

LOCAL HAPPENINGS

Turnips have slumped to 11c. bus.

New Bungalow for Sale, Church street north, five rooms, bath room, Electric. Apply Mrs. Abram Yake, Main street, Stouffville.

A case of diphtheria has broken out in the west end, but the attack is said to be a mild one. The Board of Health should take steps to immunize the school children.

Rev. C. E. and Mrs. MacLeod have closed their home in the west end for the winter and will spend the next six months or probably less in the city. Mr. MacLeod was in town on Friday evening for the meeting of the school board.

The Canadian National Railways have had the tracks between Stouffville and Mount Albert torn up. Over half a century ago Elijah Pennock, one of our citizens, was employed as a teamster in the building of this line which evidently has served its day.

While engaged in her work at the home of Mr. W. E. Morden one day last week, Mrs. McGrogan, the housekeeper, was unfortunate enough to run a large sewing needle into the palm of her hand, to such a depth that it was not visible to the eye. Mrs. McGrogan was taken to the General Hospital where the needle was taken out by making a deep incision in the flesh, which was serious enough to require stitching up afterwards.

**AUDITORIUM THEATRE
STOUFFVILLE

S. G. Schmidt, prop.

2 Winchester Rifles, 23 horsepower, for sale. Call Saturday. Wm. Williams.

It is estimated that 60 teams will take the field for the North York Plowing Match on October 23rd.

Plan of hall for "Wings" on sale Wednesday and Thursday at the Theatre, also all day Saturday. Reserve your seat in advance.

The congregation of Stouffville Presbyterian Church participated in a reception tendered Rev. W. H. Fuller and his bride at Markham on his return from holidays last week.

A cow which sold at an auction sale near Stouffville last spring for \$70, sold again last week with calf at side under the auctioneer's hammer for \$152. Good dairy cattle are steadily climbing in price.

Congratulations are due the members of the Horticultural Society, or at least those members who worked so energetically to stage the big float at the C.N.E. They did a good day's advertising for Stouffville, and were successful in getting into the prize awards.

The weather was all that could be desired for the auction sale of Messrs. Strong and Woodward in Uxbridge Township on Thursday of last week. There was a good class of buyers on hand and Auctioneer Silversides quickly disposed of the farm stock and implements, amounting to \$2300.

Collector Frank H. Steekley of Whitchurch Township is on his annual rounds with the tax bills, of which he has some 1800 to make out and deliver. The total levies for school purposes of all kinds is \$1.33 on the \$100 assessment, while county taxation requires 85c. on the \$100 two heavy impositions over which the local council have no control.

The engineer, on the nine o'clock passenger from Toronto on Friday morning performed a brilliant piece of quick work at Milliken, thereby saving a fatality. As the train was slowing down a small tot of a child stood on the track watching the approaching engine without any fear of harm. Realizing that the train could not be halted before it reached the youngster, the fireman crawled out over the cow-catcher, and as it reached the spot he swept the child into his arms, with the train moving slowly. The child had followed some elder children on their way to school and ultimately wandered into the danger zone, where it would have been mangled to pieces had it not been for the prompt action of the fireman on that occasion.

Just a timely hint. Only 63 more shopping days till Christmas.

Dr. W. A. Summers, 169 Yonge St. Toronto, (formerly with R. Simpson Co.) Eye Specialist, will be at Yake's Jewelry Store every Thursday.

Free Moving Picture Tonight (Thursday) at the Auditorium, complimentary, by Swift's Garage. "The Angel of Broadway" is the feature. Special Music. Everybody welcome.

The admission to "Wings" is 50c, 75c, \$1.00, Next Saturday evening; afternoon prices 25c, and 50c, special music by travelling musicians with the picture, first showing in a small town.

Lot's wife had but little on a lady driver from Whitchurch in town one day last week. The former looked back and turned into a pillar of salt, and the latter looked back and barely missed crashing into a telegraph pole in the business section of the town. Onlookers held their breath.

Richardson Masonic Lodge will visit St. Aidan's Lodge, Toronto, on Friday evening of this week, at the Masonic Hall on Balsam Avenue, off Queen street east. It is expected that some 20 or 30 of the brethren will be present from Stouffville.

While engaged in shingling the barn at Pennock's livery last week, Ralph Rae fell a distance of 15 feet alighting on his feet. His ability to "come down cat-like" probably saved him from serious injuries, and as it was he didn't lose any time over the mishap.

