The thanks of the whole church to be given to those friends of humanity who kindly place a lamp in the window or a lantern on the veranda to light church goers on their way and help them reach their homes in safety. With the narrow sidewalks and the danger there is from entanglement with burs, etc., it is almost unsafe to walk down street at night.

There was a loud time at the baseball diamond on Saturday. The rivals teams were the east against the west. The seven innings were quite interesting, proving a victory for the Easterners by 16-12. McCarty, O'Brien and Rae for the east, and Harry and Art. Sanders for the west did the battery work, and Marshall Raymond and Fred Miller were umpires. As this makes one game each for the rivals, is suggested that a third game be played to a finish with someone to maintain order, and thus settle the championship.

TWO MINUTES SILENCE

Lieutenant-Governor of Ontario, W. D. Ross, has received the following message from the secretary of state. "His majesty has approved arrangements for the observance in this country of Armistice Day, 11th of November, on the same line as in previous years. As the day falls on Sunday, the several ecclesiastical authorities have been asked to arrange that services will begin at such hours as may be convenient, in order to ensure that there shall be everywhere a pause in service at 11 a.m. when silence shall be observed in every place of worship."

W.D. REESOR WAS A NATIVE OF MARKHAM

Mr. George W. Reesor received a wire from Medicine Hat, Alta., on Saturday announcing the death of a cousin, William D. Reesor, who passed away at the hospital there on Friday. The deceased was well known in Markham a quarter of a century ago as a progressive dairy farmer, and breeder of Jersey cattle, residing on lot 21, con. 9. He was for years a director and a past president of the East York Agricultural Society. Some twenty years ago he left to take up ranching in Southern Alberta. He was born and raised in Markham, the only son of the late Senator David Reesor. He is survived by a widow and four sons—all residing in the west also two sisters, Mrs. Jessie Holmes of Montreal and Miss Annette Reesor of Hamilton.

The HIGH COST OF HOSPITAL TREATMENT

Possibly there is no subject having a more direct bearing upon the interests of the general public, one which sooner or later touches the home life at every fireside, than that of the ever-increasing, until now almost prohibitive, cost of hospital treatment, and it is with no little pleasure we notice that Rev. Canon Cody of Toronto has championed a movement on behalf of the average citizen with a view to secure more favorable treatment for private patients by the hospitals throughout the land. In an address before the Ontario Hospital Association he attacked and deplored the practice of taxing paying patients in a hospital for the maintenance of non-paying inmates. Patients in private rooms, said he, were charged far beyond the cost of the service they received. The profit went to defraying the cost of non-paying patients. The charge of looking after these indigent patients should be on the public generally and not inflicted on private patients in the days of their severest trial. He suggested that the great need of hospitals in this day was to build so that private rooms could be provided at a reasonable cost. He had known of men who had been financially crippled for life by the fancy prices, ranging from \$30 to \$100 a room and \$70 a week for day and night nurses. In this connection the St. Marys Journal-Argus cites a case where before her death a young man's wife who had spent the last two years of her life as a private patient in the hospital, while her husband filled his position with the firm with which he was employed, cost him the enormous sum of \$8,000.

Canon Cody proposes that a plan for group nursing be studied in hospitals to relieve the enormous financial drain that private nursing means to the ordinary citizen. He also brands as no less than "a national danger," the cost of maternity today. He hopes that every hospital building afresh will make provision for moderate-priced private rooms. This ideal is being kept in view in the new wing of the Toronto General Hospital under construction.

Nervousness Vanishes. Health is Restored

"I cannot say enough in praise of Nerveine. I was so nervous I could not sleep. Before I had taken Nerveine long, I could sleep well and am feeling a lot better."—Mrs. Cash M. Watson, Undine, Victoria Co., New Brunswick.

The wracking misery of sleepless nights and restless days—of constantly jumpy nerves—was Mrs. Watson's until Dr. Miles' Nerveine corrected the fault — DISORDERED NERVES.

Disordered nerves are dangerous. Dr. Miles' Nerveine soothes, refreshes, restores them to normal. It was developed by a prominent nerve specialist to reach the basic cause of such troubles as depression, restlessness, especially helpful to women during trying times of pain.
