Silver Medal of Merit

The members of the Stouffville Horticultural Society and citizens generally will be glad to learn of the marked success that attended the first effort of the Society to place Stouffville prominently before the hundreds of thousands of spectators at the Canadian National Exhibition by means of an elaborate float in the great Floral Parade of Saturday, September 1st.

The idea prevailed with some that the undertaking was too ambitious to be attempted by our small community of membership, and that the work and worry involved would far outweigh the benefits to be obtained. But again courage has been rewarded with success, and all who so faithfully participated in bringing the float into being sense nothing less than pleasure and satisfaction from their work. Moreover, a very gratifying measure of co-operation and hospitality extended by the Exhibition authorities made the workers feel that their labors were appreciated by this great organization.

The following letter has recently been received by President H. O. Klineck from Lionel Godson, C.N.E. Director and President of the Toronto Horticultural Society:

Toronto, October 5th, 1928

Dear Mr. Klineck:

I wish to let you know, as Chairman of the Floral Parade Committee, how much I appreciated your putting in such a fine float. It was help and co-operation from friends like you and your officers which made the Parade the outstanding feature of the Fair it was. The Board of Directors are Granting you the SILVER MEDAL OF MERIT for your float.

Our motto is "Bigger and Better for 1929", so begin now to plan for next year.

INTERNATIONAL HONORS WON

Adding to his long list of victories of other years, Win. Timbers of Ringwood last week captured the first prize for high cut sod at the International Plowing match, held near London, Ontario. He defeated veteran plowmen from all over Canada and the United States.

Mr. Timbers was crowded for first place by D. J. Tran of Atha, another farmer of the Stouffville section who is stepping out in big company and making a reputation for himself. Dave has won various prizes at plowing matches, but this is the first time he undertook to capture first in high cut. It is a singular fact that both these winners are from the vicinity of Stouffville, and they are to be congratulated.

Lloyd Turner who is getting back into the farming business on the Brown farm adjoining Stouffville, won second prize in second class sod, while yet another Stouffville farmer Wilfrid Ferguson, son of Mr. and Mrs. Peter Ferguson of the 9th concession of Whitchurch, came fourth in the boys class under 18 years of age.

Over 20,000 people attended the match which lasted four days.

SLACK ESTATE SALE

Registered and Grade Cattle Snapped up at Good Prices.

There was a large crowd at the public auction sale on the farm of the late Cecil Slack, adjoining Claremont village, on Friday afternoon last, and the weather was as warm and bright as a day in July. While everything connected with the estate was sold under the hammer, chief interest centred on the splendid herd of registered Shorthorns. The entire sale proceeds almost reached \$5000, and the main items contributing to this sum was the registered and grade cattle.

The seven registered cows sold to the following buyers at prices indicated: Retana, 11 yrs. old, sold to E. Slack for \$160; Cecilia 8 yrs., sold to Jno Scott for \$110; August Queen 13th, 8 years, sold to Mac Forsyth with her twin calves one week old at foot for \$210; August Queen 14th a young heifer with show appearance, went to Orval Burton for \$175; Oakwood Maid 5th, 12 years, went to Raham Pilkey at \$85, and her bull calf 6 months old sold to T. Watson for \$80; Braemar Violet, 2-year-old heifer brought \$100 from Mr. Hockley; Village Blossom, 8 years, an offspring of Prince. Seaweed sold to Luther Middleton for \$120; and her roan bull calf of 6 months brought an even hundred dollars from Edw. Ward; Thornham Money-maker, the herd bull, sold to Luther Middleton for \$165. He is coming 4-year-old, and has the best of breeding.

There seemed to be even more ready bidding on the grade cattle, and a nice pair of Ayrshires realized \$136 and \$130, respectively.

Sheep were in exceptionally good demand, a pair of ewes realizing \$52. Horses are not greatly sought after, and did not sell high, although the stock was not of the best, as is so often the case in this day of motive power. Auctioneer Silversides, conducted the sale.

MASS MEETING ON SUNDAY NIGHT

The Stouffville branch of the Bible Society is planning to observe Sunday, October 21st, as Bible Sunday and has arranged for a Mass Meeting to be held in the United Church at 7 p.m. It is hoped that the new General Secretary of the Canadian Bible Society, Rev. J.B.M. Armour, who has lately arrived from England, the representative of the British and Foreign Bible Society in Canada, will be the special speaker. The British and Foreign Bible Society, of which Stouffville branch is one of the Auxiliaries, has been the means of making the Bible the cheapest and most accessible book in the world. The record of versions in over 600 forms of human speech reveals the magnitude of its achievement during the past century and a quarter. For some years now its annual distribution of Scriptures has reached 10,000,000 portions—each one a complete book of the Bible at least.

