VENO'S LIGHTNING COUGH SYRUP

For children's bronchial and chest ailments—no finer relief than Veno's Lightning Cough Syrup—Children love it.

35¢ & 75¢

Indigestion

What most people call indigestion is usually "excess acid" in the stomach. The food has soured. The instant remedy in an alkali which neutralizes acids. But don't use crude helps. Use what your doctor would advise. The best help is Phillips' Milk of Magnesia. For the 50 years since its invention it has remained standard with physicians. You will find nothing else so quick in its effect, so harmless, so effective.

One tasteless spoonful of water neutralizes many times its volume in acid. The results are immediate, with no bad after-effects. Once you learn this fact you will never deal with excess acid in the crude ways. Go learn now why this method is supreme. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any druggist.

Duce Quits Giving Photo For Twins and Triplets

Rome—Triplets and twins have driven Mussolini into tactfulness.

Hitherto it has been the Duce's custom to send an autographed picture of himself to parents who present Italy with a pair or three of a kind. In one month, however, Rome reported two sets of triplets, while Brescia, Florence and Foggia announced one each. Twins have become so common that no further score is kept of them.

Premier Mussolini ordered a general circular sent to all provinces setting forth that requests for his photograph could no longer be honored.

A STOMACH RESTORER

Good Advice From One Who Had Suffered Much

Discomfort after eating, gas pains in the intestinal tract, pains around the heart, sour rising in the throat called heartburn, are common symptoms of dyspepsia. It is a condition often neglected until it has done permanent harm, yet the treatment is simple. The great contributing cause to this trouble is thin blood. Good blood and plenty of it is required by the stomach to function properly. If the blood is thin the stomach becomes sluggish, food lies undigested, gas forms causing pains, often around the heart. Instead of getting nourishment from the blood the system gets poison. The proper treatment is to enrich the blood, and there is no other medicine can do this as promptly or as effectively as Dr. Williams' Pink Pills. The sole mission of these pills is to make new, rich, red blood, which reaches every organ and nerve in the body, and thus not only banishes indigestion and dyspepsia, but also all other troubles having their origin in weak, watery blood.

THOUSANDS OF MOTHERS USE NO OTHER MEDICINE

Baby's Own Tablets Are the Ideal Remedy for Babies and Young Children

Canadian mothers are noted for the care they give their little ones—the health of the baby is most jealously guarded and the mother is always on the lookout for a remedy which is efficient and at the same time absolutely safe. Thousands of mothers have found such a remedy in Baby's Own Tablets and many of them use nothing else for the ailments of their little ones. Among them is Mrs. Howard King, of Truro, N.S., who says: "I can strongly recommend Baby's Own Tablets to mothers of young children as I know of nothing to equal them for little ones."

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Spying on Limpets

Man's 17-Year-Job

Gale Wrecked Raft Just When Success Seemed Assured

London.—It is revealed in the Journal of the Marine Biological Association just published, that for 17 years scientists have been prying into the private life of the Common Limpet, on the bottom of ships.

Really interesting Common Limpets were marked with files and decorated with anti-fouling paint. In one case this was done on a wharf. The other limpet world was observed on a wooden raft. Just when the scientists were hoping to determine the sex of the limpets attached to the raft was destroyed in a gale, with a total loss of all Common Limpets.

"Impossible to Dogmatize" — The watch on wharf limpets, however, is still providing interesting information about the lives of these "individuals," as they are described in the report.

"It is impossible to dogmatize on the age of any limpet to within a few months," but:

In Scottish limpets Russell (loc. cit. 1909) estimates the lengths at one year old as 20 to 25 mm.; at two years, 35 mm.; about 43 mm. in the third, and 45-48 mm. at the end of the fourth year, whereas it has been shown above that at Plymouth a length of 53 mm. was attained at an age certainly not more than two years.

Overcrowding among limpets is appalling. It was soon found that many had attained maturity at the age of only a few months, so that new generations soon began to overlap the earlier ones.

Buckley's for Throat Health

A sip night and morning relieves soreness and hoarseness, and prevents more serious developments. A bottle of Buckley's—40 doses for 75 cents—is an economical guarantee of healthy throats for the whole family. Pleasant to take—Instant in action—positive in relief. All druggists sell it.

W. H. Buckley, Limited—525-145 Mutual St., Toronto 2.

And the Poor Also!

Poverty Only Key to New Club Opened in Slums of London

London—Poverty is the only requirement for membership in the city's newest club. In contradistinction to the famous clubs of Piccadilly and Pall Mall, Kingsley Hall, situated amid the noise and squalor of the streets of Bow in the East End slums, asks for neither inflation fees nor pedigrees.

It has come into being as the result of a long-cherished desire of Miss Murrell Lester, a London welfare worker, to establish a club for poor people where they might find entertainment and opportunity for improvement at nominal cost. So that its members shall not feel exploited or pauperized, she and some of her friends who are interested in her Voluntary Poverty Movement, undertake to lead a life of almost monastic simplicity during their term of service as workers at Kingsley Hall.

In conformity with her belief in voluntary poverty, Miss Lester last year refused a legacy of \$2,000 a year left by her father.

"We felt that it was up to us one day to open a public house for the poor which would not smell of beer—a 'dry' pub whose attraction would be fellowship and frankness," said Miss Lester. "Our members want to read, study, debate, write, play games, practice arts and crafts, act, and sing. Kingsley Hall will give them an opportunity to do these things. It will be an educational as well as a social center."

Use Minard's Liniment for the Fit.

Belgian Heir to Study Rule in Dutch Indies

Brussels—Prince Leopold, heir to the Belgian throne, will shortly visit the Netherlands Indies, to study the economic and social problems of this rich Dutch possession.

He is interested in colonial affairs and dealt with the welfare of colored populations in his first speech in the Belgian Senate. The date of his trip to the Indies has not been fixed, nor has it been decided whether Princess Astrid will accompany him.

Ibanez Monument for France

Menton, France.—A monument to the memory of Blasco Ibanez, the Spanish writer who passed the last six years of his life here, will be erected in the city's public square despite the municipality's refusal to defray the cost. The writer's widow is paying the bill.

A Friend to Women

If Lydia E. Pinkham were alive today she would be one hundred and nine years old. Her descendants continue to manufacture her famous Vegetable Compound and the integrity of four generations is behind the product. In many families today, mothers are teaching their thirteen year old daughters to depend upon the same medicine their grandmothers praised back in 1870.

Wild Hogs Devastate

British Guiana Farms

Bartica, British Guiana—Great droves of wild hogs have been devastating this region, destroying crops and attacking the natives. Joseph Robey fought a band of forty hogs with a shovel and, aided by his two dogs, drove the animals back into the bush. A drove of 500 tried to swim the Essequibo River and, being discovered by the natives, boats were sent out and more than sixty hogs were killed with all sorts of weapons and their carcasses brought ashore.

It May Be Urgent

When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon brings contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.
