed at the corner of Bay and Terauley streets, and expired immediately. He was 69 years of age. Twenty years ago Mr. Pugh farmed just south of Stouffville, but retired to Toronto. When a young man he united in marriage with Mary Elizabeth Madill, a sister of Mr. John Madill of Stouffville, who predeceased him only three years. A second wife survives him with three grown-up daughters. The late Mr. Pugh was a well-known member of the Masonic Order, being attached to Richardson Lodge, Stouffville, where he joined the order in 1900. Since his second marriage a year ago, deceased had lived in Markham village, but the funeral took place from the residence of his daughter, Mrs. Harry Miles in Toronto to Park Lawn cemetery, and was attended by a number of old friends from Stouffville. Among the floral tributes was a beautiful spray from Richardson Lodge A.F. & A.M.