The presence of every supporter of the Bible and this work is urged to attend this meeting. There will be no canvas at this meeting.

Only the immediate relatives of the contracting parties witnessed the ceremony. Mrs. Gordon Wilkins, sister of the bride, acted as maid of honor, and after the ceremony a reception was held at her home on Arundel Ave. The young couple later left on a honeymoon trip to Detroit, and on their return are locating in Toronto.

SILVER WEDDING ANNIVERSARY

An interesting event was celebrated on Sunday last at the home of Mr. and Mrs. Wilbur Burnett, Blake St., when they marked the 25th anniversary of their wedding day, by the presence of a large number of invited guests. The home was attractively decorated with flowers for the occasion, and a sumptuous wedding breakfast was served.

Over 25 of the guests present were among those who witnessed the wedding ceremony 25 years ago, and they came from Hampton, Enniskillen, Bowmanville, Orono, Oshawa and Toronto. Also a few intimate friends from Stouffville were present, and among the guests who sat at the festive table with the bride and groom of 25 years ago, were Mr. and Mrs. J. Cowling of Hampton, who had also just reached their silver wedding day. Mrs. Burnett and Mrs. Cowling are sisters and were given in marriage at the same time.

Mr. and Mrs. Burnett, who have resided in Stouffville for the past five years, were married at Hampton, a village just north of Bowmanville. Rev. E. J. Anderson tied the double nuptial knot on that occasion, and the happy scene on Sunday was said to be a true transfiguration of the momentous event of 25 years ago. Prior to locating here Mr. Burnett was distributor for the Imperial Oil Co. at Markham village for 12 years. Stouffville friends unite in wishing Mr. and Mrs. Burnett continued happiness and prosperity.

FLOW STRUCK AT 25 FOOT LEVEL

Well drilling operations started last Thursday on the town water works property at the Wm. Ratcliff farm, two miles north of Stouffville and by Saturday night a quiet flow was struck at only 25 feet below the surface, through a six inch pipe.

Owing to the presence of this water drilling operations could not proceed lower, and it has been decided by the council to sink probably three more such wells, which will ensure a satisfactory supply independent of the present source which is now taken from the surface and conducted into the reservoirs. This surface supply will be done away with entirely should three more drilled wells be secured.

The well found on Saturday has sufficient force to rise three feet above the water surface in the reservoirs.

It is a matter for congratulation that the authorities undertook this work, and that they have been so successful in securing what looks like an ample supply from artesian well source, that will eliminate any possibility of dirt getting in from the surface.

C. F. Roadway of Sutton is in charge of the drilling outfit which commenced on the quest for a second well Tuesday.

BIG ENTRY LIKELY PLOWING MATCH

The big annual plowing match of the North York Association will be held on Tuesday, Oct. 23rd, on the L. H. Burkholder farm on the 9th of Markham, about three miles south of Stouffville.

The prize list is now in the hands of the printers and will be issued tomorrow showing the various team and tractor classes as obtained in previous matches. There will be \$500 given in cash and goods, and it is almost certain that over 50 teams will be required to fill the wants of the competitors.

Strong committees have formed to look after the grounds arrangement, and the Stouffville Women's Institute will do the catering, providing lunch at the grounds, and a hot supper in Ratcliff's Hall in the evening.

The following have been selected to act as judges: Colin A. Hood, Neil A. Malloy, Bert Kennedy, James Cameron.

Messrs. George Watson, Stouffville and James Davidson of Cherrywood are the judges on outfits for which a good prize is awarded as a special.

Mr. Geo. Hutchinson who had the misfortune to lose the top of his third finger, will resume his duties as track foreman on the C.N.R. Monday next.

Some people are apparently using our park dressing rooms and booth in a very unbecoming manner. If this is not stopped, steps will be taken against them.

Some of our young boys are a nuisance to some of the neighbors throwing stones on the lawns and doing other very annoying pranks which should be stopped. A tip to parents is sufficient.

Mrs. Eli Storry is not improving in health and underwent an x-ray examination at Dr. Freeland's in Stouffville, to see if the trouble can be located. We hope for a speedy recovery.

Mr. and Mrs. Robt. Hynes arrived back on Thursday night, and a pleasant evening was spent at the bride's home, Mr. and Mrs. D. Watson's. Even some of our vocally trained male sex attended and delivered some outdoor music which resulted in a treat.

Fred Middleton secured a couple of Plymouth rock hens lately which were molting and wanting to set. He shut them up for a few days and fed them a mixture containing Rawleigh's poultry powder and in ten days he received his first egg. Now they are laying daily.
