THE TOWN SUFFERS

(Fergus News-Record)

Walkerton has had a complete new set of lock-boxes installed in the post office. Instead of being duty grateful, the Walkerton Herald-Times begins to wonder over the justice of box rents:

"Why do farmers and city folk get their mail delivered to their doors free, while citizens of towns and villages are not only obliged to walk after their mail but must pay \$2, \$3 or \$5 for a box, plus 25c for each key, or else grow old standing in line waiting their turn at the wicket?"

The answer is simple enough, of course. In a city, especially a large city, it is impossible for everybody to go to the post office, even if that building could be made large enough to hold all the boxes. In a city, a delivery is a necessity, but it doesn't cost the householders anything extra.

With the farmers, the reason is somewhat different. There used to be a lot of little post-offices scattered over the province and as the farmers in those days didn't get very much mail, it was no great hardship to have the children call in when they came home from school or for the farmer himself to go to the little store. These post offices have disappeared and so have most of the country stores. The government offered a rural route to farmers and some of them were slow enough in accepting even though it doesn't cost them anything after they buy the box to begin with.

It is there that the discrimination seems most apparent. City and country folks are catered to, and it costs them nothing, the Post Office Department footed the bill. The town dweller must go to the post office for his mail and he must also put up hard cash for box rent. It may be impossible to have it otherwise, since boxes can't be provided for everybody free of charge, on account of lack of room, but there is discrimination just the same.

LEMONVILLE

We are sorry to report sickness again in the home of Mr. and Mrs. John Brown. Mr. Brown and Walter have suffered an attack of the flu. We hope they may soon be out again.

We are suffering again from muddy roads, but if this spring weather continues we shall soon see the dust flying.

The Young People held their social night under the direction of Miss Mildred Tarr last Thursday evening and a pleasant time is reported.

The liberal patronage bestowed upon our bread is sure proof that our output is satisfactory. Then folks tell us so as well. We want YOU to try it today, phone us and our rig will call. Buns, Cakes, Brown Bread carried on our wagons.

AMBROSE STOVER

LOCAL SOCIETY URGES CHANGES

Recommends Deep Ditches Filled and Curbing Started

At the last meeting of the municipal council a deputation waited on the members on behalf of the Stouffville Horticultural Society when a petition was presented praying that certain improvements be made in our community this spring and summer, all with the view of making Stouffville more beautiful and a more pleasant place to live in. If the council gives an ear to this proposal and carries out at least a portion of it, they will earn the approval of the majority of ratepayers. The petition as presented by the President J. R. Hodgins reads as follows:

"The Stouffville Horticultural Society in addressing this appeal desires the co-operation of our council in an effort to improve the beauty of our town. The society feels that without your assistance they cannot accomplish the success which they desire to obtain. The society would like to offer the following suggestions which we feel the citizens of Stouffville would greatly approve of—

"Namely—A start made on the curbing of our Main street. The deep ditches now in existence tiled and levelled so that the citizens living opposite these ditches would be enabled to keep the boulevards in good condition.

A systematic way of keeping the grass and weeds cut on our streets. Frequent attention to this matter is desirable.

More lights placed on the Main street. A view being kept to the artisticness. It greatly improves the appearance of the street.

The painting of welcome signs and adjusting of stop signs.

A new railing along sidewalk opposite the Dr. Ira Fred property. Some improvement to Fire Hall in the way of painting tower, window frames, etc. and the placing of a row of colored lights around top of tower. The society will furnish window boxes filled with flowers for the two upper windows facing the north if the council will undertake to keep them watered. This would be required to be done once every second day.

A survey made of the town streets and trees planted where necessary. Dogs kept on leash so as not to destroy flower beds.

PUBLIC HEALTH NURSE IN MARKHAM

During the past several months the Provincial Department of Health has conducted a Public Health Nursing demonstration in the municipalities of Richmond Hill, Markham Village and Markham township. One of the objects of the demonstration is to ascertain the area and population to which one public health nurse can give the maximum of satisfactory service and to show the practicability of an area partly rural and partly urban. The work of this demonstration has been followed closely by parents and others interested in school and public health work. Many favorable comments concerning its effectiveness have been heard and some who at the outset were avowed opponents of a Public Health nurse are now numbered among the most enthusiastic supporters. Many others of course look upon such an undertaking as a bill of expense quite unnecessary. Ultimately an effort will be made to have the two villages and townships pay the salary of the nurse on a yearly basis.

Miss Vrooman public health nurse of the Dept. of Health, has had charge of the work since last November.