The Stouffville Women's Liberal Association were the guests of Mr. and Mrs. A. D. Bruce at their home, on Tuesday evening, Oct. 9th. The many ladies present enjoyed the program given by the Melville members also the inspiring talk on Liberalism given by Mr. Bruce. All enjoyed the usual social hour.

Dave Gray of the 10th concession north of town brought to the Tribune office last week a branch of wild raspberry bush heavily laden with ripe fruit. Many others report picking raspberries from their several patches, all of which is evidence of the fine weather we enjoyed last week. On Thursday the thermometer touched 79 in the shade.

Some people are under the impression that the eyes can not be examined at night. With my modern electrical equipment, I can examine your eyes equally well at night as in the day time. If you are busy during the day then, make an evening appointment.

Earl A. Grubin, R.O.
EYE-SIGHT SPECIALIST
Phone 2405.

Just as our plowmen are showing their prowess throughout the province at various matches, so are some of the other boys leading the way as knights of the horseshoe pitching game. At Woodbridge fair last Friday Messrs. D. L. Stouffer and H. Clendenning won second prize in the quiet contest among fourteen expert teams from all parts of Ontario. They were pushed out of first place by a team from Malton.

Messrs. Frank Stiver and Hugh Boyd attended the big auction sale at the Toronto Stock Yards on Friday afternoon when some 1700 head of stockers and feeders were sold, mostly to United States buyers. The highest price obtained at the sale was \$12.70 cwt. The animals were sold in car and half car lots. Each bunch was weighed over the scales just as they entered the auction ring, and bidding was brisk throughout.

Rev. Alvin Snider and wife of Breslau who have been visiting recently with his brother-in-law, Mr. Sam Fretz, south of town, will sail on the 27th for the Argentine, where they will serve as missionaries of the Mennonite church. The trip to South America is a long journey of 7000 miles on the water, taking the Atlantic route. When they reach land again the trip into the country is a considerable one also, but probably the young missionaries will make it possible to tell our readers of this great journey, when they get located.

A singularly amusing incident occurred in one of the local churches last Sunday morning. The congregation had finished singing the second hymn, and all were again seated save one man who remained on his feet about midway up the church. Many eyes were riveted on his standing form, wondering if he had some announcement to make. The moments sped, when the "good wife" seated next pulled his coat tail, which promptly brought our citizen's mind back to the scene of the service. Judging by the look he gave as he glanced about, sensing the situation, and realizing the singing was over and all were seated, he must have felt like the last rose of summer left "standing" alone. If we have missed any of the details of this amusing incident which you wish to know apply to the United Church treasurer or any of the ushers.

Winter Apples for Sale. C. Barkey Phone 6706.

Councillor Ward, was an exhibitor at Woodbridge fair last week. In poultry and flowers he secured very good results, and was thanked by the directors for a very fine display of Gladioli. Altogether 13 firsts and 9 seconds was the result of his visit.

About forty members of Alworth Chapter, Order of the Eastern Star, were guests of Jubilee Chapter in Stouffville on Tuesday evening. The visitors came to town in one of the large Gray Line busses and were royally entertained. The chapter rooms and banquet tables were beautifully decorated, and drew many favorable comments from the visitors.

Letters are commencing to arrive in Stouffville posted at distance points and carried as far as Toronto by air mail. One of the first, if not the 1st recipients of air mail in Stouffville is Master Jack Pennock who received a big envelope a few days ago with the red, white and blue stripes across the face, indicating the letter had come by aeroplane. It was posted by Miss Lena Sanders at Los Angeles, and with a few transfers from one air ship to another would make a "flying" trip as far as Toronto, thence by rail. Miss Sanders who recently went to Hollywood is said to have fallen in love with California, and is looking forward to a delightful winter there.

The fog on Tuesday evening was as dense as an old time London fog. Motorists had difficulty in getting along at all, and few ventured out. Roy Raymer, son of Peter Raymer of Ringwood, was driving home from Stouffville when a Ford fliver ran into him a mile west of town. The buggy was badly smashed, and the horse ran for home leaving the vehicle turned over on the road. Roy was in company with his sister, and both fortunately escaped serious injury, although Roy received a nasty cut on the nose.

The big transportation bus of the Gray Line, which conveyed a party of Eastern Star ladies from Toronto was piloted back to the city by a small car leading the way at a very slow speed, and the driver of the big bus was able to sight the car immediately in front of him, although he could not see the road.

