

**LOCAL HAPPENINGS**

The Tribune gives you what you are most interested in—the home news.

**COMING**—Dr. F. E. Luke, Optometrist, 187 Yonge St., Toronto, may be consulted about your eyes for glasses at J. Boadway's Drug Store, Stouffville, Thursday, Nov. 29th.

Come and see if you can be suited for Christmas presents at Porter's Ice Cream Parlor on Saturday, Nov. 24th. Everything new and dainty. Nothing left over from last year. Commencing 2.30 o'clock and open in the evening.

The Sixth Line Baptist Church will celebrate its 80th anniversary on Sunday next. A former pastor Rev. Mr. Miller, now of Parry Sound, will preach both morning and evening. Special music at both services by the Sunderland choir at night and by a Seminary quartette in the morning. You are invited.

The young son of Mr. and Mrs. Richard Rodanz of near Goodwood, met with a painful accident on Saturday last when the bullet from a 22 rifle entered his right hand. Fortunately it only lodged in the flesh, and after the lad was rushed to the doctor, the bullet was quickly located and removed. The boy was handling the rifle, and was unaware of it being loaded.

The local Board of Health have supplied the town school with cards which the children have taken home to get signed by the parents who wish to have their children immunized against diphtheria. These cards should be returned promptly to the school, and if enough are signed, a clinic will be arranged for. No child will be inoculated unless under authority of the parents through the signature on the card.

The Royal Winter Fair opens today at Toronto.

A plea to all clergymen to refrain from smoking in public as an example to children was voiced by the Ontario W.C.T.U.

Every branch of farm work, farm machinery, stock, etc., has an expert writer in the Family Herald and Weekly Star, the recognized first writer in Canada.

A new law recently enacted requires beekeepers to register the bees. What next! If there is any thing left now to register or tax we don't know of it, unless it is corns and bunions.

Announcements of concerts, entertainments, Christmas trees, or special functions where an admission fee is taken are charged for at 10c. per cent lines, if inserted in these columns.

Stouffville is fortunate to have two of the most outstanding and strongest banking institutions in Canada located here, namely the Bank of Nova Scotia and the Canadian Bank of Commerce.

The anniversary services of the Bloomington Christian Church will be held on Sunday, Nov. 25th. Rev. F. L. Meadows of Newmarket will preach the 11 o'clock service and the pastor the seven o'clock service. A Toronto soloist will be present at both services.

On Friday last week Mr. and Mrs. Robt. Curtis moved to their new home in Stouffville which Mr. Curtis and his son built this summer just north of the United Church on Church street. During the summer they have lived in one of Mr. Fred Winn's houses near town, and prior to that they spent 42 years on the farm, so that they are now due for a long and well deserved rest.

The good old chicken pie suppers seems to have faded out in this section pretty much, and but for the enterprise of Ballantrae Ladies' Aid might be blotted from the map entirely. This year and last the ladies up there provided a splendid supper which drew large throngs from all over the countryside. Let's have more of these social events, which are the envy of our city cousins.

Careful estimates have been kept at the experimental farm at Kapuskasing of the actual cost of feeding a work horse for one year. An animal doing fairly heavy work every day was found to cost \$156.65. This provided 19 pounds of hay and 15 pounds of grain per day. How many farmers estimate that it cost them an average of 86c. per day to maintain a 2-horse team?

Last Thursday's Stouffville market: Chickens 25c., hens 20c. eggs 60c. dozen and butter 40c. pound.

Mrs. Ira Burkholder has returned home from St. Michael's Hospital, after undergoing an operation for appendicitis.

Mr. James A. Muston was in Montreal last week attending the big annual flower show which was opened by Ford Willingdon.

We overheard one of the farmers saying the other day that nothing tickled his wife so much as one of the goslings making a big goose of itself.

The Stouffville grain market is said to be the quietest this fall it has been for many years. Alike of which there was a fair acreage locally was pretty much a failure.

The Tribune is special agent for all Toronto daily papers, and subscribers can have their renewals attended to through by this office at a saving of expense and inconvenience.

Bring your hubby or a friend and have a chat and a cup of tea, also cake, sandwich or what you would wish. We hope you will be there. Everyone welcome—children, too. Porter's Ice Cream Parlor, Nov. 24th Presbyterian Bazaar.