STRANGE MUNICIPAL FINANCING

The Board of Education in Simcoe has a surplus of \$20,000. The same town council has an overdraft of \$20,000. This is a case of where the Municipal Act should be changed. A school board can ask for any amount it desires and can refuse to take less, as did the board of education of Simcoe. This method of financing appears foolish to the outsider. Ratepayers in Simcoe would do well to see to it that trustees who act in this manner were left at home when they come up for re-election. Also the council should see that appointed trustees are of the type that will work in harmony with the council. The council has no say in the preparation of the school board's budget, yet are forced to collect the taxes to meet that budget. It doesn't seem just exactly like a business deal.

Miss Mary Daly returned this week from Port Hope where she spent three weeks with her brother the Rev. James Daly.

HIGH SCHOOL TAX INCREASED

According to the figures just compiled by H. E. Beckett and other members of the York County Educational Committee, a considerable increase over last year is shown in the amounts to be paid for secondary education by municipalities in the county which are outside the various High School districts.

The increased tax to be paid by Stouffville this year over last year is \$55. Markham Twp. is increased \$1120, Whitechurch Twp. \$676, while other places may be figured out from the scale below.

This increase is due to the more active interest in educational matters throughout the whole county, coupled with the increased school attendance noted during the past year. One new High School in North York was opened during 1928.

The following figures represent one-half the entire cost incurred by York County pupils from those municipalities outside the various High School areas, the county paying one-half of the total cost and the various municipalities the remainder.

Figures for 1929 are:—
Etobicoke \$15,684.51; North York \$7,804.17; York \$12,049.58; Vaughan \$8,591.02; Markham Twp. \$7,006.20; Scarborough \$3,116.01; Stouffville \$127; Whitechurch \$4,231.31; King \$5,642.61; New Toronto \$6,497.06; Swansea \$2,493.76; Forest Hill \$1,489.27; Georgina \$1,063.23; Gwillimbury East \$3,757.44; West Gwillimbury \$1,479.15; Aurora \$172.96; Holland Landing \$223.52; Sutton \$178.75; Leaside \$38.22; East York \$90.58.

SCHOOL FAIR AS USUAL

In response to the enquiry of the Stouffville School Board regarding likelihood of discontinuing the school fair here, word comes from the Department of Agriculture at Newmarket that such a step is not contemplated, hence the fair is likely to be held next September as usual.

Mr. McPhail, the district representative since the resignation of R. J. Rogers gave up the position on Monday last week, having been appointed Assistant Director of the Ontario Dept. of Agriculture at Toronto. Mr. White has been appointed to the vacancy for York County.

MARK MAYNARD LEAVES A BIG ESTATE

The will of the late Mark Maynard formerly of Unionville, disposes of an estate valued at \$53,875, made up as follows: Fifteen parcels of real estate in Unionville, Markham Twp., Pickering and Innisfel, valued at \$26,000, interests of \$6,457 in the Unionville Elevator Company; \$6,378 in Olympic Oil Company; \$877 in the Markham planing mill; \$12,256 secured by mortgages and \$1,877 in other personal estate. Mrs. Annie Maynard, sole beneficiary, has been granted probate of the will.

A NEW ADVANTAGE FOR CREAMERY PATRONS

The Stouffville Creamery is inaugurating a new advantage in the matter of arranging for farmers to test their cows, milk or cream.

The local company has made in arrangement to procure the Babcock "Success" tester, These simple, light machines are especially adapted for use in farmers' dairies.

The local creamery will sell these at an attractive price of \$8.50 each because they buy in quantity lots, but to their own patrons they will furnish them at a still lower price, \$4.25 each, thus saving the customer half the regular price.

By its aid the dairyman can, with small expense, know just what each cow in his herd is doing in the way of paying for her board. He can detect losses in the skimming of milk with his hand separator. The "Success" tester is a four-bottle tester and comes complete with glassware and full set of directions.

DIXON HILL FAMILY IS BEREAVED

Mrs. Peter Raymer Answered the Great Call.

Following a long and serious illness Mrs. Peter H. Raymer, passed away at the late home near Dixon's Hill, Monday morning of this week, March 18th, in her 61st year. The funeral on Wednesday afternoon was largely attended, and following a short service at the bereaved home the remains were borne to the Dickson's Hill Mennonite Church where divine service was held by Rev. Henry Goudie, retired minister of Markham, assisted by other ministers of the district.

The late Mrs. Raymer was a beautiful christian character, and although not a member of the church, was a devout supporter and believer in the Mennonite faith, attending the church at the Hill. She was born in Markham, her maiden name being Sarah Catharine Dresser, and 37 years ago united in marriage with Peter Raymer who with eight children survive to cherish the memory of a kind and loving wife and mother. The children are Mrs. Ambrose Stover of Stouffville, Mrs. Orville Brillinger of Markham, Misses Viola and Alma at home, and Messrs. Arthur, Elmer, Chester and Roy.

The late Mrs. Raymer spent her entire life in the Township of Markham, and the Rev. Henry Goudie who performed the last sad rites, united the devout couple in marriage 37 years ago.