Mr. and Mrs. W. A. Quantz have returned from Mountain Chutes, Northern Ontario, which is only 10 miles north of New Leskeard. They report exceedingly wet weather in that district. The relatives with whom they were staying live within a short distance of the Montreal river, and the water during the spring freshets and through the whole summer season was said to be higher than it has been in forty years. The farmers have been unable to harvest their crops and in the clay belt practically all of their grain is uncut and standing in mud and water. The ground is so full of moisture that the rain lies on the surface, making it impossible to cut even by hand. Some of the farmers are looking forward to the long chance of getting some of it after the ground is frozen hard enough to bear, and then it might be snowed under. One farmer in the neighborhood has ninety acres of hay rotting in the coil and there are thousands of acres in that state, although some of it was secured before the latter rains set in. It is a discouraging outlook and it will be a difficult matter for them to bring their stock through the long winter and heavy snows that they usually have up there.

SALE REGISTER

SATURDAY, OCT. 20th—At Lot 4, Con. 4, Whitchurch, farm stock and implements including new Fordson tractor, belonging to Ell Mairs who is giving up farming. Sale at one. F. W. Silversides, auctioneer.

Keep Your Hens Everlastingly on their Job

Put them on the Ful-O-Pep Egg Mash ration. Do it today. Make them steady producers—eager to lay. Get more eggs, bigger eggs, more profits.

Ful-O-Pep Egg Mash contains Cod Liver Meal, which forces the other ingredients to work directly and more efficiently on the egg-producing organs. Nothing like the Cod Liver Meal to get the most out of feeds. Ful-O-Pep Egg Mash has the correct amount of mineral, and laying hens need lots of mineral for egg shells as well as their own nutrition. The base of all Ful-O-Pep feeds is high quality oatmeal—not just ground oats.

Keep Ful-O-Pep Egg Mash before your birds all the time. Cold weather and short daylight won't cut down production, because Cod Liver Meal supplies the element of sunshine. Old hens and new layers both become steady, vigorous profit-makers. Ful-O-Pep Egg Mash gets you lots of strong-shelled eggs, all through the season when prices are highest. Keeps birds everlastingly on their jobs.

PAUL BOADWAY, Manager

CLAREMONT

The funeral of the late Mrs. William Mundell, who passed away on Sunday following an illness of months, took place at Claremont last week. Deceased was in her 68th year, and was formerly Mary Porter daughter of the late Robert Porter M. P. for Huron, being born at Pickering, Ont. and coming to Snelgrove at the time of her marriage. She removed several years ago to Claremont.

Surviving her are her husband, one son, John Graham Mundell, and two daughters, Mrs. Ben Kilpatrick and Miss Grace Mundell, all of Claremont. Of her own family there survive five brothers, William, Floss Township; Andrew, Goderich, Walter and George, Ardley, Alta.; John,

Snelgrove, and two sisters, Mrs. Will Hunter, Floss and Mrs. (Rev.) Ferguson Kincaid. During her residence at Snelgrove, Mrs. Mundell was an active member of Mount Pleasant, Presbyterian, and afterwards United Church, and her funeral was held from Claremont United Church, Rev. A. McClelland conducting the services, and six elders of the church acting as pall-bearers.

January 10th, 1928
To attempt the impossible and attain perfection is almost correct in speaking of "Wings". Different people are impressed in various ways but, from a flying viewpoint, I found the first crash and the strutting of the bridge and roads, most realistic. All flying men are heavily indebted to Paramount for this epic of the air. Roy Brown.

The Findlay Stoves

A POWERFUL HEATING PLANT enclosed in a BEAUTIFUL CABINET

Franklin Circulator

Fitting into your home like a piece of fine furniture, Findlay's Franklin Circulator brings cheer and warmth at all times when heat is required throughout the year.

In between the seasons—during Fall's chilly nights—in early Spring—on damp, rainy days—on winter's coldest days, the Franklin does the same work, on a small scale, as a warm air furnace.

Besides radiating heat, the Franklin circulates it, by drawing the cool air off the floor. Thus you have warm, moist, healthful air—in motion—in every part of the room.

And in addition, the ruddy glow of the fire comes through the mica doors in front, shedding a radiance that invites and attracts. The Franklin always has a cheery smile on the coldest days. Investigate the Franklin at our store.

For the Kitchen there is nothing to equal the Findlay Tortoise Cook as illustrated in this advertisement.