Every editor an expert. The departments of the Family Herald and Weekly Star, Montreal, are all headed by men of practical experience and nation-wide fame—that's why it's first in public esteem. The subscription price is only \$1.00 a year or three years for \$2.00.

The new Newmarket high school raised from the ashes of the old building which was completely burned last March, was opened on Wednesday—as yet, only part of the building will be used, but it is expected that the whole will be finished before the school opens after the Christmas holidays.

Mr. H. A. Sanders, in company with Mr. R. B. Cowan of the Toronto Star Advertising Dept. motored to Ithica, N.Y., last week end and witnessed a football match which was attended by 40,000 persons. Ithica is 260 miles from Toronto so that our Stouffville lawyer probably held the record for long distance attendance at the game.

In the generation of the old pioneers their sons went to school barefooted and shoes were only worn in the frosty weather. Stone bruises were the worst calamity that happened to the lads of those days. Now all is changed both in town and country. It has become quite the style to go bareheaded. If the mental domes of the boys of to-day become as hard as the boys' feet of sixty years ago it will be as well for this coddled generation.

The eleven deer hunters, who went north for the hunting season returned home last week with their full quota of deer meat, and with no accidents to report in the local camp. Wm. Armstrong was successful in landing the biggest buck brought down by our party, it weighing 225 pounds. Delbert Holden shot one weighing 170 pounds. The camp was located near Ardbeg to which point there is a train service.

The annual turnip contest conducted by Stiver Bros. is creating the usual interest among the farmers. Levi Burkholder holds the record for the largest turnip brought in thus far, it being 24 pounds. Edw. Logan produced three which made a bushel, but it is the individual turnip which counts in this contest. The farmer who brings in the largest turnip from seed sold by Stiver Bros. will receive a half barrel of flour free.

In all the main sections of the Royal Winter Fair to be held in Toronto November 21-29—the live stock show—the horse show—the poultry show—the fox show—the dog show—the quality and number of exhibits will prove a revelation of the amazing variety of production in Canadian agriculture. In addition to these sections, which provide the backbone of the Fair and have won it international reputation as the foremost pure-bred show in North America, there will be a number of unusually interesting entertainment features. Frank Hafley, one of the best known trick and fancy riders in America, is bringing to the Royal a troupe of riding champions who will provide some unusual and thrilling entertainment.

Advertising pays, and there are more ways than one to do it. If the merchants of Stouffville would follow the example of the most successful store keepers in other towns they would not shut their places up like dungeons after six o'clock in the evening. Think what it would mean if every merchant along Main street would light up his window each evening. Why more people would be seen on the streets, and more goods could be advertised for, "window shopping" is enjoyed by the ladies, and the merchants ought to cultivate this desire. The cost for extra current would be almost negligible. This suggestion to Stouffville merchants is not a new one, for away back 2000 years ago, in bible days, similar injunctions were handed out. Do we not read that that men were told to "let your light so shine," etc. and again it says not to hide your light under a bushel.

**AUDITORIUM SPECIAL**

**HOUSE FOR RENT** on Mill Street. Mrs. Dan Burnett, Stouffville.

Stouffville Continuation School Christmas concert commencement exercise will be held in the Auditorium on Thursday, Dec. 20th, 1923, at 8 o'clock p.m.

The Dickson's Hill chopping mill meeting with great success with their newly installed Alfalfa pulverizing machine, and farmers are coming a long distance to try its merits.

Last Christmas pupils of Stouffville school sent \$17 to the hospital for Consumptives at Gravenhurst. Two canvassers will soon call at your door. Your dime will help. Don't turn them away.

If your eyes need attention they need the best. No traveling optometrist can carry with him the necessary scientific instruments to give your eyes a perfect test. An inspection of my scientific electrical equipment will convince you that I am in a position to give the best possible optical service. Earl A. Grubin, R.O., Eyesight Specialist, Phone 2405.

The Graham farm at Claremont, "Cairnbrogue", which was offered for sale under mortgage last week failed to bring a buyer. Auctioneer Silversides succeeded in extracting one or two bids from the small crowd assembled, but these were a long way short of the reserve bid which is reported to be \$15,000. The property contains 70 acres and a valuable brick house, but the barns and stables were burned a year ago.

On Sunday last Mr. and Mrs. Benj. Widdowson who have been living at lot 18, con. 9, Markham, 4 miles south of Stouffville, left for Toronto where they will embark on a motor trip to Los Angeles, Cal. in order to spend the winter with their son there. The Widdowsons will travel by the "Yellow Way" stage coach or motor bus, right from Toronto via Detroit and Chicago. The trip requires five days and covers 2817 miles from Detroit. These big busses are equipped with rubber cushion chairs, large and comfortable to sleep in, and they make three stops daily, affording passengers time for meals provided at finely equipped stations.

Next Monday is nomination day for many towns and villages in Ontario, but in Stouffville we are staying with the old date, which interferes with Christmas and New Year holidays. Enquiry from those municipalities that have adopted the earlier date shows that not one of them would revert to the municipal election being held on New Year's Day. A good plank for next year's council might well be the adoption of the earlier election date. The town of Barrie is one of the newest places to adopt Nov. 26th as nomination day and Dec. 2nd as election day. It is felt in that town that more interest will be taken in the selection of councillors when the election is lifted out of the Christmas rush.

Some of our readers will remember Bert Johnston who was employed on the Standard Bank staff here just prior to the war. As a young Irishman just out from the old land he created a good deal of amusement, but enlisted at the outbreak of war and had not been here since until he arrived in town on Monday to call on old friends. Mr. Johnston has a real truth for those who are fond of "good old Irish whiskey". He declares that when in Dublin he witnessed at a certain brewery the men with a big ladle skimming the rats off the big vats of whiskey. This is common knowledge to the Irish of Dublin who think nothing of such a happening, declaring that the worst the rats can do is to improve the flavor.

The collectors for the Bible Society are on their rounds. The names of those to whom this work is assigned are:

It's not too early to look for Christmas novelties or other gifts. Only four weeks left.

After the Thursday evening practice of the Stouffville Choral Society last week, the members, and other friends enjoyed a luncheon, and a short program. Over 170 were present.

The Willing Helpers of the Presbyterian Church will hold their Annual Bazaar in Porter's Ice Cream Parlor on Saturday, Nov. 24th. Useful and fancy articles for sale as well as home-made candy, bread, rolls and fancy baking, also pressed meat. Afternoon tea will also be served, commencing at 2.30 o'clock and will be open in the evening as well.

Dr. E. S. Barker received a telegram on Monday morning announcing the sudden death of his father, Mr. C. A. Barker at Regina, Sask. The deceased is a former resident here and friends will be shocked to learn of his death. The doctor left for Regina on Monday evening, but expects to return within a week.

Mr. A. W. Swift the local garage-man, was summoned home from the hunting grounds in Northern Ontario owing to the serious illness and subsequent death of his mother Mrs. John Swift. She passed away on Friday, November 16, in her 69th year at the family home in Toronto. This is the first break in the family, she being survived by her husband and eleven children. The funeral took place to Prospect Cemetery, on Monday, Mrs. Swift was born near Cobocook, but had lived in Toronto for 23 years.

NOTICE—It has come to our notice that some of the town boys who were questioned concerning the recent Hallow'en escapade, feel a little injured over the matter. We wish to say that we hold no ill will or suspicion on any of our boys, save the ones who were convicted of the trouble. Things of this nature cannot be "run-down" without accusing some who were not in the least implicated. Stouffville Creamery.

**Franklin Circulator**

Fitting into your home like a piece of fine furniture, Findlay's Franklin Circulator brings cheer and warmth at all times when heat is required throughout the year.

In between the seasons—during Fall's chilly nights—in early Spring—on damp, rainy days—on winter's coldest days, the Franklin does the same work, on a small scale, as a warm air furnace.

Besides radiating heat, the Franklin circulates it, by drawing the cool air off the floor. Thus you have warm, moist, healthful air—in motion—in every part of the room.

And in addition, the ruddy glow of the fire comes through the mica doors in front, shedding a radiance that invites and attracts. The Franklin always has a cheery smile on the coldest days. Investigate the Franklin at our store.

For the Kitchen there is nothing to equal the Findlay Tortoise Cook as illustrated in this advertisement.
